of Books **The Science of Premonitions** Larry Dossey, 2010-05-04 Larry Dossey is one of America's most important thinkers. When he talks, I listen. Marianne Williamson, author of *A Return to Love*. In his New York Times bestseller *Healing Words*, Dr. Dossey investigated why patients surrounded by prayer healed faster and more completely than patients who were not. Now in *The Science of Premonitions*, Dossey uses cutting-edge science to make a convincing case that premonitions are real, common, and helpful. Then Dossey explores research on mindfulness and meditation to show readers how they can cultivate and take advantage of premonitions. Packed with compelling case studies and thought-provoking findings, this is a book for the skeptical mind and the believer's heart and will be greeted warmly by, as Deepak Chopra said, anyone who is interested in knowing about the deeper meaning of our existence. [Disciplinary Literacy in Action](#) ReLeah Cossett Lent, Marsha McCracken Voigt, 2018-08-16 You wouldn't tell a heart surgeon to also do pediatrics, so why would we tell content area educators they must do literacy? Math, history, English, and science teachers are passionate about their specialties, and that's why authors ReLeah Lent and Marsha Voigt designed a framework that keeps teachers' subjects at the center of daily classroom life while also helping them pool strengths with colleagues. Based on years of successful implementation, this powerful PL cycle drops in seamlessly to any school setting, so teachers schoolwide take on innovative practices of reading, writing, thinking, and doing within their areas of expertise. [Formative Assessment for English Language Arts](#) Amy Benjamin, 2013-09-27 This book demonstrates how formative assessments, unlike standardized tests, provide the kind of communication between teachers and students that help teachers make instructional decisions to improve student performance. **Common Core State Standards for Grade 7** Michelle Manville, 2014-05-21 *Common Core State Standards for Grade 6 Language Arts Instructional Strategies and Activities* is designed to help teachers address Common Core standards using effective research-based instructional strategies in combination with ready-to-use activities.
