**Was Mao Really a Monster?** Gregor Benton, Lin Chun, 2013-09-13 Mao: The Unknown Story by Jung Chang and Jon Halliday was published in 2005 to a great fanfare. The book portrays Mao as a monster equal to or worse than Hitler and Stalin and a fool who won

power by native cunning and ruled by terror It received a rapturous welcome from reviewers in the popular press and rocketed to the top of the worldwide bestseller list Few works on China by writers in the West have achieved its impact Reviews by serious China scholars however tended to take a different view Most were sharply critical questioning its authority and the authors methods arguing that Chang and Halliday s book is not a work of balanced scholarship as it purports to be but a highly selective and even polemical study that sets out to demonise Mao This book brings together sixteen reviews of Mao The Unknown Story all by internationally well regarded specialists in modern Chinese history and published in relatively specialised scholarly journals Taken together they demonstrate that Chang and Halliday s portrayal of Mao is in many places woefully inaccurate While agreeing that Mao had many faults and was responsible for some disastrous policies they conclude that a more balanced picture is needed *Mao's Road to Power: Revolutionary Writings, 1912-49: v. 5: Toward the Second United Front, January 1935-July 1937* Zedong Mao, Stuart Schram, 2017-07-28 This projected ten volume edition of Mao Zedong s writings provides abundant documentation in his own words regarding his life and thought It has been compiled from all available Chinese sources including the many new texts that appeared in 1993 Mao s centenary

**Mao's Road to Power: Revolutionary Writings, 1912-49: v. 3: From the Jinggangshan to the Establishment of the Jiangxi Soviets, July 1927-December 1930** Zedong Mao, Nancy J. Hodes, 2018-04-17 This projected ten volume edition of Mao Zedong s writings provides abundant documentation in his own words regarding his life and thought It has been compiled from all available Chinese sources including the many new texts that appeared in 1993 Mao s centenary **Mao and Markets** Christopher Marquis, Kunyuan Qiao, 2022-01-01 A thoroughly researched assessment of how China s economic success continues to be shaped by the communist ideology of Chairman Mao A Financial Times Best Book of 2022 Tied for the 2023 Axiom Gold Medal sponsored by Axiom Business Book Awards It was long assumed that as China embraced open markets and private enterprise its state controlled economy would fall by the wayside that free markets would inevitably lead to a more liberal society Instead China s growth over the past four decades has positioned state capitalism as a durable foil to the orthodoxy of free markets to the confusion of many in the West Christopher Marquis and Kunyuan Qiao argue that China s economic success is based on not in spite of the continuing influence of Communist leader Mao Zedong They illustrate how Mao s ideological principles mass campaigns and socialist institutions have enduringly influenced Chinese entrepreneurs business strategies and the management of their ventures Grounded in case studies and quantitative analyses this book shows that while private enterprise is the engine of China s growth Chinese companies see no contradictions between commercial drive and a dedication to Maoist ideology *Mao* Lee Feigon, 2003-07-24 Mr Feigon argues that the movements for which Mao is almost universally condemned today the Great Leap Forward and especially the Cultural Revolution were in many ways beneficial for the Chinese people While not glossing over Mao s mistakes he contends that the Chinese leader should be largely praised for many of his later efforts In reevaluating Mao s contributions this interpretive study reverses the

curve of criticism Feigon performs a service by reclaiming the historical context of Mao's crazed era. He has written a concise work that forces the reader to recall the circumstances that abetted Mao's reign. *Far Eastern Economic Review* Mao's *Road to Power: Revolutionary Writings, 1912-49: v. 6: New Stage (August 1937-1938)* Zedong Mao, Stuart Schram, 2015-07-17 By 1936 after a decade of Civil War and even before the Xi'an Incident Mao Zedong had begun talking about a New Stage of cooperation between the Guomindang and the Communist Party. With the establishment of a framework for cooperation between the two parties and as Japan began its brutal war against China, Mao began to develop this theme more systematically in both the political and military spheres. This volume documents the evolution of Mao's thinking in this area that found its culmination in his long report to the Sixth Enlarged Plenum of the Central Committee in October 1938 explicitly entitled *On the New Stage* and presented here in its entirety. It was also during this period that Mao delivered a course of lectures on dialectical materialism after reading and annotating a number of works on Marxist theory by Soviet and Chinese authors. These lectures from which *On Practice* and *On Contradiction* were later extracted are also translated here in their entirety. It also incorporates nearly 40 new sources that work to familiarize readers with the key events, personages and themes of modern China. Special attention has been made to incorporate a variety of viewpoints which challenge standard accounts. Non-traditional documents such as movie dialogues are also included which aim to encourage students to reconsider historical events and trends in Chinese history. This volume includes a variety of sources such as maps, posters, film scripts, memorials and political cartoons and advertisements that make this book the perfect introductory aid for students of Chinese history, politics and culture as well as Chinese studies after 1600. **Poets of the Chinese Revolution** Gregor Benton, Feng Chongyi, 2019-07-16 How poetry and revolution meshed in Red China. The Chinese Revolution which fought its way to power seventy years ago was a complex and protracted event in which groups and individuals with different hopes and expectations for the Revolution competed. Although in the end Mao came to rule over the others, its veterans included many poets, four of whom feature in this anthology. All wrote in the classical style but their poetry was no less diverse than their politics. Chen Duxiu led China's early cultural awakening before founding the Communist Party in 1921. Mao led the Party to power in 1949.

Zheng Chaolin Chen Duxiu's disciple and like him a convert to Trotskyism spent thirty four years in jail first under the Nationalists and then under their Maoist nemeses The guerrilla leader Chen Yi wrote flamboyant and descriptive poems in mountain bivouacs or the heat of battle Poetry has played a different role in China and in Chinese Revolution from in the West it is collective and collaborative But in life the four poets in this collection were entangled in opposition and even bitter hostility towards one another Together the four poets illustrate the complicated relationship between Communist revolution and Chinese cultural tradition

**Autocratic Tradition and Chinese Politics** Zhengyuan Fu, 1993 This book examines the Chinese political tradition over the past two thousand years and argues that the enduring and most important feature of this tradition is autocracy The author interprets the communist takeover of 1949 not as a revolution but as a continuation of the imperial tradition The book shows how Mao Zedong revitalised this autocratic tradition along five lines the use of ideology for political control concentration of power in the hands of a few state power over all aspects of life law as a tool wielded by the ruler who is himself above the law and the subjection of the individual to the state Using a statist approach the book argues that in China political action of the state has been the single most important factor in determining socio economic change
