## **People Work:**

**The People's Work** Frank C. Senn, 2010-08-10 Frank Senn ventures behind the liturgical screen behind the texts and behind the rubrics to reconstruct the everyday religious expression in Christian history Senn's magisterial *Christian Liturgy Catholic and Evangelical* 1997 has been widely hailed for its appreciation of the dynamic role of culture in shaping liturgical expression In *The People's Work* Senn delves further into the cultural home of liturgy looking at processions and pilgrimage communion practices and spiritual reading fasting and feasting all the myriad liturgical practices that have been the concrete life and primary work of the body of Christ *Reinventing Theology as the People's Work* Ian M Fraser, 1980-07-03 Ian

Fraser entered industry in 1942 as the first of what became a worker priest pastor movement This book's underlying conviction is that just as ministry belongs to more than just the clergy so does the task of theologising belong to all and not just to **Why People Work** Erzell Charles, 2024-05-14 Why do people work This appears to be a very simple and obvious question And when we ask this question to people we usually get a simple and seemingly obvious answer DUH They want to get a paycheck The wise and insightful leader will go beyond this obvious response and come to grips with the fact that there are more complex and hidden human needs within the human spirit There are most likely thousands of leadership books written to equip leaders to develop the skills and behaviors necessary to encourage their teams to achieve goals and purposes However the primary focus of this book is to assist leaders in looking deeper into the expectations and motivations of the people they serve So as the organization is achieving its strategic plans and objectives it is also meeting the critical needs and ambitions of its most important essential resources better known as its human resources In businesses and organizations today everything begins and ends with leadership The leaders who go beyond the obvious to uncover these critical hidden expectations of their employees are able to create a culture of engagement and retention where employees not only give you their hands but most importantly their hearts The return on investment for this effort is that the leader will earn their employees best effort Therefore when you know your employees why game they will bring their A game

**Disabled People, Work and Welfare** Grover, Chris, Piggott, Linda, 2015-07 This is the first book to challenge the idea that paid work should be seen as an essential means to independence and self determination for the disabled Writing in the wake of attempts in many countries to increase the employment rates of disabled people the contributors show how such efforts have led to an overall erosion of financial support for the disabled and increasing stigmatization of those who are not able to work Drawing on sociology and philosophy and mounting a powerful case for the rights of the disabled the book will be essential for activists scholars and policy makers *Woman's Work*, 1920 **Burnout at Work** Michael P. Leiter, Arnold B. Bakker, Christina Maslach, 2014-04-24 The psychological concept of burnout refers to long term exhaustion from and diminished interest in the work we do It's a phenomenon that most of us have some understanding of even if we haven't always been affected directly Many people start their working lives full of energy and enthusiasm but far fewer are able to

maintain that level of engagement Burnout at Work A Psychological Perspective provides a comprehensive overview of how the concept of burnout has been conceived over recent decades as well as discussing the challenges and possible interventions that can help confront this pervasive issue Including contributions from the most eminent researchers in this field the book examines a range of topics including The links between burnout and health How our individual relationships at work can affect levels of burnout The role of leadership in mediating or causing burnout The strategies that individuals can pursue to avoid burnout as well as wider interventions The book will be required reading for anyone studying organizational or occupational psychology and will also interest students of business and management and health psychology

*Balancing the Big Stuff* Miriam Liss, Holly H. Schiffrin, 2014-08-07 While the current conversation about work family balance and having it all tends to focus on women both men and women are harmed when conditions make it impossible to balance meaningful work with family life Yet both will benefit from re evaluating what it means to have it all and fighting for changes in their relationships and society to make greater equality possible Here Miriam Liss and Holly Hollomon Schiffrin discuss the ways in which we all define having it all and how we can obtain it for ourselves through a better evaluation of what we want from ourselves our families our jobs and each other

Determining a 50 50 division of labor around the house may not be the thing that works for everyone Working from home or not at all may not be the thing to bring us satisfaction but learning what studies show and how to feel balanced and make those decisions to bring balance is crucial The authors argue that people can find balance in their roles by doing things in moderation Although being engaged in both parenting and work is good for well being people can avoid the pitfalls of over parenting and over working They show that balance can come from a meaningful consideration of what happiness and contentedness mean to us as individuals and how best to achieve our goals within the limitations of our current circumstances They illustrate that balance is not simply an individual problem Social issues such as the lack of parental leave flexible work schedules and affordable high quality child care make balance difficult With attention now on the issue they argue that it s time men and women advocate for better services and better opportunities to achieve balance happiness and success in all their roles

**Education and Technological Unemployment** Michael A. Peters,Petar Jandrić,Alexander J. Means,2019-04-29 This book examines the challenge of accelerating automation and argues that countering and adapting to this challenge requires new methodological philosophical scientific sociological economic ethical and political perspectives that fundamentally rethink the categories of work and education What is required is political will and social vision to respond to the question What is the role of education in a digital age characterized by potential mass technological unemployment Today s technologies are beginning to cost more jobs than they create and this trend will continue There have been many proposed solutions to this problem and they invariably involve an educational vision Yet in a world that simply doesn t offer enough work for everyone education is clearly not a panacea for technological unemployment This collection presents responses to this question from a wide spectrum of disciplines including but not limited to education studies philosophy history politics sociology psychology and economics
