A Home-Concealed Woman Magnolia Wynn Le Guin, 2012-02-01 The world of Magnolia Le Guin like that of countless farm women was defined by and confined to home and family Born in 1869 into the rural white agrarian society of Georgia's central piedmont she raised eight children virtually on her own yet never in her life ventured farther than thirty miles from her birthplace Her situation however extreme was not unique in her day What distinguished Le Guin was her love of writing her need to write about being a wife and mother despite a daunting workload and burden of responsibilities that left her with little free time or energy In a plain idiomatic style these diaries detail some of the most trying but nonetheless fulfilling years of her life At the same time *A Home-Concealed Woman* her own self-descriptive phrase provides a firsthand view of the hardships of subsistence farming the material culture of rural society and the codes to which Le Guin as a white woman a southerner and an evangelical Christian adhered The most striking feature of Le Guin's world is that it was confined almost entirely to the indoors from the bedrooms where her children were born and where her parents lay ill and died to the stove room where the daily meals were cooked and cleared Her husband's prominence in their small community and the size of their extended families meant that Le Guin hosted an endless flow of callers and overnight guests more than one hundred in the summer of 1906 alone Managing an already busy household under these conditions so occupied her time that she treasured every respite I was truly glad when I felt the sprinkling of the rain I was so glad I couldn't content myself indoors washing dishes sweeping floors making beds etc etc so I just postponed those things and churning too awhile and betook myself out in the misty rain with a new brushbroom and swept a lot of this large yard and inhaled the sweet air scented with rain settling dust Less idyllic sentiments also fill Le Guin's diaries for the anger and anxiety she could not publicly express found a voice in their pages I feel rebellious once in awhile at my lot so much drudgery and so much company to cook for and in meantime my own affairs my own children my little baby all going neglected Though condescending outbursts about her hired help reveal Le Guin's racial attitudes her endemic prejudice is tempered by her many expressions of genuine concern for individual blacks close to

her family As writer Ursula K Le Guin suggests in her foreword the diary may be the best suited literary form for approximating the actual gait of people s lives In Magnolia Le Guin s diary prayerful entreaties for strength and guidance mingle with daily news about her family providing a constant background against which major events such as births and deaths holidays and harvests take place The reader s admiration for Le Guin will grow as the details of her life emerge and accumulate The Continuum Encyclopedia of Children's Literature Bernice E. Cullinan,Diane Goetz Person,2005-01-01 Provides articles covering children s literature from around the world as well as biographical and critical reviews of authors including Avi C S Lewis J K Rowling and Anno Mitsumasa *Bowker's Guide to Characters in Fiction* ,2003 **Season of Salt and Honey** Hannah Tunnicliffe,2015-09-01 From the author of the sweet airy novel Publishers Weekly The Color of Tea comes a resonant new book about a woman starting over following the tragic loss of her fianc Frankie is a runaway bride Or rather she is running away from her fianc s funeral the unthinkable event that has thrown her entire life into crisis Frankie and Alex were high school sweethearts and each other s first loves They should have been together forever But Alex died in a surfing accident and now Frankie is walking away from her family driving north and east letting her body do the thinking all the way into the Cascade Mountain range At Alex s family cabin Frankie can give in to her grief and think about nothing There are no aunts trying feed her just a few polpette or just a taste of affogato despite her lack of appetite none of Alex s family around to look questioningly at her left ring finger no one there to perform for Except for Jack the cabin s caretaker who has been tasked with forcing Frankie out of the property that isn t rightfully hers And except for Bella Frankie s wild child younger sister who deserted the family years ago only to reappear at Frankie s lowest moment to dredge up painful memories from the past But Frankie learns she can t hide not from her family not from the past and not from truths about Alex she d rather not face The seasonal magic of the forest and its welcoming residents remind her that everything flowers to bud bread to rise a heart to heal takes its own time This stunning novel from the author of The Color of Tea is a feast for the senses with a message of forgiveness hope and the many ways to find and give love **The Publishers Weekly** ,1995
