**Mysticism & Everyday Life in Contemporary Java** Niels Mulder, 1983      **From Majapahit and Sukuh to Megawati Sukarnoputri** Victor M. Fic, 2003 The Central Thesis Of This Book Maintains That The Need To Preserve Pluralism In Indonesia And The High Price Paid By Its People Anytime Pluralism Had Been Trampled Upon In The Past Are The Two Essential Aspects Of Their Historical Experience This Thesis Is Particularly Relevant For The People Of Indonesia Today As They Are Grappling With The Problems Of National Unity And Transition To A Modern Pluralistic Democracy Two Parts Of

This Book Articulate This Thesis Part I Explains The Origin Of The Hindu Buddhist Dualism During The Srivijaya And Sailendra Periods In The VIII IX Centuries Ad The Process Of Javanization Then Extended This Dualism By Incorporating Into The New Synthesis The Indigenous Ancestral And The Rsi Cults During The Majapahit Period Particularly Under King Wuruk's Rule From 1350 To 1389 This New Pluralism Was Further Extended By Absorbing Elements Of The Kalang Palang Culture And The Bhima Cult Culminating In The Grand Synthesis Of The Core Values Of The Hindu Javanese Culture As Expressed By The Iconography Of Candi Sukuh Erected In 1437 Two Factors Are Identified As Contributing To The Decline And Then Demise Of Majapahit In 1527 First Attempts By China To Build Its Own System Of Dependencies In Southeast Asia By Detaching From Majapahit Its Overseas Territories And Then Its Intervention In The Dynastic Rivalries In Java During The Paregreg Civil War From 1400 To 1406 Second The Penetration Of Islam From The Coastal Areas Of Majapahit Into Its Heartland And The Gradual Establishment Of Its Hegemony Over The Core Values Of The Hindu Javanese Civilization Part II Of The Book Explores The Interaction Of Islam With The Deeply Rooted Substratum Of The Hindu Javanese Values And Then The Absorption Of Islam Into A New Synthesis And A Higher Form Of Pluralism Forged During The Long Process Of The Islamization Of Java And The Javanization Of Islam This New Pluralism Was Further Enriched By Incorporating Various Strands Of Christianity During The Colonial Period In Its Final Form This Pluralism Provided The Social Cohesion And The National Ethos And Consciousness Which Propelled Indonesia Towards Its Statehood And Independence In 1945 Leading To The Establishment Of A Secular State To Accommodate The Imperatives Of This Higher Pluralism Under The State Doctrine Of The Pancasila The Book Then Surveys The Post Independence Period To Show How This Pluralism Fared Under The Successive Regimes Of Sukarno Suharto Habibie Abdurrahman Wahid And How It Fares Under Megawati Sukarnoputri Today The Survey Concludes On A Sobering Note That Most Of The Problems Experienced By These Regimes Had Their Roots In The Violation Of The Pluralistic Nature Of The Indonesian Society In This Context There Is Little Doubt That The Continued Attempts Of Some Islamic Groups Mostly Incited From Abroad To Wage A Jihad For The Replacement Of The Existing Secular State By An Islamic One Would Plunge The Country Into A Civil War Of The Paregreg Type These Attempts Might Not Succeed Given The Military's Staunch Commitment To The Pancasila And The Secular State However The Cost Of Thwarting Them Would Be Very High

productive and stress free      **Prince in a Republic** John Monfries, 2016-05-13 Hamengku Buwono IX the late Sultan of Yogyakarta Special Province is revered by Indonesians as one of the great founders of the modern Indonesian state He leaves a positive but in some ways ambiguous legacy in political terms His most conspicuous achievement was the survival of hereditary Yogyakarta kingship and he provided rare stability and continuity in Indonesia's highly fractured modern history Under the New Order Hamengku Buwono also helped to launch the Indonesian economy on a much stronger growth path Although remembered as the epitome of a political decencye he faded from power and influence as Vice President in the 1970s and the repressive and anti democratic features of Suharto's New Order seemed to contradict much of what Hamengku Buwono originally stood for This biography seeks to explain his political standpoint motivations and achievements and set his career in the context of his times      **Meditation and Culture** Halvor Eifring, 2015-09-24 Behind the stereotype of a solitary meditator closing his eyes to the world meditation always takes place in close interaction with the surrounding culture Meditation and Culture The Interplay of Practice and Context explores cases in which the relation between meditative practice and cultural context is particularly complex The internationally renowned contributors discuss practices that travel from one culture to another or are surrounded by competing cultures They explore cultures that bring together competing practices or that are themselves mosaics of elements of different origins They seek to answer the question What is the relationship between meditation and culture The effects of meditation may arise from its symbolic value within larger webs of cultural meaning as in the contextual view that still dominates cultural and religious studies They may also be psychobiological responses to the practice itself the cultural context merely acting as a catalyst for processes originating in the body and mind of the practitioner Meditation and Culture gives no single definitive explanation but taken together the different viewpoints presented point to the complexity of the relationship      A Blue Sea of Blood Donald M. Kehn, 2009-01-15 On the morning of March 1 1942 the WWI era destroyer USS Edsall under orders to deliver some forty Army Air Force fighter crews to the beleaguered island of Java split off from the USS Whipple and the tanker Pecos and was never seen again by Allied forces Despite the later discovery of bodies identified as Edsall crew members near a remote airfield on the coast of Celebes what happened to the ship remains a matter of mystery and perhaps deliberate obfuscation This book explores the many puzzling facets of the Edsall's disappearance in order to finally tell the full story of the fate of the vessel and her crew Based on exhaustive research of the historical record including newly deciphered Japanese documents and previously unrevealed material from the crew's family members A Blue Sea of Blood offers a painstaking reconstruction of the ship's history The book investigates not only the Edsall's mysterious final action but also her wide ranging pre war career and the curious uses to which her story was put generally under false pretenses first by the pre war US Navy and then by the Japanese wartime propaganda machine And finally military historian Donald Kehn considers the circumstances surrounding the curious obscurity of the Edsall's heroic service and final battle in American histories

Redressing six decades of official indifference Kehn's account recovers a significant chapter missing from the history of World War II and tells a long overdue story of courage and tragic loss *Troubled Pleasures* E. M. Beekman, 1996 This is the first comprehensive examination of Dutch colonial literature in English From the journals and travelogues produced by the early mariners to the fictional recollections of repatriated colonials after the Second World War E M Beekman's unique and magisterial survey of this major colonial literature places literary figures within specific epochs provides biographical portraits and examines works in relation not only to their own genres but also to the literatures and cultures beyond their colonial borders Written by the leading authority in the field this fascinating and wide ranging study is enhanced by a consideration of the general political history of European expansion and of the Dutch East Indies Wong Pinter: The Roles and Significance of Javanese Shaman Agustinus Sutiono, 2020-10-26 Exploring the phenomenon of socio religio magico reality in Java called wong pinter this study is a pioneering academic work based on a first hand data By interviewing 108 practitioners within the framework of anthropological and ethnographical approaches and putting the discussions in the context of shamanism study this work is also a unique inquiry on Javanese culture conducted by a native Wong Pinter delineates significant connectivity between Javanese shamanism and Asian or Southeast Asian shamanism It also describes various aspect of shamanism practices in Java and assesses the sustainability and challenges of this phenomenon vis a vis the suppression of religious and political establishment Above all this book is an outstanding report valuable to those who are interested to delve into the core of Javanese culture and to the deliberation of social science in general Culture and Conservation Jeffrey A. McNeely, David C. Pitt, 1985 Literature of Java Theodore G. TH. Pigeaud, 2013-06-29 The third concluding volume of Literature of Java contains Addenda and a General Index preceded by Illustrations Facsimiles of Manuscripts Maps and some Minor Notes additions which may be of U se to students of Javanese literature The older catalogues of collections of Indonesian manuscripts Javanese Malay Sundanese Madurese Balinese which were written in Dutch did not offer such additional aids to interested readers One of the reasons was that the authors Vreede Brandes van Ronkel Juynboll Berg presupposed a certain knowledge of the Indones ian peoples their countries and their culture with Dutch students As often as not the latter or their families had lived for many years in Java and they were destined when they had completed their studies in The Netherlands to pass one or more decades of their active life in the tropics in the service of Government the Christian Missions or the Bible Society The Archipelago was their second home country Some familiarity with things Indonesian was found in several circles of society in The Netherlands before the second world war and information though not always scholarly and exact was supplied by quite a number of books and periodicals For this reason it was thought superfluoU s to encumber specialistic books like catalogues of manuscripts with maps and general information which could be found easily elsewhere for instance in the Dutch Encyclopaedie van Nederlandsch Indie As circumstances have changed it is **War Magic** Douglas Farrer, 2016-09-01 This compelling volume explores how war magic and warrior

religion unleash the power of the gods demons ghosts and the dead Documenting war magic and warrior religion as they are performed in diverse cultures and across historical time periods this volume foregrounds embodiment practice and performance in anthropological approaches to magic sorcery shamanism and religion The authors go beyond what magic represents to consider what magic does From Chinese exorcists Javanese spirit siblings and black magic in Sumatra to Tamil Tiger suicide bombers Chamorro spiritual re enchantment tantric Buddhist war magic and Yanomami dark shamans religion and magic are re evaluated not just from the practitioner s perspective but through the victim s lived experience These original investigations reveal a nuanced approach to understanding social action innovation and the revitalization of tradition in colonial and post colonial societies undergoing rapid social transformation
