The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries [The New Cambridge Bibliography of English Literature: 1900-1950](#) George Watson, 1969

The Birth of British Airpower Peter John Dye, 2024-10-15 The Birth of British Airpower describes how Hugh Trenchard a man with few leadership skills became a much loved and inspirational commander who laid the foundation for British airpower on the Western Front in World War I and created the preconditions for the establishment of the world's first independent air service the Royal Air Force Author Peter Dye explores how friendship can overcome significant personal and character deficiencies and how by assembling the right senior leadership team Trenchard achieved greatness The book also examines how the development of airpower doctrine in World War I owed as much to chance as to careful planning and how air superiority was achieved only through sustained effort underpinned by an effective and responsive logistic system Finally it explains how the ethos of the postwar air force was built around these experiences and the collective effort of all those involved in the air war *The Guide to Catholic Literature*, 1948

[Ronald Knox's Lectures on Virgil's Aeneid](#) Francesca Bugliani Knox, 2023-07-13 This book makes available Ronald Knox's hitherto unpublished lectures on Virgil's Aeneid delivered at Trinity College Oxford as part of a lecture course on Virgil in 1912 Written with Knox's customary incisiveness and with frequent allusions to contemporary life the lectures are devoted to the appreciation of the Aeneid and focus on what he called the essential and dominant characteristics that make up its greatness They deal with Virgil's political and religious outlook ideas of the afterlife sense of romance and pathos narrative style sources versification and appreciation of scenery His interpretation of the relationship between Dido and Aeneas renders redundant the question much debated to this day of whether Aeneas loved Dido and also portrays Aeneas more sympathetically than is currently fashionable The additional introductory and critical essays by the contributors place the lectures in their historical and scholarly context bring out their enduring relevance and illustrate how Ronald Knox's distinctive approach might be still developed to advantage As Robert Speaight noted in his presidential address to the Virgil Society in 1958 many of us who love our Virgil will now understand him better because Ronald Knox loved and understood him so well

Escritores conversos Joseph Pearce, 2006-07-25 El siglo XX ha estado marcado por choques ideológicos muy fuertes que influyeron en el modo de pensar de sus personajes más conocidos entre los cuales sin duda se encuentran los

escritores Joseph Pearce estudia en este extenso libro las repercusiones que las teorías de Marx y Nietzsche tuvieron en escritores como Bernard Shaw o H G Wells y en muchos otros y como en ese ambiente se produjo un importante renacimiento artístico y espiritual que alcanzó a intelectuales y artistas que desde el mundo anglosajón ejercieron y siguen ejerciendo notable influencia en el mundo de la cultura. Se trata de los que Pearce califica Escritores conversos entre los que se encuentran C S Lewis J R R Tolkien Evelyn Waugh Chesterton T S Eliot Hilaire Belloc Graham Greene Christopher Dawson Malcolm Muggeridge Ronald Knox Robert Benson Dorothy Sayers Edith Sitwell Maurice Baring Siegfried Sassoon etc con cuyas vidas se cruzan actores como Alec Guinness o Ernest Milton. A una poca marcada fuertemente por la incredulidad de una filosofía materialista se le ofreció el contrapeso de una literatura más profunda cargada de valores trascendentes inspirada en el cristianismo y que constituyó una red de inteligencias sensibles que generó un renacimiento cultural un nuevo testimonio de la fuerza creadora del cristianismo que vivieron también a veces atormentadamente conversos de última hora como Oscar Wilde sufriendo dos guerras mundiales que les destruyeron la vida a la mayoría de ellos. Se trata de un libro lleno de vida y de experiencias de personajes muy variados que encontraron en la fe cristiana la razón de su vida y con diferentes estilos la plasmaron en el arte.
