Caroline Ramazanoglu

One Woman's Liberation:

One Woman's Liberation Shirley Boone, 1988 *Feminism and the Contradictions of Oppression* Caroline Ramazanoglu, 2012-10-12 *Feminism and the Contradictions of Oppression* is a penetrating and comprehensive study of the development of feminism over the last thirty years. The first part of this major new textbook examines feminist theory and feminist political strategy. The second section examines how contradictions of class, race, subculture and sexuality divide women. The final part explores ways out of the impasse. This level-headed and challenging book is one of the most notable contributions to feminism in recent years.

The Theory and Practice of Communism United States. Congress. House. Committee on Internal Security, 1973 **Hearings, Reports and Prints of the House Committee on Internal Security** United States. Congress. House. Committee on Internal Security, 1973 *The Lesbian Revolution* Sheila Jeffreys, 2018-09-03

The Lesbian Revolution argues that lesbian feminists were a vital force in the Women's Liberation Movement (WLM). They did not just play a fundamental role in the important changes wrought by second-wave feminism but created a powerful revolution in lesbian theory, culture and practice. Yet this lesbian revolution is undocumented. The book shows that lesbian feminists were founders of feminist institutions such as resources for women survivors of men's violence including refuges and rape crisis centres and that they were central to campaigns against this violence. They created a feminist squatting movement, theatre groups, bands, art and poetry and conducted campaigns for lesbian rights. They also created a profound and challenging analysis of sexuality which has disappeared from the historical record. They analysed heterosexuality as a political institution, arguing that lesbianism was a political choice for feminists and indeed a form of resistance in itself. Using interviews with prominent lesbian feminists from the time of the WLM and informed by the author's personal experience, this book aims to challenge the way the work and ideas of lesbian feminists have been eclipsed and to document the lesbian revolution. The book will be of key interest to scholars and students of women's history, the history of feminism, the politics of sexuality, women's studies, gender studies, lesbian and gay studies, queer studies and cultural studies as well as to the lay reader interested in the WLM and feminism more generally.

Women Who Invented the Sixties Steve Golin, 2022-09-20

While there were many protests in the 1950s against racial segregation economic inequality urban renewal McCarthyism and the nuclear buildup the movements that took off in the early 1960s were qualitatively different They were sustained not momentary they were national not just local they changed public opinion rather than being ignored Women Who Invented the Sixties tells the story of how four women helped define the 1960s and made a lasting impression for decades to follow In 1960 Ella Baker played the key role in the founding of the Student Nonviolent Coordinating Committee which became an essential organization for students during the civil rights movement and the model for the antiwar and women s movements In 1961 Jane Jacobs published *The Death and Life of Great American Cities* changing the shape of urban planning irrevocably In 1962 Rachel Carson published *Silent Spring* creating the modern environmental movement And in 1963 Betty Friedan wrote *The Feminine Mystique* which sparked second wave feminism and created lasting changes for women Their four separate interventions helped together to end the 1950s and invent the 1960s Women Who Invented the Sixties situates each of these four women in the 1950s Baker s early activism with the NAACP and the Southern Christian Leadership Conference Jacobs s work with Architectural Forum and her growing involvement in neighborhood protest Carson s conservation efforts and publications and Friedan s work as a labor journalist and the discrimination she faced before exploring their contributions to the 1960s and the movements they each helped shape

Dunbar-Ortiz, 2014-03-20 In 1968 Roxanne Dunbar Ortiz helped found the Women s Liberation Movement part of what has been called the second wave of feminism in the United States Along with a small group of dedicated women in Boston she produced the first women s liberation journal *No More Fun and Games* Dunbar Ortiz was also an antiwar and anti racist activist and organizer throughout the 1960s and early 1970s and a fiery tireless public speaker on issues of patriarchy capitalism imperialism and racism She worked in Cuba with the Venceremos Brigade and formed associations with other revolutionaries across the spectrum of radical politics including the Civil Rights Movement Students for a Democratic Society the Revolutionary Union the African National Congress and the American Indian Movement Unlike most of those involved in the New Left Dunbar Ortiz grew up poor female and part Native American in rural Oklahoma and she often found herself at odds not only with the ruling class but also with the Left and with the women s movement Dunbar Ortiz s odyssey from Oklahoma poverty to the urban New Left gives a working class feminist perspective on a time and a movement that forever changed American society In a new afterword the author reflects on her fast paced life fifty years ago in particular as a

movement activist and in relationships with men Germaine Greer Maryanne Dever, Anthea Taylor, Lisa Adkins, 2020-04-28 Germaine Greer is one of the most enduring and influential figures of the second wave of the women's movement. *The Female Eunuch* 1970 is one of second wave feminism's most widely recognised publications and its author has come to embody and indeed expand our understanding of second wave feminism in a way that few others have. Yet while Greer's public visibility never seems to wane her writings and her politics have failed to attract the kind of sustained critical engagement they warrant. This volume represents the first collection of essays to examine Greer her politics her writing and her status as a feminist celebrity. The essays in this collection cover *The Female Eunuch* 1970 Greer's public rivalry with Arianna Stassinopoulos her time in America her ideas and politics and her styling as feminist fashion icon. Many essays include new insights drawn from previously unseen material in the recently launched Germaine Greer Archive at the University of Melbourne Australia. This book was originally published as a Special Issue of *Australian Feminist Studies* **Fantasies of Neglect** Pamela Robertson Wojcik, 2016-09-19 In our current era of helicopter parenting and stranger danger an unaccompanied child wandering through the city might commonly be viewed as a victim of abuse and neglect. However from the early twentieth century to the present day countless books and films have portrayed the solitary exploration of urban spaces as a source of empowerment and delight for children. *Fantasies of Neglect* explains how this trope of the self-sufficient mobile urban child originated and considers why it persists even as it goes against the grain of social reality. Drawing from a wide range of films children's books adult novels and sociological texts Pamela Robertson Wojcik investigates how cities have simultaneously been demonized as dangerous spaces unfit for children and romanticized as wondrous playgrounds that foster a kid's independence and imagination. Charting the development of free range urban child characters from *Little Orphan Annie* to *Harriet the Spy* to *Hugo Cabret* and from *Shirley Temple* to *The Dead End Kids* she considers the ongoing dialogue between these fictional representations and shifting discourses on the freedom and neglect of children. While tracking the general concerns Americans have expressed regarding the abstract figure of the child the book also examines the varied attitudes toward specific types of urban children girls and boys blacks and whites rich kids and poor ones loners and neighborhood gangs. Through this diverse selection of sources *Fantasies of Neglect* presents a nuanced chronicle of how notions of American urbanism and American childhood have grown up together **The Queerness of Home** Stephen Vider, 2022-01-21 Stephen Vider considers how the meanings of domesticity shifted for gay men and lesbians from the late 1960s to early 1980s from a site of supposed isolation or deviance to a source of identity community and pleasure. His manuscript reveals the multiple uses appeals and limits of domesticity for LGBTQ people in the post World War II period in their efforts to make social and sexual connections and to appeal for expanded rights and freedoms. For example the 1970s witnessed an efflorescence of gay communal households that proved to be seedbeds for alternative modes of domesticity using the privacy of domestic space to achieve broader social and political changes. Vider brings a novel perspective to gay
