Scouting on Two Continents (Illustrated) Frederick Russell Burnham, 2018-02-20 Frederick Burnham Russell was one of the greatest military scouts to have ever lived Born on a Dakota Sioux reservation he was taught the ways of the Native Americans from as soon as he could walk At the tender age of fourteen having had little formal education he was supporting himself and learning from some of the last cowboys and frontiersmen of the Old West These lessons would pay dividend in his later life first as a tracker for the United States Army in the Apache Wars and later as a scout for the British Army in the Matabele Wars in Southern Africa Frederick Burnham Russell was a remarkable figure who revolutionized the art of scouting

in both the British and United States armies Indeed his influence would lead his friend Robert Baden Powell to begin the international Scouting Movement In Scouting on Two Continents Burnham records the details of his brilliant life in fascinating detail and provides insight into the life of an unique adventurer in the late nineteenth and early twentieth centuries Burnham in real life is more interesting than any of my heroes of romance Rider Haggard Burnham is a most delightful companion amusing interesting and most instructive Having seen service against the Red Indians he brings quite a new experience to bear on the Scouting work here And while he talks away there s not a thing escapes his quick roving eye whether it is on the horizon or at his feet Robert Baden Powell Frederick Burnham Russell has been described as the Father of Scouting He fought in the Pleasant Valley War Apache Wars the First and Second Matabele Wars as well as the Second Boer War His book Scouting on Two Continents was first published in 1926 He passed away in 1947 *Scouting on Two Continents* Frederick Burnham, 2021-08-05 If you like Scouting on Two Continents you ll love Burnham s second Autobiography Taking Chances also brought back into print by The Kangaroo Feather Publishing Co Frederick Russell Burnham was an American frontier scout and world traveling adventurer known for his service to the British Army in colonial Africa and for teaching woodcraft to Robert Baden Powell thus becoming one of the inspirations for the founding of the international Scouting Movement Burnham had only a little formal education attending high school but never graduating He began his career at 14 in the American Southwest as a scout and tracker for the U S Army in the Apache Wars and Cheyenne Wars Sensing the Old West was getting too tame Burnham travelled to Africa in 1893 where his background proved useful Burnham distinguished himself in several battles in Rhodesia and South Africa and became Chief of Scouts of the British Army for Lord Roberts during the Boer War Despite his U S citizenship his military title was British and his rank of major was formally given to him by King Edward VII In special recognition of Burnham s heroism the King invested him into the Companions of the Distinguished Service Order DSO giving Burnham the highest military honors earned by any American in the Second Boer War During this time Burnham became friends with Baden Powell and passed on to him both his outdoor skills and his spirit for what would later become known as Scouting Burnham eventually moved on to become involved in espionage oil conservation writing and business His descendants are still active in the Scout Movement **Rhodes and Rhodesia** Arthur Keppel-Jones, 1983 This volume deals with the conquest and colonization of Zimbabwe and the establishment of Southern Rhodesia from the beginnings of British involvement in Bechuanaland to the death of Cecil Rhodes Its emphasis is on the white invaders and its chief concern is white individuals their motives actions and influence on events The British South Africa Company and the irregularity of its financial and political operations are dealt with in detail Keppel Jones also discusses the development in the midst of the indigenous population of an alien white society and state from their crude beginnings to their emergence in a form still recognizable today The reader is led to conclude that by 1902 Southern Rhodesia was already set on the road that would lead to the upheavals of the second half of the twentieth century The author

examines the racial consciousness and prejudice of the white society and addresses an important question why did the imperial government grant a royal charter to the BSA Company The facts show conclusively that the imperial government had little interest in Central Africa or care for its fate except when foreign competition appeared Keppel Jones also reveals the important role played by black troops employed by the Company in suppressing the rebellions of 1896 7 For opposite reasons neither blacks nor whites have been willing to recognize this on the other hand the habit of the men on the spot of making and carrying out decisions without regard to their superiors in London is a commonplace of imperial history One of the main themes of the book is the tension between the unofficial imperialists straining at the leash and the Colonial Office struggling to hold them back Rhodes and Rhodesia is based on extensive use of public records mainly in the Public Record Office London and the National Archives of Zimbabwe of collections of private papers and of contemporary published works Arthur Keppel Jones is professor emeritus of history at Queen s University *Scouting on Two Continents* Frederick Russell Burnham, 2004 Sons of the Empire Robert Macdonald, 2011-11-01 In *Sons of the Empire* Robert MacDonald explores popular ideas and myths in Edwardian Britain their use by Baden Powell and their influence on the Boy Scout movement In particular he analyses the model of masculinity provided by the imperial frontier the view that life in younger far flung parts of the empire was stronger less degenerate than in Britain The stereotypical adventurer the frontiersman provided an alternative ethic to British society The best known example of it at the time was Baden Powell himself a war scout the Hero of Mafeking in the South African war and one of the first cult heroes to be created by the modern media When Baden Powell founded the Boy Scouts in 1908 he used both the power of the frontier myth and his own legend as a hero to galvanize the movement The glamour of war scouting was hard to resist its adventures a seductive invitation to the first recruits But Baden Powell had a serious educational program in mind Boy Scouts were to be trained in good citizenship MacDonald documents his study with a wide range of contemporary sources from newspapers to military memoirs Exploring the genesis of an imperial institution through its own texts he brings new insight into the Edwardian age **Frontiers in the Gilded Age** Andrew Offenburger, 2019-06-25 The surprising connections between the American frontier and empire in southern Africa and the people who participated in both This book begins in an era when romantic notions of American frontiering overlapped with Gilded Age extractive capitalism In the late nineteenth century the U S Mexican borderlands constituted one stop of many where Americans chased capitalist dreams beyond the United States Crisscrossing the American West southern Africa and northern Mexico Andrew Offenburger examines how these frontier spaces could glitter with grandiose visions expose the flawed and immoral strategies of profiteers and yet reveal the capacity for resistance and resilience that indigenous people summoned when threatened Linking together a series of stories about Boer exiles who settled in Mexico a global network of protestant missionaries and adventurers involved in the parallel displacements of indigenous peoples in Rhodesia and the Yaqui Indians in Mexico Offenburger situates the borderlands of the Mexican North and the American

Southwest within a global system bound by common actors who interpreted their lives through a shared frontier ideology
