Scripture And Social Action A Guide To Understanding The Social Witness Of The Church:

Guide to New Church's Teaching Series Linda Grenz, 2000-01-25 A Guide to The New Church's Teaching Series by educator Linda L Grenz offers practical suggestions for using the books of the series in the diocese or congregation. A complete reference for clergy and lay leaders, teachers and small group facilitators, the guide provides a brief overview of each book and contains suggestions for additional activities to enhance learning. It surveys a wide variety of church groups and formats for using the series from adult forums and Bible study groups to retreats and vestry meetings and recommends volumes of the series that would be most helpful in each context. Finally, the guide offers specific guidelines for recruiting teaching and leading small groups in a chapter describing how to create and maintain a learning environment for adults.

International Journal of Religious Education, 1929 **Decision Making and the Bible** H. Edward Everding, Dana W. Wilbanks, 1975 **The Presbyterian Pendulum** Mark J. Englund-Krieger, 2010-02-01 The Presbyterian Pendulum is a study in mainline Protestant social ethics with a focus on the Presbyterian Church USA. This book is written for the church with the hope that it will provide theological foundation and spiritual encouragement for our efforts to find unity despite the diversity of convictions and perspectives in our midst. This is a historical study of the significant social and political issues to which the church responded throughout the twentieth century. With a foundation in solid historical research, this book offers the compelling thesis that the Presbyterian Church is at its best when the wild diversity of worldviews, theological perspectives and convictions are encouraged. Even more, the book offers the spiritually rich thesis that it is in this wild diversity, not despite of it, that the providence of God is seen and known. What is unique and compelling about this study is the guiding metaphor of the pendulum swinging. The vast difference of opinion in the church around social issues has historically always been true, is necessary today, and itself points to a deeper truth about God's sustaining providence. The church must discern and hold onto that deeper truth. We must let the pendulum swing. It is my hope that this book will be an encouragement for the church even as we continue to be mired in deep conflict.

Essays on Faith, Liturgy and Social Justice Stephen Hand, 2002-06-19 Traditional Catholic Reflections is a collection of timely essays by the editor of the popular Catholic E-Zine TCRNews.com. In this collection, Stephen Hand takes a critical look at the prevailing trends and movements in theology and culture today, from Neo-Modernism to Secularism to Integrism. Whether the subject is liturgy, the culture of life vs. a culture of death, or social justice, Hand shows how it is the Church's proclamation alone that can heal our deepest wounds and rescue us from the hopelessness that imbues so much of the thought of our time.

Communities of Restoration Thomas Noakes-Duncan, 2017-10-19 By bringing together the insights of ecclesial ethics an approach that emphasizes the distinctive nature of the church as the community that forms its mind and character after its reading of Scripture with the theory and practice of restorative justice a way of conceiving justice making that emerged from the Mennonite Anabaptist tradition this book shows why a theological account of the theory and practice of restorative justice is fruitful for articulating and clarifying the witness of the church especially when faced with conflict or wrongdoing This can help extend the church's imagination as to how it might better become God's community of restoration as it reflects on the ways in which the justice of God is taking shape in its own community How does an ecclesial context shape the theological apprehension and praxis of justice This question orientates the book In particular it asks how in view of its

members having been admitted into God's restoring justice in Christ the church might embody in the world this same justice of restoring right relationships While Christian reflection on the nature of justice has tended to favour a judicial and retributive conception of justice it will be argued that the biblical understanding of the justice of God is best understood as a saving liberating and restorative justice It is this restorative conception that ought to guide the community that reads Scripture so that it might be embodied in life
