Magic And Magicians:

History of Magic and Magicians Hardin J. Burlingame, 2001 **History of Magic and Magicians** Hardin J. Burlingame, 1895 **The Encyclopedia of Magic and Magicians** T. A. Waters, 1988 Identifies top magicians tricks and illusions and explains terms describing performance techniques magic equipment and types of magic **Magic and Magicians in the Greco-Roman World** Matthew W Dickie, Matthew W. Dickie, 2003-09-02 This study is the first to assemble the evidence for the existence of sorcerors in the ancient world it also addresses the question of their identity and social origins The resulting investigation takes us to the underside of Greek and Roman society into a world of wandering holy men and women conjurors and wonder workers and into the lives of prostitutes procuresses charioteers and theatrical performers This fascinating reconstruction of the careers of witches and sorcerors allows us to see into previously inaccessible areas of Greco Roman life Compelling for both its detail and clarity and with an extraordinarily revealing breadth of evidence employed it will be an essential resource for anyone studying ancient magic *The Secret History of Magic* Peter Lamont, Jim Steinmeyer, 2018-07-17 Pull back the curtain on the real history of magic and discover why magic really matters If you read a standard history of magic you learn that it begins in ancient Egypt with the resurrection of a goose in front of the Pharaoh You discover how magicians were tortured and killed during the age of witchcraft You are told how conjuring tricks were used to quell rebellious colonial natives The history of magic is full of such stories which turn out not to be true Behind the smoke and mirrors however lies the real story of magic It is a history of people from humble roots who made and lost fortunes and who deceived kings and queens In order to survive they concealed many secrets yet they revealed some and they stole others They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but which desperately needs a sense of wonder *Magic and Magicians in the Middle Ages and the Early Modern Time* Albrecht Classen, 2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion

of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large *Magic and Magicians* Michael Burgess,1991 Discusses past and present manifestations of magic both the supernatural kind and the magic illusions created as a form of entertainment *Here Is Real Magic* Nate Staniforth,2018-01-16 An extraordinary memoir about finding wonder in everyday life from magician Nate Staniforth Nate Staniforth has spent most of his life and all of his professional career trying to understand wonder what it is where to find it and how to share it with others He became a magician because he learned at a young age that magic tricks don t have to be frivolous Magic doesn t have to be about sequins and smoke machines rather it can create a moment of genuine astonishment But after years on the road as a professional magician crisscrossing the country and performing four or five nights a week every week Nate was disillusioned burned out and ready to quit Instead he went to India in search of magic *Here Is Real Magic* follows Nate Staniforth s evolution from an obsessed young magician to a broken wanderer and back again It tells the story of his rediscovery of astonishment and the importance of wonder in everyday life during his trip to the slums of India where he infiltrated a three thousand year old clan of street magicians *Here Is Real Magic* is a call to all of us to welcome awe back into our lives to marvel in the everyday and to seek magic all around us **Magic and Magicians** Mike Burgess,1991-09-01 Discusses past and present manifestations of magic both the supernatural kind and the magic illusions created as a form of entertainment
