

REVOLT OF THE SAINTS

MEMORY AND REDEMPTION IN THE TWILIGHT OF
BRAZILIAN RACIAL DEMOCRACY | JOHN F. COLLINS

Revolt Of The Saints

Robert H. Jackson

Revolt Of The Saints:

Revolt of the Saints Ernest Sommer, 1944 **Revolt of the Saints** John F. Collins, 2015-06-08 In 1985 the Pelourinho neighborhood in Salvador Brazil was designated as a UNESCO World Heritage Site Over the next decades over 4 000 residents who failed to meet the state's definition of proper Afro-Brazilianness were expelled to make way for hotels boutiques NGOs and other attractions In *Revolt of the Saints* John F. Collins explores the contested removal of the inhabitants of Brazil's first capital and best known site for Afro-Brazilian history arguing that the neighborhood's most recent reconstruction begun in 1992 and supposedly intended to celebrate the Pelourinho's working class citizens and their culture revolves around gendered and racialized forms of making Brazil modern He situates this focus on national origins and the commodification of residents' most intimate practices within a longer history of government and elite attempts to improve the citizenry's racial stock even as these efforts take new form today In this novel analysis of the overlaps of race space and history Collins thus draws on state citizen negotiations of everyday life to detail how residents respond to the attempt to market Afro-Brazilian culture and reimagine the nation's foundations both illuminate and contribute to recent shifts in Brazil's racial politics

Revolt of the Saints Ernst Sommer, 1946 **Revolt of the Saints** Lilie Strongin, Boris S. Holmstock, 1966 The Revolt of the Saints John F. Collins, 2003 Revolt of The Saints Ernst Sommer, 2014-06-01

Arguably the earliest literary depiction of the Holocaust begun 19 days before the Warsaw Ghetto uprising Based on the latest intelligence from central Europe smuggled out to the Jewish World Congress and the Czech and Polish Governments in Exile in London A moral debate on the dilemma to suffer or resist The Making of Brazil's Black Mecca Scott Ickes, Bernd Reiter, 2018-10-01 One of the few interdisciplinary volumes on Bahia available *The Making of Brazil's Black Mecca* Bahia Reconsidered contains contributions covering a wide chronological and topical range by scholars whose work has made important contributions to the field of Bahian studies over the last two decades The authors interrogate and problematize the idea of Bahia as a Black Mecca or a haven where Brazilians of African descent can embrace their cultural and spiritual African heritage without fear of discrimination In the first section leading historians create a century-long historical narrative of the emergence of these discourses their limitations and their inability to effect meaningful structural change The chapters by social scientists in the second section present critical reflections and insights some provocative on deficiencies and problematic biases built into current research paradigms on blackness in Bahia As a whole the text provides a series of insights into the ways that inequality has been structured in Bahia since the final days of slavery

The Cult of St Thomas Becket in the Plantagenet World, c.1170-c.1220 Paul Webster (Medievalist), Marie-Pierre Gelin, 2016 The extraordinary growth and development of the cult of St Thomas Becket is investigated here with a particular focus on its material culture Thomas Becket the archbishop of Canterbury cut down in his own cathedral just after Christmas 1170 stands amongst the most renowned royal ministers churchmen and saints of the Middle Ages He inspired the work of medieval writers and artists and remains a compelling subject for historians today Yet many of the political religious and cultural repercussions of his murder and subsequent canonisation remain to be explored in detail This book examines the development of the cult and the impact of the legacy of Saint Thomas within the Plantagenet orbit of the late twelfth and early thirteenth centuries the Empire assembled by King Henry II defended by his son King Richard the Lionheart and lost by King John Traditional textual and archival sources such as miracle collections charters and royal and papal letters are used in conjunction with the material culture inspired by the cult to emphasise the wide ranging impact of the murder and of the cult's emergence in the century following the martyrdom From the archiepiscopal church at Canterbury to writers and religious houses across the Plantagenet lands to the courts of Henry II his children and the bishops of the Angevin world individuals and communities adapted and responded to one of the most extraordinary religious phenomena of the age Dr Paul Webster is currently Lecturer in Medieval History and Project Manager of the Exploring the Past adult learners progression pathway at Cardiff University Dr Marie Pierre Gelin is a Teaching Fellow in the History Department at University College London

Contributors Colette Bowie Elma Brenner Jos Manuel Cerda Anne J Duggan Marie Pierre Gelin Alyce A Jordan Michael Staunton Paul Webster Jungle of Snakes James R. Arnold, 2010-07-06 A former CIA director presents a history of modern warfare that evaluates how the post cold war era has been fraught by such challenges as terrorism insurgency and guerilla tactics in an account that also discusses America's struggles for civilian support and the nation's failure to learn from past mistakes throughout the occupation of Iraq Reprint Padre Pio Sergio Luzzatto, 2010-11-23 The first historical appraisal of the astonishing life and times of a controversial twentieth century saint Padre Pio is one of the world's most beloved holy figures more popular in Italy than the Virgin Mary and even Jesus His tomb is the most visited Catholic shrine anywhere drawing more devotees than Lourdes His miraculous feats included the ability to fly and to be present in two places at once an apparition of Padre Pio in midair prevented Allied warplanes from dropping bombs on his hometown Most notable of all were his stigmata which provoke heated controversy to this day Were they truly God given A psychosomatic response to extreme devotion Or perhaps the self inflicted wounds of a charlatan Now acclaimed historian Sergio Luzzatto offers a pioneering investigation of this remarkable man and his followers Neither a worshipful hagiography nor a sensationalist expos Padre Pio is a nuanced examination of the persistence of mysticism in contemporary society and a striking analysis of

the links between Catholicism and twentieth century politics Granted unprecedented access to the Vatican archives Luzzatto has also unearthed a letter from Padre Pio himself in which the monk asks for a secret delivery of carbolic acid a discovery which helps explain why two successive popes regarded Padre Pio as a fraud until pressure from Pio worshipping pilgrims forced the Vatican to change its views A profoundly original tale of wounds and wonder salvation and swindle Padre Pio explores what it really means to be a saint in our time The Lutheran Quarterly ,1886 **Propaganda and the Tudor State** John P. D. Cooper,2003 This book offers a fresh understanding of the substance behind the rhetoric of English Renaissance monarchy Propaganda is identified as a key factor in the intensification of the English state The Tudor royal image is pursued in all its forms in print and prayer in iconography and architecture The monarchy surrounded itself with the trappings of majesty at court but in the shires it relied on different strategies of persuasion to uphold its authority The Reformation placed the provincial pulpit at the disposal of the crown and the church became the main conduit of royal propaganda Sermons taught the duty of obedience and parish prayer was redirected from local saints towards the sovereign as the symbolic core of the nation Dr Cooper examines the relationship between the Tudor monarchy and its subjects in Cornwall and Devon and the complex interaction between local and national political culture These were years of social and religious upheaval during which the western peninsula witnessed three major rebellions and many more riots and affrays A vibrant popular religion was devastated by the Protestant Reformation and foreign invasion was a frequent threat Cornwall remained recognizably different from England in its ancient language and traditions Yet in the midst of all this popular allegiance to monarchy and nation survived and prospered The Tudors were mourned and celebrated in towns and parish churches Loyalty was fostered by the Duchy of Cornwall and the stannaries Regional difference far from undermining the power of the crown was fundamental to its success in the westcountry This is a study of government at the dangerous edges of Tudor England and a testament to the unifying power of propaganda **My Country and My People 5** ,

Evangelization and Cultural Conflict in Colonial Mexico Robert H. Jackson,2014-05-02 In a study published in the mid twentieth century French historian Robert Ricard postulated that the evangelization and conversion of the native populations of Mexico had been rapid and relatively easy However different forms of evidence show that the so called spiritual conquest was anything but easy or rapid and in fact natives continued to practice their traditional beliefs alongside Catholicism Within several decades of initiating the so called spiritual conquest the campaign to evangelize and convert the native populations the missionaries faced growing evidence of idolatry or the persistence of traditional religious practices and apostasy straying from Church teachings The evidence includes written documents such as inquisition investigations that resulted for example in the execution of don Carlos the native ruler of Tezcoco on December 1 1539 or that uncovered evidence of systematic organized resistance to Dominican missionaries in the Sierra Mixteca of Oaxaca Other forms of evidence include pre Hispanic religious iconography incorporated into what ostensibly were Christian murals and pre Hispanic stones embedded

in the churches and convents the missionaries had built One example of this was the stone with the face of Tl loc at the rear of the Franciscan church Santiago Tlatelolco in Distrito Federal During the course of some three centuries missionaries from different Catholic religious orders attempted to convert the native populations of colonial Mexico with mixed results Native groups throughout colonial Mexico resisted the imposition of the new religion in overt and covert forms and incorporated Catholicism into their worldview on their own terms Native cultural and religious traditions were more flexible than the Iberian Catholic norms introduced by the missionaries The so called spiritual conquest a term coined by Ricard evolved as a cultural war set against the backdrop of the imposition of a foreign colonial regime The 11 essays in this volume examine the efforts to evangelize the native populations of Mexico the approaches taken by the missionaries and native responses The contributions investigate the interplay between natives and missionaries in central Mexico and on the southern and northern frontiers of New Spain and among sedentary and non sedentary natives In the end many natives found little in the new faith to attract them and resisted the imposition of new religious norms and way of life
