Misionero sin misión Enrique A. Wulff, 2022-06-14 Esta obra refleja con franca fidelidad una experiencia de vida una apertura al mundo de las ideas y de las ilusiones relacionadas con lo que se entiende por ser misionero En el caminar de esta experiencia la realidad va modificando el pensar y el sentir dejando un extra o aprendizaje de vida lleno de manifestaciones de las calidades cualidades esencias y debilidades de las consciencias que van participando Es un crecer entre la salud la enfermedad y los conceptos y posibilidades de la medicina experimentar el arte de dejar ser lo que se es y de balancear lo que uno cree que debe ser Es un conocer la diversidad en sus idiosincrasias dejándose inundar de sus contenidos sin permitir que estos nos saquen del camino Relata esta obra el movimiento en el tiempo de un médico neurólogo que va explorando las extrañas fronteras entre el querer ayudar y el querer ser ayudado en donde la alopatía y

la homeopatía se entrelazan de tal manera que pierden noción de las barreras que las limitan. El contacto con las cualidades individuales de personas con culturas variadas a través de países suramericanos, asiáticos y africanos van llevando a este médico neurólogo a entender que la salud y la enfermedad son manifestaciones de la conciencia y no de fuerzas o debilidades de un cuerpo aprendiendo en el interior que la sanación no radica tanto en medicinas como en el reconocimiento del potencial que tenemos en nosotros mismos.

[Learn Spanish News Vol.1](#) Nik Marcel, LEARN SPANISH NEWS Vol 1 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing. The source text is the Spanish language edition of Voice of America VOA. The Spanish text has been translated into English for this dual language project. The reader can choose between four formats: Section 1 English to Spanish, Section 2 Spanish to English, Section 3 English, and Section 4 Spanish. A methodology for getting the most out of this bilingual format is explained in the book's Foreword. The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way. A reader might like to go back to reading dual language news for reinforcement and further development, returning to foreign language only news with a deeper understanding. By going back to the same old news you are going over words, word patterns and passages with which you already have a certain familiarity. The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated. The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time. If you are having trouble with the level of difficulty in the text, a suggested path for learning languages is as follows: Familiarise yourself with a basic language instruction book or re-read the one you have. Once a student has studied the basics, a suitable book about basic grammar can be helpful. The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning. Go through as much of the grammar book as you feel you can digest, maybe even the whole book skipping over what is not easily understood. After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar. Even repeatedly seeing a word that you remember seeing listed as a subject, pronoun or a third person plural verb of some sort is a great help. Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text, a simple novel, a Spanish news website etc. Grammar books will likely have some verb charts. However there are currently good online resources that go further: dictionaries with a verb conjugation search option. Many basic language books offer some form of audio support. Internet services, primarily news based radio stations offer podcasts. Audio from television is an additional resource and can be formatted for use on various

digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books
