Professionalization Of History In English Canada:

The Professionalization of History in English Canada Donald A. Wright, 2015-05-27 The study of history in Canada has a history of its own and its development as an academic discipline is a multifaceted one The Professionalization of History in English Canada charts the transition of the study of history from a leisurely pastime to that of a full blown academic career for university trained scholars from the mid nineteenth to the late twentieth century Donald Wright argues that professionalization was not in fact a benign process nor was it inevitable It was deliberate Within two generations historians saw the creation of a professional association the Canadian Historical Association and rise of an academic journal the Canadian Historical Review Professionalization was also gendered In an effort to raise the status of the profession and protect the academic labour market for men male historians made a concerted effort to exclude women from the academy History's professionalization is best understood as a transition from one way of organizing intellectual life to another What came before professionalization was not necessarily inferior but rather a different perspective of history As well Wright argues convincingly that professionalization inadvertently led to a popular inverse the amateur historian whose work is often more widely received and appreciated by the general public *The Professionalization of History in English Canada to the 1950s*, 1999 *Colonial Relations* Adele Perry, 2015-04-02 A study of the lived history of nineteenth century British imperialism through the lives of one extended family in North America the Caribbean and the United Kingdom The prominent colonial governor James Douglas was born in 1803 in what is now Guyana probably to a free woman of colour and an itinerant Scottish father In the North American fur trade he married Amelia Connolly the daughter of a Cree mother and an Irish Canadian father Adele Perry traces their family and friends over the course of the long nineteenth century using careful archival research to offer an analysis of the imperial world that is at once intimate and critical wide ranging and sharply focused Perry engages feminist scholarship on gender and intimacy critical analyses about colonial archives transnational and postcolonial history and the new imperial history to suggest how this period might be rethought through one powerful family located at the British Empire's margins Donald Creighton Donald A. Wright, 2015-09-15 A member of the same intellectual generation as Harold Innis Northrop Frye and George Grant Donald Creighton 1902-1979 was English Canada's first great historian The author of eleven books including *The Commercial Empire of the St Lawrence* and a two volume biography of John A Macdonald Creighton wrote history as if it had happened he said the day before yesterday And as a public intellectual he advised the prime minister of Canada the premier of Ontario and at least on one occasion the British government Yet he was as Donald Wright shows also profoundly out of step with his times As the nation was reimagined along bilingual and later multicultural lines in the 1960s and 1970s Creighton defended a British definition of Canada at the same time as he began to fear that he would be remembered only as a pessimist a bigot and a violent Tory partisan Through his virtuoso research into Creighton's own voluminous papers Wright paints a sensitive portrait of a brilliant but difficult man

Ultimately Donald Creighton captures the twentieth century transformation of English Canada through the life and times of one of its leading intellectuals

Writing British Columbia History, 1784-1958 Chad Reimer, 2010-07-01 Captain James Cook first made contact with the area now known as British Columbia in 1778 The colonists who followed soon realized they needed a written history both to justify their dispossession of Aboriginal peoples and to formulate an identity for a new settler society Writing British Columbia History shows how Euro Canadian historians took up this task and struggled with the newness of colonial society and overlapping alliances to the British Empire the United States and Canada In explorers accounts promotional literature pioneer histories and academic studies they eased these tensions by defining British Columbia as part of a global British Empire incorporating it into an expanding Anglo Saxon civilization and writing it into the empire of history itself This sweeping study of the role of history writing in colonialism and nation building will appeal to anyone interested in British Columbia history the history of the Pacific Northwest or history writing in Canada

Canadian Foreign Policy Brian Bow, Andrea Lane, 2020-11-01 Canadian Foreign Policy as an academic discipline is in crisis Despite its value CFP is often considered a stale and pale subfield of political science with an unfashionably state centred focus This book asks why Contributors from both inside and around the field investigate how they came to view themselves as participating in CFP as an academic project or not and what that means for both their intellectual trajectory and the development of the field How were they taught to think about Canada How does that affect their interpretation of this country s place in the world And how do they teach the subject themselves The thoughtful essays in this nuanced collection shine a light on issues such as the casualization of academic labour the prospect of Indigenizing the field and the relationship between study and practice More broadly they offer a much needed assessment of the boundaries goals and values of the discipline and an important guide to its revitalization

Thinkers and Dreamers Gerald Friesen, Doug Oram, 2011-01-01 Thinkers and Dreamers honours Carl C Berger professor of Canadian history at the University of Toronto for more than forty years and author of influential works on Canadian intellectual history In this collection Professor Berger s colleagues and former students explore the currents of intellectual life in North America since the mid nineteenth century Broad in scope the essays range in content from a commentary on works in intellectual history to analyses of the development of particular disciplines and distinctive cultural institutions Several of the contributions provide sharp critiques of historical thought including a discussion of professional scholarship and an analysis of the field of intellectual history Others address issues that combine institutional and cultural history such as an examination of Victorian Canada and a discussion of immigration and citizenship These varied reflections aptly convey Berger s contributions to the study of Canadian history

The Construction of Canadian Identity from Abroad Christopher Kirkey, Richard Nimjean, 2022-03-20 Migration and the impact that immigrants have on Canada is and always has been central to a robust understanding of Canadian identity However despite claims that the world needs more Canada Canadians their governments and scholars pay much less attention to the

estimated 3 million Canadian expatriates who live elsewhere The Construction of Canadian Identity from Abroad features Canadian scholars who live and work outside Canada or have recently returned to Canada and who write and think deeply about identity construction What happens when that Canadian is a scholar whose teaching research and scholarship professional development and or community engagement focuses directly on Canada How does being abroad affect how we interpret Canada In short in what ways does externality affect how Canadian expat scholars intellectually approach construct and identify with Canada This engaging volume is ideal for university students scholars government officials and the general public

The Life and Death of Norman McLeod Rogers Barry Cahill, 2022-10-07 Rhodes Scholar Norman McLeod Rogers 1894 1940 was Canada's Minister of National Defence and heir apparent to Prime Minister W L Mackenzie King when he was killed in the mysterious crash of the Royal Canadian Air Force bomber in which he was travelling en route from Ottawa to Toronto to deliver a speech This book presents the story of his brief but brilliant career and his tragic death

The West and Beyond Sarah Carter, Alvin Finkel, Peter Fortna, 2010 The West and Beyond evaluates and appraises the state of Western Canadian history acknowledging and assessing the contributions of historians of the past and present while showcasing the research interests of a new generation of scholars It charts new directions for the future and stimulates further interrogations of our past This collection encourages dialogue among the generations of historians of the West and among practitioners of diverse approaches to the past It also reflects a broad range of disciplinary and professional boundaries suggesting a number of different ways to understand the west

Creating Kashubia Joshua C. Blank, 2016-04-04 In recent years over one million Canadians have claimed Polish heritage a significant population increase since the first group of Poles came from Prussian occupied Poland and settled in Wilno Ontario west of Ottawa in 1858 For over a century descendants from this community thought of themselves as Polish but this began to change in the 1980s due to the work of a descendant priest who emphasized the community's origins in Poland's Kashubia region What resulted was the reinvention of ethnicity concurrent with a similar movement in northern Poland Creating Kashubia chronicles more than one hundred and fifty years of history identity and memory and challenges the historiography of migration and settlement in the region For decades authors from outside Wilno as well as community insiders have written histories without using the other's stores of knowledge Joshua Blank combines primary archival material and oral history with national narratives and a rich secondary literature to reimagine the period He examines the socio political and religious forces in Prussia delves into the world of emigrant recruitment and analyzes the trans Atlantic voyage In doing so Blank challenges old narratives and traces the refashioning of the community's ethnic identity from Polish to Kashubian An illuminating study Creating Kashubia shows how changing identities and the politics of ethnic memory are locally situated yet transnationally influenced

The Oxford History of Historical Writing Stuart Macintyre, Juan Miguashca, Attila Pók, 2011-10-27 Volume 4 of The Oxford History of Historical Writing offers essays by leading scholars on the writing of history globally from 1800 to 1945 Divided into four parts it first

covers the rise consolidation and crisis of European historical thought and the professionalization and institutionalization of history The chapters in Part II analyze how historical scholarship connected to various European national traditions Part III considers the historical writing of Europe s Offspring the United States Canada South Africa Australia New Zealand Mexico Brazil and Spanish South America The concluding part is devoted to histories of non European cultural traditions China Japan India South East Asia Turkey the Arab world and Sub Saharan Africa This is the fourth of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world This volume aims at once to provide an authoritative survey of the field and especially to provoke cross cultural comparisons **John**

Wyclif Sean A. Otto,2021-04-13 John Wyclif has been a controversial figure since his own time often dividing opinion between devoted followers and intransigent opponents In the fifteenth and sixteenth centuries there was already a developing mythos about him and he was variously used as a symbol of heretical depravity or of valorous defense of the gospel The Reformation calcified opinions and the two subsequent centuries did not see much development The nineteenth century marked the beginning of important changes in scholarly opinion with confessional approaches weakening and giving way to greater objectivity This trend was strengthened by the emergence of a professional class of historians around the turn of the twentieth century but the established confessional biases were not quickly done away with until the postwar period Today confessional mythmaking is gone and the goal is no longer to show why one particular branch of Christianity is correct but to present as accurate a picture as possible of the past As the concerns of the twentieth century give way to those of the twenty first it is encouraging that there are still new things to be learned about the past new ways of seeing and engaging even with figures so well studied as Wyclif **Canadians and Their Pasts** Margaret Conrad,Kadriye Ercikan,Gerald

Friesen,Jocelyn Létourneau,Delphin Muise,David Northrup,Peter Seixas,2013-01-01 What role does history play in contemporary society Has the frenetic pace of today s world led people to lose contact with the past A high profile team of researchers from across Canada sought to answer these questions by launching an ambitious investigation into how Canadians engage with history in their everyday lives The results of their survey form the basis of this eye opening book Canadians and Their Pasts reports on the findings of interviews with 3 419 Canadians from a variety of cultural and linguistic communities Along with yielding rich qualitative data the surveys generated revealing quantitative data that allows for comparisons based on gender ethnicity migration histories region age income and educational background The book also brings Canada into international conversation with similar studies undertaken earlier in the United States Australia and Europe Canadians and Their Pasts confirms that for most Canadians the past is not dead Rather it reveals that our histories continue to shape the present in many powerful ways **Becoming 150** Mark S. Bonham,2018-03-01 Becoming 150 150 Years of Canadian Business History presents informative insight into the development of Canada s economy and business sectors since Confederation 150 Years of Canadian Business History was a national conference presented in conjunction with

Canada's Sesquicentennial This book is a must read for business people students and entrepreneurs and is composed of 18 essays written by business people academics and recent graduate students outlining the history of Canadian businesses in 8 different topics Subjects covered include the financial sector women in Canadian business history industrial and manufacturing rural business history and more

A Global History of History Daniel Woolf, 2011-02-17 An illustrated survey of global historical scholarship from the ancient world to the present for courses in theory and historiography

Recasting History Monica MacDonald, 2019-06-15 Since 1952 CBC television has played a unique role as the primary mass media purveyor of Canadian history Yet until now there have been no comprehensive accounts of Canadian history on television Monica MacDonald takes us behind the scenes of the major documentaries and docudramas broadcast on the CBC including *Explorations* 1956-64 and the series *Images of Canada* 1972-76 *The National Dream* 1974 *The Valour and the Horror* 1992 and *Canada A People's History* 2000-02 Drawing on a wide range of sources MacDonald explores how producers struggled to represent the Canadian past under a range of external and internal pressures Despite dramatic shifts in the writing of history over this period she determines that television themes and interpretations largely remained the same The greater change was in the production and presentation particularly in the role of professional historians as journalists emerged not only as the new producers of Canadian history on CBC television but also as the new content authorities A critique of public history through the lens of political economy *Recasting History* reveals the conflicts compromises and controversies that have shaped the CBC version of the Canadian past

What Is Public History Globally? Paul Ashton, Alex Trapeznik, 2019-01-10 Across the globe history has gone public With the rise of the internet family historians are now delving into archives continents apart Activists look into and recreate the past to promote social justice or environmental causes Dark and difficult pasts are confronted at sites of commemoration Artists draw on memory and the past to study the human condition and make meaning in the present As a result of this democratisation of history public history movements have now risen to prominence This groundbreaking edited collection takes a comprehensive look at public history throughout the world Divided into three sections Background Definitions and Issues Approaches and Methods and Sites of Public History it contextualises public history in eleven different countries explores the main research skills and methods of the discipline and illustrates public history research with a variety of global case studies *What is Public History Globally* provides an in depth examination of the ways in which ordinary people become active participants in historical processes and it will be an invaluable resource for advance undergraduates and postgraduates studying public history museology and heritage studies

Clio's Lives Doug Munro, John G. Reid, 2017-10-09 Including contributions from leading scholars in the field from both Australia and North America this collection explores diverse approaches to writing the lives of historians and ways of assessing the importance of doing so Beginning with the writing of autobiographies by historians the volume then turns to biographical studies both of historians whose writings were in some sense nation defining and those who may be regarded as

having had a major influence on defining the discipline of history The final section explores elements of collective biography linking these to the formation of historical networks A concluding essay by Barbara Caine offers a critical appraisal of the study of historians biographies and autobiographies to date and maps out likely new directions for future work Clio s Lives is a very good scholarly collection that advances the study of autobiography and biography within the writing of history itself taking theoretical questions in significant new directions The contributors are well known and highly respected in the history profession and write with an insight and intellectual energy that will ensure the book has considerable impact They examine cutting edge issues about the writing of history at the personal level through autobiography and biography in diverse and innovative ways Together the writers have provided reflective chapters that will be widely read for their impressive theoretical advances as well as being inspirational for new entrants to the disciplinary area Patricia Grimshaw University of Melbourne Clio s Lives brings together a most interesting and varied cast of contributors Its chapters contain sophisticated and well penned ruminations on the uses of biography and autobiography among historians These are clearly connected with the general themes of the volume This delightfully mixed bag makes very good reading and as well will serve as a substantial contribution to the study of the biography and autobiography Eric Richards Flinders University Canada and the British Empire Phillip Alfred Buckner, 2008 Canada and the British Empire traces the history of Canada within the wider context of British imperialism Exploring themes such as migration gender imperial law and aboriginal experiences it sheds new light on the creation of Canada and the country s critical role in the evolution of the Empire
