Lee, 2011-08-11 An independent and impartial judiciary is fundamental to the existence and operation of a liberal democracy Focussing on Australia Canada New Zealand South Africa the United Kingdom and the United States this comparative 2011 study explores four major issues affecting the judicial institution These issues relate to the appointment and discipline of judges judges and freedom of speech the performance of non judicial functions by judges and judicial bias and recusal and each is set within the context of the importance of maintaining public confidence in the judiciary The essays highlight important episodes or controversies affecting members of the judiciary to illustrate relevant principles

Consociational Theory Rupert Taylor, 2009-03-20 Consociational power sharing is increasingly gaining ground right around the world as a means for resolving political conflict in divided societies In this volume edited by Rupert Taylor nineteen internationally respected scholars engage in a lively debate about the merits of the theory underlying this approach The volume focuses specifically on one of the leading cases under the global spotlight the Northern Ireland conflict and brings together the most prominent proponents and opponents of consociationalism Northern Ireland's transition from war to peace is seen by consociationalists as flowing from the historic Belfast Agreement of 1998 and specifically from the

Agreement's consociational framework The Northern Ireland case is marketed by consociationalists as representing best practice and as providing a template for ending conflicts in other parts of the world However as this volume interrogates on what grounds and to what extent can such a positive reading be upheld Taken as a whole this volume structured as a symposium around the highly influential argument of John McGarry and Brendan O Leary offers comparative engaging and critical insight into how political theory can contribute to the creation of a better world Consociational Theory is an important text for anyone with an interest in political theory conflict resolution in divided societies or Irish politics *The Sunday*

Kassis, 2023-11-03 From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis's concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they

appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivab

The Aporetic Tradition in Ancient Philosophy George Karamanolis, Vasilis Politis, 2017-12-28 Ancient philosophers from an otherwise diverse range of traditions were connected by their shared use of aporia translated as puzzlement rooted in conflicts of reasons as a core tool in philosophical enquiry The essays in this volume provide the first comprehensive study of aporetic methodology among numerous major figures and influential schools including the Presocratics Plato Aristotle Plutarch Alexander of Aphrodisias Academic sceptics Pyrrhonian sceptics Plotinus and Damascius They explore the differences and similarities in these philosophers approaches to the source structure and aim of aporia their views on its function and value and ideas about the proper means of generating such a state among thinkers who were often otherwise opposed in their overall philosophical orientation Discussing issues of method dialectic and knowledge the volume will appeal to those interested in ancient philosophy and in philosophical enquiry more generally

Reclaiming Education James Tooley, 2005-03-01 What is wrong with education Why do educational reforms always miss their target How can we create a better education system And what can we learn from other countries Reclaiming Education tackles the challenges facing education that really matter the ones that academics often ignore parents demand solution to and politicians need to confront Drawing on his global research James Tooley shows that there is an alternative to poor quality and wasteful inefficiency in education and that education can be radically transformed to guarantee freedom and higher standards Tooley radically challenges any complacency we may have about education in the 21st century Sir Bob Salisbury Tooley is an extremist some of his ideas are outrageous Professor Geoffrey Walford University of Oxford This is truly a radical book It should be read by everyone who thinks deeply about education Sir Christopher Ball

Western Asceticism Owen Chadwick, 1958-01-01 Students of church history and the monastic ascetic life will find this volume of much interest Contained are three important documents of the early Christian Church The Sayings of the Fathers The Conferences of Cassian and The Rule of Saint Benedict Long recognized for the quality of its translations introductions explanatory notes and indexes the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in history Through these works each written prior to the end of the sixteenth century contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries
