Amerasian Homecoming Act Sabrina Thomas investigates why policymakers deemed a population unfit for American citizenship despite the fact that they had American fathers Thomas argues that the exclusion of citizenship was a component of bigger issues confronting the Nixon Ford Carter and Reagan administrations international relationships in a Cold War era America's defeat in the Vietnam War and a history in the United States of racially restrictive immigration and citizenship policies against mixed race persons and people of Asian descent Now more politically relevant than ever Scars of War explores ideas of race nation and gender in the aftermath of the Vietnam War Thomas exposes the contradictory approach of policymakers unable to reconcile Amerasian biracialism with the U S Code As they created an inclusionary discourse deeming Amerasians worthy of American action guidance and humanitarian aid federal policymakers simultaneously initiated exclusionary policies that designated these people unfit for American citizenship *Comics Values 2004* Alex Malloy,2004 Listings and prices for more than 93 000 Golden Age through modern comics and images of 1 000 comic book covers a first choice of comic book collectors seeking a user friendly reference *There Was Another Country* W. Forje,2021-08-11 In this comprehensive well reasoned critical richly documented and boldly argued account on the Anglophone Southern Cameroons Ambazonia crisis John Forje a foremost scholar of identity politics in Cameroon offers insightful explorations and explanations of histories and cultures of telling truth to power that have come to be associated with the people of the English speaking region of Cameroon The book offers realistic perspectives for the reinstitution of justice equality and democratic governance in a country of plenty but lavishing in endemic underdevelopment Forje argues among other things that the current Anglophone crisis is the exhibition of one reality that more than half a century after independence and unification most Cameroonians are grossly disillusioned with their leaders The country has had only two presidents since independence Ahmadou Ahidjo and Paul Biya with the latter occupying the presidency for 40 years since 1982 and counting If something concrete is not undertaken now the cleavages of division would widen to a dangerous end Dark clouds hang over the future of the country Uncertainty about national unity and stability is hardly a solid foundation for a country aspiring to be an emerging polity by 2035 There is an urgent need for a broader dimension of political dispensation in Cameroon The book calls for proper soul searching critical analysis and a new comprehensive and visionary mindset to build a new country out of the ashes of the existing crumbling or failed polity The need to re rail Cameroon on the democratic train and on the path of sustainable development cannot be overemphasized **Comics Values Annual 2007** Alex Malloy,2007-03-30 Cross referenced listings aid in easily identifying and accurately assessing collections **The Gay Male Sleuth in Print and Film** Drewey Wayne Gunn,2013 This new edition of *The Gay Male Sleuth in Print and Film* provides an overview of milestones in the development of gay detectives over the last several decades Also included in this volume is an annotated list of novels short stories plays graphic novels comic strips film *2004 Comic Book Checklist and Price Guide* Maggie Thompson,Brent Frankenhoff,Peter Bickford,John Jackson Miller,2003 Lists prices for more than 75 000 publishers from

1961 to the present *Comic Book Crime* Nickie D. Phillips, Staci Strobl, 2013-07-15 Superman Batman Daredevil and Wonder Woman are iconic cultural figures that embody values of order fairness justice and retribution *Comic Book Crime* digs deep into these and other celebrated characters providing a comprehensive understanding of crime and justice in contemporary American comic books This is a world where justice is delivered where heroes save ordinary citizens from certain doom where evil is easily identified and thwarted by powers far greater than mere mortals could possess Nickie Phillips and Staci Strobl explore these representations and show that comic books as a historically important American cultural medium participate in both reflecting and shaping an American ideological identity that is often focused on ideas of the apocalypse utopia retribution and nationalism Through an analysis of approximately 200 comic books sold from 2002 to 2010 as well as several years of immersion in comic book fan culture Phillips and Strobl reveal the kinds of themes and plots popular comics feature in a post 9 11 context They discuss heroes calculations of deathworthiness or who should be killed in meting out justice and how these judgments have as much to do with the hero s character as they do with the actions of the villains This fascinating volume also analyzes how class race ethnicity gender and sexual orientation are used to construct difference for both the heroes and the villains in ways that are both conservative and progressive Engaging sharp and insightful *Comic Book Crime* is a fresh take on the very meaning of truth justice and the American way **Adolf Hitler FBI Declassified Documents** , *TV Guide* ,2007 **Foreign Relations of the United States 1964-1968** United States. Department of State,1992 **Past Lies** Christina Weir, Nunzio DeFilippis, 2006 In 1980 an aviation pioneer and millionaire named Trevor Schalk found the key to immortality His psychiatrist and hypnotherapist Dr Christopher Peck completed the most extensive post hypnotic command in history After the 25th birthday of Schalk s next life whoever or wherever that was this life would begin to come back to him Unfortunately for Schalk on the night he d secured his immortality Trevor Schalk was murdered The police never even arrested a suspect Now in 2005 Timothy Gilbrait is starting to have weird dreams Dreams in which he s an eccentric millionaire hated by everyone around him Dreams in which he s being murdered but he can t tell by whom But is Trevor Schalk really back That s what skeptic private investigator Amy Devlin has to find out and quickly Devlin isn t the only one looking for proof and if the person who killed Trevor Schalk 25 years ago is convinced that Gilbrait is the real deal they re not going to hesitate to kill again **Foreign Relations of the United States, 1964-1968** James E. Miller, David S. Patterson, 2002-08 Major topics covered in this volume include 1 U S efforts to maintain the cohesion of the NATO alliance by avoiding outbreaks of violence on Cyprus that would provoke clashes between Greece and Turkey 2 attempts of U S policymakers to devise a compromise solution for Cyprus that would meet the requirements of its major regional partners 3 a growing U S involvement in Greece s internal politics as a result of a major constitutional crisis between political forces led by George and Andreas Papandreou on one side and a conservative coalition under the leadership of King Constantine II on the other and 4 the U S reaction to the Greek military coup of April 1967 and imposition

of a dictatorship in Greece Coverage of bilateral U S Turkish relations focuses on the Cyprus issue Overview **Queen Elizabeth II and the Africans** Raphael Chijioke Njoku, 2024-09-05 The road to Queen Elizabeth II s implementation of African reforms was rough especially in the first two decades following her ascension to the throne In this book Raphael Chijioke Njoku examines Queen Elizabeth II s role in the African decolonization trajectories and the postcolonial state s quest for genuine political and economic liberation since 1947 By locating Elizabeth at the center of Anglophone Africa s independence agitations the account harnesses the African interests to tease out the monarch s dilemma of complying with Whitehall s decolonization schemes while building an inclusive and unified Commonwealth in which Africans could play a vital role Njoku argues that to gratify British lawmakers in her complex and marginal place within the British parliamentary system of conservative versus reformist Elizabeth s contribution fell short of African nationalists expectations on account of her silence and inaction during the African decolonization raptures Yet ultimately the author concludes she helped build an inclusive and unified organization in which Africans could assert and appropriate political and economic autarky
