Austin,2018-06-14 The late nineteenth century saw a re examination of artistic creativity in response to questions surrounding the relation between human beings and automata These questions arose from findings in the new psychology physiological research that diminished the primacy of mind and viewed human action as neurological and systemic Concentrating on British and continental culture from 1870 to 1911 this unique study explores ways in which the idea of automatism helped shape ballet art photography literature and professional writing Drawing on documents including novels and travel essays Linda M Austin finds a link between efforts to establish standards of artistic practice and challenges to the idea of human exceptionalism Austin presents each artistic discipline as an example of the same process creation that should be intended but involving actions that evade mental control This study considers how late nineteenth century literature and arts tackled the scientific question Are we automata **Ford F-Series Trucks: 1948-Present** Jimmy Dinsmore,James Halderman,2023-02-17 Learn about the entire history of America s best selling vehicle the Ford F Series truck When Henry Ford first started manufacturing Model Ts more than 100 years ago he didn t really have any sort of

pickup or truck configuration in mind However enterprising people and businesses were modifying those early chassis for commercial use and it didn't take long for Ford to figure out that there was a demand for a truck application of the Model T Soon Ford was making its own configurations for commercial use first through third party body companies and eventually by Ford itself with the Model TT From these humble beginnings Ford stumbled onto the basis for one of the most popular vehicles ever built the Ford F Series pickup truck In Ford F Series Trucks 1948 Present authors Jimmy Dinsmore and James Halderman thoroughly dissect the history of Ford F Series pickup trucks as seen from a technical viewpoint Fully covered are all the options chassis specifications running changes and the evolution of these trucks as they transformed from postwar utilitarian vehicles to the best selling luxury family cruisers seen today Not only are Ford trucks the best selling trucks they are the best selling vehicle of any category cars included This book will thrill truck aficionados and Ford historians alike as it covers the first F Series models 1948 1952 the ever popular second generation F Series models 1953 1956 the popular Bumpside 1967 1972 and all the way through the remarkable technology of what is now the 14th generation of the F Series

Touching Photographs Margaret Olin, 2012-05-21 Photography does more than simply represent the world It acts in the world connecting people to form relationships and shaping relationships to create communities In this beautiful book Margaret Olin explores photography's ability to touch us through a series of essays that shed new light on photography's role in the world Olin investigates the publication of photographs in mass media and literature the hanging of exhibitions the posting of photocopied photographs of lost loved ones in public spaces and the intense photographic activity of tourists at their destinations She moves from intimate relationships between viewers and photographs to interactions around larger communities analyzing how photography affects the way people handle cataclysmic events like 9 11 Along the way she shows us James VanDerZee's Harlem funeral portraits dusts off Roland Barthes's family album takes us into Walker Evans and James Agee's photo text Let Us Now Praise Famous Men and logs onto online photo albums With over one hundred illustrations Touching Photographs is an insightful contribution to the theory of photography visual studies and art history
