History of Ancient Peoples Joel Dorman Steele, Esther Baker Steele,1881 **Historical Dictionary of the People's Republic of China** Lawrence R. Sullivan,2007-05-23 When the Chinese Communist Party CCP seized power in October 1949 China was one of the poorest nations in the world In fact it was so weak it had been conquered by Japan a country one tenth its size a decade earlier Now more than fifty years later the People s Republic of China PRC is an emerging economic political and military superpower with the world s fastest growing economy and largest population 1.3 billion in 2005 A member of the United Nations Security Council since the early 1970s and a nuclear power China wields enormous influence in the world community The second edition of the Historical Dictionary of the People s Republic of China contains more than 400 cross referenced dictionary entries on individual topics spanning China s political economic and social system along with short biographies on important figures_ from politicians to writers and movie directors_ who have shaped Chinese history during the period of Communist rule from 1949 to 2006 Supplementing the entries are a chronology an introduction charts outlining the structure of the Chinese government and a bibliography of works in English making this a superb resource for college and high school students needing a quick reference on contemporary China **Background Information on the**

officially prohibited under Mao's rule 1949-1976. However, the book interrogates potent tensions in clandestinely created surrealist artworks by Zhao Shou and Sha Qi who discovered the movement while studying abroad. Furthermore, Walden explores how several European Surrealists aligned Chinese calligraphy with automatism as well as Michel Leiris and Marcel Mariën's travels to Maoist China and their diametrically opposed visions of the nation. Amidst post-socialism, the book posits that the 85 New Wave consciously employed Surrealism to process the traumatic Cultural Revolution 1966-1976 and react to newfound societal freedoms. Subsequently, the volume considers why a new artistic tendency of surrealist pop emerged in the 1990s. At present, Lauren Walden reveals how Surrealism has become officialised and even promoted by Chinese authorities owing to revolutionary resonances between traditional Chinese art and the western avant-garde. The book will be of interest to scholars working in art history, Chinese studies and Surrealism. **The Statesman's Year-Book 1987-88** J.
