and the news media Whether he is pushing new educational standards in America health reforms in India global vaccine policy during the pandemic or Western industrialized agriculture throughout Africa Gates's heady social experimentation has shown itself to be not only undemocratic but also ineffective In many places Bill Gates is hurting the very people he intends to help No less than dark money campaign contributions or big business political lobbying Bill Gates's philanthropic empire needs to be seen as a problem of money in politics It is a dangerous model of unconstrained power that threatens democracy and demands our attention
