[Debating in Teaching and Learning English](#) Ben Wilson, 2024-04-18 This book offers the first full length treatment of the topic of debating as a method of developing English Foreign Language EFL speaking inviting scholars and practitioners to reflect on the demands of the current age for moving forward educational practice While debating is a well known method of dialogic speaking and is widely practiced the extent to which it is integrated in adult TEFL has not been established and an understanding of its affordances for developing foreign language speaking is also limited This book fills the gap in the field of TESOL and applied linguistics on the affordances of debating as a form of dialogic speaking that can promote a holistic understanding and improvement of experience of education and indeed academic outcomes The two main themes that situate the work are those of dialogic speaking and affect at times referred to as humanistic positive psychology and social and emotional learning The book details the experiences of an adult EFL debate group in a private language school in the North of Italy It reports how the participants experience the pedagogy so as to offer insights into it as a form of teaching speaking in adult EFL as well as providing a practical framework with lesson plans and curriculum The affordances of debating emerge as being social cognitive educational and communicative and are discussed alongside the work of language teaching scholars Curran and Freire and more broadly within a Social Constructivist approach to education As such debating is discussed as being a holistic and dialogic form of pedagogy Particular attention to

experience often affective is also found to be fundamental in planning and assessing educational outcomes for both teachers and learners **Forum** ,2009 **English Teaching Forum** ,2009 *Proceedings of the 2024 9th International Conference on Modern Management, Education and Social Sciences (MMET 2024)* Chunyi Lin,Fong Peng Chew,Intakhab Alam Khan,Catalin Popescu,2024-12-07 This is an open access book As a leading role in the global megatrend of scientific innovation China has been creating a more and more open environment for scientific innovation increasing the depth and breadth of academic cooperation and building a community of innovation that benefits all Such endeavors are making new contributions to the globalization and creating a community of shared future To adapt to this changing world and China's fast development in the new era 2024 9th International Conference on Modern Management Education and Social Sciences MMET 2024 to be held in September 20 22 2024 This conference takes bringing together global wisdom in scientific innovation to promote high quality development as the theme and focuses on cutting edge research fields including Modern Management and Education Technology MMET 2023 encourages the exchange of information at the forefront of research in different fields connects the most advanced academic resources in China and the world transforms research results into industrial solutions and brings together talent technology and capital to drive development The conference sincerely invites experts scholars business people and other relevant personnel from universities scientific research institutions at home and abroad to attend and exchange **Teaching for Learning** Claire Howell Major,Michael S.
