the 80 mazes by puzzlemaker Dave Phillips are beautiful enough that you'll just want to gaze at them. But they're not simply lovely to look at; each is a solvable maze in which a single path connects the outside to the center and you have to uncover it in the richly detailed design. *Mind-Boggling Mazes* Dave Phillips, 1979-07 Forty mazes with geometric trickery Adrian Fisher's Quick Mazes Adrian Fisher, 2011-08-18 Created by the world's leading maze designer, these intriguing puzzles are based on subway maps, constellations, honeycombs, and other labyrinths. No math is necessary; not a digit or equation is essential in a world of shapes, proportions, colors, and sizes. Each maze typically takes only six minutes and they're suitable for all ages. Solutions Within the Mind Maze; Or, Mentonomy Edgar Lucien Larkin, 1911 This book is commended to all good and progressive men and women who believe that by studying Mind, discovering its laws, and applying them to human betterment, the career of man on earth could be greatly improved. And that the appalling errors, war, alcohol, oppression, injustice, crime, and poverty can be abolished together with a large proportion of disease, pain, and unhappiness. This book is being written under an impression so strong that it rises to the dignity of a theory that Mind, expressing as human or in the human phase, is able by studying the material universe to discover some facts relating to its Creator. The main object in publishing this volume is to convince the reader that the universe stands upon a mental base rooted and grounded in Mind, and that Mind created what we have named electrons. No hope is entertained by the author that the true nature of either Mind or matter will be discovered in this study, but hope is expressed that a few clues will be found. p. 341 *The Mind's Challenge: Ingenious Puzzles and Brain Teasers* Pasquale De Marco, 2025-08-15 Embark on an extraordinary journey into the realm of mental agility and intellectual prowess with *The Mind's Challenge: Ingenious Puzzles and Brain Teasers*.
