Photoshop Elements 3 Book for Digital Photographers, Special Barnes and Noble Edition DVD Bundle Scott

Kelby,2004-10 When you bought your digital camera you were so excited to start using it that you didn t give much thought to the quality of the images you were capturing or what you d do with them as they began amassing But now with those images and your memories slipping toward chaos it s time to Photoshop Elements provides the key This special edition book DVD combo shows you how to use Photoshop Elements 3 to regain control of your images and start editing them like the pros In the book portion of the package veteran author Scott Kelby offers full color graphically rich tutorial and project based examples of every key step in the digital photography process From experimenting with camera settings to capturing editing and outputting images Scott divulges the tips and best practices that make the transition from traditional to digital photography a painless one On the DVD portion of the package Photoshop master Scott Kelby demonstrates all of Photoshop Elements 3 s tool options and walks you through the program s most important features Easy Adobe Photoshop Elements

3 Kate Binder,2005 Learning Adobe Photoshop Elements 3.0 Greg Bowden,2005-06 **The Photoshop Elements 3 Book for Digital Photographers** Scott Kelby,2004-10-11 If you re ready for an Elements 3 book that breaks all the rules this is it because it does something for digital photographers that s never been done before it cuts through the bull and shows you exactly how to do it It tells you flat out which settings to use when to use them and why This book is not a bunch of theory it doesn t challenge you to come up with your own settings or figure things out on your own It gives you the same settings used by some of the top digital pros settings you can use today to get professional results you ve always dreamed of Plus since this book is designed for photographers it doesn t waste your time talking about how to frame a shot setting your exposure etc and there s no talk which camera or printer to buy It s all Elements step by step cover to cover in the only book of its kind and you re gonna love it Besides learning the inside tips and the tricks of the trade for correcting editing sharpening retouching and presenting your photos like a pro You ll learn how to unlock the power of all the new Elements 3 features including how to manage your photos using the new Organizer how to use the new pro tools like the Healing Brush and the Shadow Highlight controls and how to master the new Creation section to take your photos to an entirely new level Plus you ll see it all step by step in plain English and you ll be absolutely amazed at how easy and effective these techniques are once you know the secrets You ll learn The secrets of how the pros retouch portraits How to incorporate the amazing new features of Elements 3 into your work today How to color correct any photo without breaking a sweat you ll be amazed at how they do it How to repair and restore damaged photos The sharpening techniques the pros really use there s an entire chapter just on this Dealing with common digital camera image problems including removing noise and avoiding halos When

to use Quick Fix and when to do it yourself using our step by step methods The most requested photographic special effects and much more But besides all that this book has a secret weapon that makes it the most important most useful Elements book yet The reason is this although Elements 3 offers some digital photography features Photoshop CS doesn't offer there are plenty of features that Photoshop CS has that Elements 3 still doesn't have things like Layer Masking Channel Mixer etc But in this book you'll learn some slick workarounds cheats and some fairly ingenious ways to replicate many of those Photoshop features from right within Elements There's never been a book like it and if you're a digital photographer using Photoshop Elements 3 this is the book you've been waiting for

**The Photoshop Elements 4 Book for Digital Photographers** Scott Kelby, 2005-11-14 Are you ready for an Elements book that breaks all the rules again Like the best selling former edition The Photoshop Elements 4 Book for Digital Photographers breaks new ground by doing something for digital photographers that's rarely done it cuts through the bull and shows you exactly how to do it It's not a bunch of theory it doesn't challenge you to come up with your own settings or figure things out on your own Instead it does something that virtually no other Elements book has ever done it tells you flat out which settings to use when to use them and why If you're looking for one of those tell me everything about the Unsharp Mask filter books this isn't it You can grab any other Elements book on the shelf because they all do that Instead this book gives you the inside tips and tricks of the trade for correcting editing sharpening retouching and presenting your photos like a pro You'll be absolutely amazed at how easy and effective these techniques are once you know the secrets Newly updated to cover Photoshop Elements 4 this full color easy to follow guide includes new tips that take advantage of Elements 4's hottest new features including the Magic Selection Brush which offers a quick way to make accurate selections in your photos Magic Extractor which lets you select an image and instantly remove the background Auto Red Eye and Auto Skin tone tools cool slideshow effects text graphics narration pans and zooms and more online sharing service and more This book is for Windows users only
