Spiritual Technology Of Distance Healing Alexandra Alexander,2014-08-26 How does distance healing work If

you have a concept of how a smart phone works you can understand how distance healing works There is no cord connecting you to the other person but the evidence is there because you are having a conversation on your phone We are connected through the sea of quantum fields around us to others by our Light just like the smart phone My name is a Light signature and the more I connect the name Alexandra to other Light signatures their Light will sync to mine You can access Light signatures of others by speaking the encodement of their name signature We establish many links in the Field with other s Light signatures when we connect verbally as well as by our thoughts Those we live with have the strongest Light connection We have trouble getting over a lost love because of all the strands of Light between us These strands of Light must be released before we can successfully move into the Light field of another partner When technology and spirituality get married they give birth to Miracles Miracles happen in the Field as we distance heal another s Light by allowing the other Light connection to correct We as the healer are there for the healing to take place we are the observer in the quantum field God is the healer Our belief that healing is possible allows the miracle to happen The Divine Nature ,1910 **Cosmic Reawakening** Artimia Arian,2015-11-02 The human body contains hundreds of concentrated energy center sites which are referred to as chakras In Sanskrit chakra signifies wheel The chakras are centers of force situated in the etheric body through which we receive transmit and process life energies The chakras are the network through which the spirit and its 3 vehicles physical emotional and mental bodies interact integrating them all into one complete system Although there are hundreds of chakras in the body there are 7 major energy centers corresponding to distinct aspects of our consciousness Each chakra possesses its own individual characteristics and functions As each chakra has a certain vibration each associated organ gland and color vibrates at a certain frequency too Each chakra has a corresponding relationship to the organs glands colors and food If a gland or organ is not functioning well it hinders the corresponding chakra experience and vice versa **Christian Science. Pamphlets: Causation [by] Frederick Dixon.-The divine nature.-Prayer and healing.-Upward footsteps.-Seeking and finding** ,1911 **When Love Ends and the Ice Cream Carton is Empty** Jackie M. Johnson,2010-05-01 Losing a hope filled dating relationship is a stressful and painful event And when it seems to occur again again and again is ice cream the only refuge for a Christian single As one who has walked this road before author Jackie M Johnson says an emphatic no While most books for singles tell readers how to get the next guy When Love Ends and the Ice Cream Carton is Empty encourages a healthy healing process Practical and biblically based each chapter guides the reader through a metaphorical day of restoration Twilight recognizes and deals with endings night grieves the loss and heals emotional pain dawn awakens hope and day is the new beginning based on the solid assurance of Christ When Love Ends will help heal your heart and help change your life Chapters conclude with discussions questions for individual or group study helpful Bible verses and a prayer The DNA of Healing Margaret Ruby,2006-03-01 Neutralize the negative program the positive Tapping into the current trend of a new view of genetics exemplified in books like The Biology of Belief Margaret
