Rockhill* William Woodville Rockhill, 1971 **Notes on the Ethnology of Tibet** William Woodville Rockhill, 1893 **Notes on Thy Ethnology of Tibet. Based on the Collections in the U. S. National Museum** William Woodville Rockhill, 1895 Tibetan Rituals of Death Margaret Gouin, 2012-09-10 This book describes and analyses the structure and performance of Tibetan Buddhist death rituals and situates that performance within the wider context of Buddhist death practices generally Drawing on a detailed and systematic comparative survey of existing records of Tibetan funerary practices including historical travel accounts anthropological and ethnographic literature Tibetan texts and academic studies it demonstrates that there is no standard form of funeral in Tibetan Buddhism although certain elements are common The structure of the book follows the twin trajectories of benefiting the deceased and protecting survivors in the process it reveals a rich and complex panoply of activities some handled by religious professionals and others by lay persons This information is examined to identify similarities and differences in practices and the degree to which Tibetan Buddhist funeral practices are consistent with the mortuary rituals of other forms of Buddhism A number of elements in these death rites which at first appear to be unique to Tibetan Buddhism may only be Tibetan in their surface characteristics while having roots in practices which pre date the transmission of Buddhism to Tibet Filling a gap in the existing literature on Tibetan Buddhism this book poses research challenges that will engage future scholars in the field of Buddhism Tibetan Buddhism and Anthropology **Religions Of Tibet** Tucci, 2012-11-12 Very little is known in the West about Tibetan Buddhism in comparison with other eastern religions This is partly because the vast literature which it has produced and which illuminates its history is still far from accessible In addition there exists a deep division between monastic Lamaism and religion as it is lived by the people the former is fragmented into many schools while the latter shows numerous regional variations The first comprehensive account of Tibetan Buddhism to be published in English since Waddell s Buddhism of Tibet appeared in 1894 this translation is certain to become the standard reference work on the subject **Sotheran's Price Current of Literature** Henry Sotheran Ltd, 1917 *The Religions of Tibet* Giuseppe Tucci, 1988-08-08 This book provides the historical background and description of Buddhism in Tibet clarifying the uniqueness of Tibetan Buddhism
