Walking Scotland's Lost Railways Robin Howie,John McGregor,2020-04-20 Scotland still has hundreds of miles of dismantled railways the term used by Ordnance Survey and the track beds give scope for many walks Some track beds have been saved as Tarmacadam walkway cycleway routes while others have become well trodden local walks The remainder range from good to overgrown to well nigh impassable in walking quality This book provides a handy guide to trackbed walks with detailed information and maps It is enhanced by numerous black and white old railway photographs recalling those past days and by coloured photographs that reflect the post Beeching changes The integral hand crafted maps

identify the old railway lines and the sites of stations most of which are now unrecognisable The Railway Age is summarised and describes the change from 18th century wagon ways and horse traction to the arrival of steam locomotives c 1830 The fierce rivalry that then ensued between the many competing companies as railway development proceeded at a faster pace is recounted Although walkers may be unaware of the tangled history of the development of the railway system during the Victorian era many will have heard of or experienced the drastic 1960s cuts of the Beeching axe However in more recent times Scotland has experienced a railway revival principally in the Greater Glasgow area but with new stations and station re openings elsewhere The long awaited 30 mile Borders Railway from Edinburgh to Tweedbank the longest domestic railway to be built in Britain for more than a century is something on a very different scale Early passenger numbers have exceeded expectations and towns served by the line have seen significant economic benefits Many railway enthusiasts cling to the hope that more lines will be reinstated Meanwhile those walks offer a fascinating and varied selection of routes that can fill an afternoon a day or a long weekend an ideal opportunity to get walking
