Novela Nivola Set Works:

Selected Works of Miguel de Unamuno, Volume 6 Miguel de Unamuno, 2017-03-14 The three remarkable pieces of fiction included in this volume are not so much novelets novels as nivolos a form invented by Unamuno Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Great Chiasmus Paul R. Olson, 2003 In *The Great Chiasmus* Paul R. Olson explores the use of the chiasmus in the work of Miguel de Unamuno The chiasmus a reversal in the order of words or parts of speech in parallel phrases appears on a variety of levels from brief microstructures *blanca como la nieve y como la nieve fria* to the narrative structures of entire novel Olson even suggests the chiasmus encompasses the stages in Unamuno's novelistic work forming a chiasmus that can be schematized as ABC CBA As a phenomenon of enclosure the chiasmus is related to other enclosing phenomena such as the image of Chinese boxes and the *mise en abyme* These structures three dimensional version of the chiasmus are also frequent in Unamuno's texts The chiasmus is also found on the conceptual level in which Unamuno regards apparent contraries as freely reversible and thus identical From early adulthood he was fascinated by the Hegelian idea of the identity of pure Being and pure Nothingness and that concept provides the structure underlying a wide variety of his paradoxes and verbal conceits In this connection Unamuno explores concepts usually considered opposites such as mind and body or spirit and matter Olson's close readings of the texts in terms of this structure lead to observations on Spanish history events in Unamuno's life the psychological dimensions of his characters and the authorial self that is found within his texts

Books in Print Supplement, 1985

Selected Works of Miguel de Unamuno: Novela Miguel de Unamuno, 1976

Approaches to Teaching the Works of Miguel de Unamuno Luis Álvarez-Castro, 2020-04-01 Offers pedagogical techniques for teaching the fiction poetry plays and philosophical works of Miguel de Unamuno in college Spanish and comparative literature classrooms including considerations of romanticism modernity Catholicism existentialism autofiction and metafiction Includes information on reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses

The Tragic Pursuit of Being Robert Richmond Ellis, 1988

Transparent Simulacra Robert C. Spires, 1988 The development of basic textual strategies in Spanish fiction from 1902 to 1926 is the focus of this study Challenging traditional views of the relationships between the literature produced by the Generation of 1898 and the Spanish vanguard movement Spires traces through analyses of select works a process of evolution beginning at the turn of the century and continuing into the 1920s Spires demonstrates how the somewhat tentative strategies of the first decade became more daring in the second As opposed to the extant historical

autobiographical and thematic surveys of this period Transparent Simulacra features structuralist and post structuralist readings of fiction by Baroja Azor n Unamuno P rez de Ayala G mez de Serna Jarn s and Salinas These approaches offer not only revisionist views of a literary period but also revisionist readings of some of Spain s best known fiction **Another Music** John McCormick,2017-09-08 As the essays in this book attest in a time of specialization John McCormick chose diversification a choice determined by a life spent in many occupations and many countries After his five years in the U S Navy in the Second World War the academy beckoned by way of the G I Bill graduate training and a career in teaching Prosperity in the American university at the time meant setting up as a Wordsworth man a Keats man or a Dr Johnson man all chilling to the author He chose self exile in which he disguised himself as an Americanist saleable in Europe and lectured happily in comparative studies literature history and philosophy Thus the broad range of this volume both in subject matter and in the span of time it covers The essays are divided into three sections First are general and personal essays on a variety of topics followed by work on individual writers and third writings on criticism and theory A section on Santayana reflects his eight years of research for Santayana s biography The writings on Spain and toreo bullfighting result from another long held interest together with the author s attempt to alter some of the romantic nonsense about the running of the bulls in Pamplona too often the entire substance of what the general public knows about Spain McCormick has long been convinced that without knowledge of bullfighting the foreigner cannot comprehend arcane and wonderful aspects of the Spanish character The coda Another Music is an old man s attempt to solve the mysterious algebra of how the world turns now and how the young appear to the aged While the volume is diverse in its range of writers from Whitman in America to Santayana in Europe taken as a collectivity these essays provide a sense of the grandeur as well as the decadent in twentieth century politics and aesthetics alike Written with the literary taste and political non conformity that still characterizes McCormick the volume is a treat for the specialist perhaps and for the generalist certainly **Aunt Tula/La Tía Tula** Miguel de Unamuno,Stanley Appelbaum,2005-11-04 A provocative nonconformist Unamuno 1864 1936 excelled in the creation of essays fiction poetry and plays In La t a Tula he paints a memorable portrait of the indomitable Aunt Tula who fulfills her maternal desires on her own terms This dual language edition features an informative introduction and ample footnotes *Unamuno , Miguel de Unamuno, the Contrary Self* Frances Wyers,1976 **The Publishers' Trade List Annual** ,1985 **Books in Print** ,1987 **Choice** ,1976 *Unamuno: Saint Manuel Bueno, Martyr* Salvador Ortiz-Carboneres,2009-03-31 Miguel de Unamuno y Jugo was born in Bilbao on 29th September 1864 He wrote novels essays poems and plays and in addition to these he played an important part in the political and intellectual life of Spain an involvement that led to his exile to Fuerteventura in 1924 **The Dynamics of the Absurd in the Existentialist Novel** Richard E. Baker,1993 In 1942 the French author Albert Camus in an essay titled The Myth of Sisyphus wrote a comprehensive analysis of the absurd to explain his novel The Stranger Using Camus s essay as a matrix for the absurd this

book is a rigorous examination of other contemporary existentialist writers and their novels the French writer Jean Paul Sartre provides us with his important absurdist text *Nausea* the Spanish writer Miguel de Unamuno *Mist* and the two American writers Richard Wright *Native Son* and Walker Percy *The Last Gentleman Since* *The Dynamics of the Absurd in the Existentialist Novel* is a comparative study different authors are invoked from various cultures to demonstrate the vast viability of Camus's criteria for the absurd and to determine the interpretive results which can be gleaned from its application

A Companion to the Twentieth-century Spanish Novel Marta E. Altisent, 2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable chronology while all titles and quotations are translated into English Contributors Marta E Altisent Katarzyna Olga Beilin Ram n Buckley Jos F Colmeiro Stacey Dolgin Casado Sebastiaan Faber David K Herzberger Carlos Alex Longhurst Kathleen N March Cristina Mart nez Carazo Alfredo Mart nez Exp sito Nina L Molinaro Gonzalo Navajas Mari Jose Olaziregi Janet D P rez Randolph D Pope Josep Miquel Sobrer H Rosi Song

Encyclopedia of the Novel Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world

A Lifetime's Reading Philip Ward, 1982 *Hispania* , 1952
