Mapping The Terrain New Genre Public Art:

Mapping the Terrain Suzanne Lacy, 1995 In this wonderfully bold and speculative anthology of writings artists and critics offer a highly persuasive set of argument and pleas for imaginative socially responsible and socially responsive public art Amazon *Public Art* Hilde Hein, 2006-07-27 By considering the museum itself as art rather than as a receptacle this work argues for an improved understanding of the role museums play in shaping public discourse *Art in Public* Lambert Zuidervaat, 2010-11-15 This book examines fundamental questions about funding for the arts why should governments provide funding for the arts What do the arts contribute to daily life Do artists and their publics have a social responsibility Challenging questionable assumptions about the state the arts and a democratic society Lambert Zuidervaat presents a vigorous case for government funding based on crucial contributions the arts make to civil society He argues that the arts contribute to democratic communication and a social economy fostering the critical and creative dialogue that a democratic society needs Informed by the author's experience leading a non profit arts organisation as well as his expertise in the arts humanities and social sciences this book proposes an entirely new conception of the public role of art with wide ranging implications for education politics and cultural policy *Conversation Pieces* Grant H. Kester, 2013-04-15 Grant Kester discusses the disparate network of artists collectives united by a desire to create new forms of understanding through creative dialogue that crosses boundaries of race religion culture **Leaving Art** Suzanne Lacy, 2010-08-24 A collection of thirty texts written by the internationally renowned conceptual and performance artist Suzanne Lacy between 1974 and 2007 *The Practice of Public Art* Cameron Cartiere, Shelly Willis, 2008-05-07 This exciting new collection of essays by practicing artists curators activists art writers administrators city planners and educators offers divergent perspectives on the numerous facets of the public art process The volume also includes a useful graphic timeline of public art history **In Other Los Angeleses** Meiling Cheng, 2002-03-20 Performance art and Los Angeles two subjects spectacularly resistant to definitions illuminate each other in this searching study by Meiling Cheng A marginal artistic pursuit by choice as well as necessity performance art has flourished in and about multicentric Los Angeles for nearly four decades finding its own centers of activity moving and changing as the margins have reconstituted themselves The notion of multicentricity serves somewhat paradoxically as the unifying motif in Cheng's imaginative views of center and periphery self and other and mainstream and marginal cultures She analyzes individual artists and performances in detail bringing her own center gracefully and unmistakably into contact with all those others Without suggesting that her approach is definitive she offers a way of thinking and talking coherently about particularly elusive ephemeral artwork Cheng describes performance art as an intermedia visual art form that uses theatrical elements in presentation Performance art which uses the living body as its central medium occurs only here and only now Because it is intentionally volatile highly adaptable and often site specific with emphasis on audience interaction context is inseparable from the work itself When Cheng writes about Suzanne Lacy or Tim

Miller Johanna Went or Oguri and Renzoku Sacred Naked Nature Girls or osseus labyrinth she is conscious of her role in extending their creative expression As members of the virtual audience readers and viewers of other documentation concerning performance art are arrayed outside the center represented by a given artist and the circle represented by the immediate witnesses to a performance but all may entertain what Cheng calls a conceptual ownership of the work A person who reads about a performance she says may feel more affected by this virtual encounter than a person who has seen it live and may reimagine it as a prosthetic performance Cheng s writing draws us into the many centers where a vibrant contemporary art phenomenon and a fascinating urban environment interact Published in association with the Southern California Studies Center at the University of Southern California **The Artist's Guide to Public Art** Lynn

Museums and Public Art? Cher Krause Knight, Harriet F. Senie, 2018-06-11 While many museums have ignored public art as a distinct arena of art production and display others have either grudgingly or enthusiastically embraced it Some institutions have partnered with public art agencies to expand the scope of special exhibitions other museums have attempted to establish in house public art programs This is the first book to contextualize the collaborations between museums and public art through a range of essays marked by their coherence of topical focus written by leading and emerging scholars and artists Organized into three sections it represents a major contribution to the field of art history in general and to those of public art and museum studies in particular It includes essays by art historians critics curators arts administrators and artists all of whom help to finally codify the largely unwritten history of how museums and public art have and continue to intersect Key questions are both addressed and offered as topics for further discussion Who originates such public art initiatives funds them and most importantly establishes the philosophy behind them Is the efficacy of these initiatives evaluated in the same way as other museum exhibitions and programs Can public art ever be a permanent feature in any museum And finally are the museum and public art ultimately at odds or able to mutually benefit one another
