a trace somewhere off the coast of South Carolina For more than a century the fate of the Hunley remained one of the great unsolved mysteries of the Civil War Then on August 8 2000 with thousands of spectators crowding Charleston Harbor the Hunley was raised from the bottom of the sea and towed ashore Now award winning journalists Brian Hicks and Schuyler Kropf offer new insights into the Hunley s final hours and recount the amazing true story of its rescue The brainchild of wealthy New Orleans planter and lawyer Horace Lawson Hunley the Hunley inspired tremendous hopes of breaking the Union s naval blockade of Charleston only to drown two crews on disastrous test runs But on the night of February 17 1864 the Hunley finally made good on its promise Under the command of the heroic Lieutenant George E Dixon the sub rammed a spar torpedo into the Union sloop Housatonic and sank the ship within minutes accomplishing a feat of stealth technology that would not be repeated for half a century And then shortly after its stunning success the Hunley vanished This book is an extraordinary true story peopled with a fascinating cast of characters including Horace Hunley himself the Union officers and crew who went down with the Housatonic P T Barnum who offered 100 000 for its recovery and novelist Clive Cussler who spearheaded the mission that finally succeeded in finding the Hunley The drama of salvaging the sub is only the prelude to a page turning account of how scientists unsealed this archaeological treasure chest and discovered the inner workings of a submarine more technologically advanced than anyone expected as well as numerous priceless artifacts Hicks and Kropf have crafted a spellbinding adventure story that spans over a century of American history Dramatically told filled with historical details and contemporary color illustrated with breathtaking original photographs Raising the Hunley is one of the most fascinating Civil War books to appear in years

Documents of American Indian Diplomacy Vine Deloria, Raymond J. DeMallie, 1999 Reproduced in this two volume set are hundreds of treaties and agreements made by Indian nations with among others the Continental Congress England Spain and other foreign countries the ephemeral Republic of Texas and the Confederate States railroad companies seeking rights of way across Indian land and other Indian nations Many were made with the United States but either remained unratified by Congress or were rejected by the Indians themselves after the Senate amended them unacceptably Many others are agreements made after the official but hardly de facto end of U S treaty making in 1871 With the help of chapter introductions that concisely set each type of treaty in its historical and political context these documents effectively trace the evolution of American Indian diplomacy in the United States
