DAVID DOWNING RUSSIAN REVOLUTION

1985

Russian Revolution 1985

Russell Trenton

Russian Revolution 1985:

Russian Revolution, 1985 David Downing, 1983 [Russian Revolution 1985](#) David Downing, 1983 [The Russian Revolution, 1917-1945](#) Anthony D'Agostino, 2010-12-16 This book offers a fresh analysis of the Russian Revolution from a global perspective It stresses the historical role of Soviet Communism in the modernization of the country the defeat of Nazism and the rise of American power and world leadership For students and scholars of the Russian Revolution there are pivotal questions that merit careful comprehensive consideration why did the Tsarist regime unravel in revolution Why did the Bolsheviks come to power rather than some other party How did Stalin rather than a more popular and respected leader win the mantle of Lenin and gain leadership of the ruling party How should Stalin's regime be judged by subsequent generations of Russians and in the context of world history In [Russian Revolution 1917-1945](#) author Anthony D'Agostino discusses all these questions His suggestions for further reading range over decades of writing on Soviet subjects and cite classics revisionist works curiosities and studies done during and since the Gorbachev years The book explores topics including the modernization of the Tsarist Russian state World War I the revolutionary project of Soviet Communism the nationalist transformation of Soviet Communism under international pressures the Big Drive to modernize Russia by force and the external threat of fascism **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The [Russian Revolution and Civil War 1917-1921](#) offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **The Russian Revolution in Retreat, 1920-24** Simon Pirani, 2008-03-03 This book examines the relationship between the Russian Communist Party and working class in the years after the revolution and civil war It shows that the working class was politically expropriated by the Bolshevik party as democratic bodies such as soviets and factory committees were deprived of decision making power **The Russian Revolution** Russell Trenton, 2015-07-15 This gripping historical narrative relates the circumstances that led to the end of the Romanov Dynasty and the Russian aristocracy the heartrending struggles of the peasants the violence and bloodshed of the revolution and the rise of the new social order and its far reaching consequences that continue to be felt in Russia today In addition to the causes of the Russian revolution and the events that led to civil war the narrative delves into the mindset of the Bolshevik leadership and recounts the profound transformation and industrialization of the economy in the Soviet era **The Russian**

Revolution Sheila Fitzpatrick, 2001 The Russian Revolution had a decisive impact on the history of the twentieth century Now following the collapse of the Soviet regime and the opening of its archives it is possible to step back and see the full picture In this classic work the author incorporates data from archives that were previously inaccessible not only to Western but also to Soviet historians as well as drawing on important recent Russian publications such as the memoirs of one of the great survivors of Soviet politics Vyacheslav Molotov Impeccable in its scholarship and objectivity the book tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children In a concluding section that will be of great interest to scholars in the field as well as the general reader the author treats the Stalinist Great Purges as the last act of the drama of the Russian Revolution

Society and Politics in the Russian Revolution R. Service, 1992-05-12 The Russian Revolution of 1917 was an event of the greatest importance but the social groups which were crucial to its development and outcome have been little written about This book brings together a number of prominent British researchers whose work focusses on the connections among politics social aspirations and economics and offers new insights into the reasons why only months after the last tsar fell from power in February 1917 it was the Bolsheviks who seized control and established a communist regime

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

Emma Goldman and the Russian Revolution Frank Jacob, 2020-11-23 What impact did Bolshevik rule have on Emma Goldman's perception of the Russian Revolutions of 1917 and why did she change her mind going from defending the Russian Revolution to becoming a crusader against Bolshevism The Russian Revolution changed the world and determined the history of the 20th century as the French Revolution had determined the history of the 19th century Left wing intellectuals around the world greeted the February Revolution with enthusiasm as their hope for a new world and social order and the end of capitalism seemed close However the joy did not last long as the ideals of February 1917 were replaced by the realities of

October 1917 and Lenin crushed the revolution during the following Civil War Emma Goldman a famous Russian born American anarchist was one of the intellectuals whose admiration for the revolution turned into frustration about its corruption Emma Goldman and the Russian Revolution discusses her evolving perception of the revolution between 1917 and the early 1920s The analysis of such an intellectual transformation process provides a case study of intellectual and revolutionary history alike adding a closer reading to the research about the famous American anarchist Emma Goldman her transnational life and her role as a revolutionary intellectual

Russia in the Age of Reaction and Reform 1801-1881 David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis

The Russian Civil War Evan Mawdsley, 2009-02-24 The best book ever written on the Russian civil war A first rate work of scholarly synthesis Robert McNeal In St Petersburg on October 25 1917 the A commanding chronicle of the three Bolshevik Party stormed the capital city and turbulent years that brought the ironfisted seized the power over the Russian Provisional Soviet regime to political power Government which had been operating ineffectively since the abdication of Tsar Nicholas II eight months before That October Revolution began the Russian Civil War which in three years would cost the largest country in the world more than seven million lives It was an apocalyptic struggle replete with famine and pestilence but out of the struggle a new social order would rise The Soviet Union Mawdsley offers a lucid superbly detailed account of the men and events that shaped twentieth century communist Russia He draws upon a wide range of sources to recount the military course of the war as well as the hardship the conflict brought to a country and its people for the victory and the reconstruction of the state under the Soviet regime came at a painfully high economic and human price

The Soviet Union 1917-1991 Martin McCauley, 2014-02-04 A second edition of this famous survey has been eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next

Passion and Perception Richard Stites, 2010 This collection of Stitesiana includes 29 essays on Russian culture representing the bulk of 20 years of scholarship in addition to well known monographs and diverse pieces in popular magazines

The Ashgate Research Companion to War Hall Gardner, Oleg Kobtzeff, 2016-03-23 Many different social scientists have been challenged by the origins of wars their immediate causes and the mechanisms leading to the breakdown of peaceful relations Many have speculated whether conflicts were avoidable and whether alternative policies might have prevented conflict The Ashgate Research Companion to

War provides contributions from a number of theorists and historians with a focus on long term systemic conflicts The problematique is introduced by the Editors highlighting the need for interdisciplinary approaches to the study of war as a global phenomenon The following 29 essays provide a comprehensive study guide in four sections Part I explicates differing theories as to the origins of war under the general concept of polemology Part II analyzes significant conflicts from the Peloponnesian wars to World War II Part III examines the ramifications of Cold War and post Cold War conflict Part IV looks at long cycles of systemic conflict and speculates in part whether another global war is theoretically possible and if so whether it can be averted This comprehensive volume brings us a much needed analysis of wars throughout the ages their origins their consequences and their relationship to the present A valuable understanding that is ideal for social scientists from a variety of backgrounds

The Course of Russian History, 5th Edition Melvin C. Wren, Taylor Stults, 2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history

From Tsar To Soviets Christopher Reed, 2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917-21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics

Revolutionary Social Democracy: Working-Class Politics Across the Russian Empire (1882-1917) Eric Blanc, 2021-06-29 This groundbreaking study rediscovers the socialists of Tsarist Russia's imperial borderlands upending conventional interpretations of working class politics the Russian Revolution and Second International socialism Based on archival research in eight languages Revolutionary Social Democracy is the first comparative account of the numerous socialist parties that fought for democracy and workers power across the entire span of the Russian Empire from the factories of Warsaw to the oil fields of Baku to the autonomous parliament of Finland By demonstrating that the Russian Revolution was far less Russian than commonly assumed Eric Blanc challenges long held assumptions of historians sociologists and activists about the dynamics of revolutionary change under autocratic and democratic conditions Listen to Lay Led Unions episode on Revolutionary Social Democracy Working Class Politics Across the Russian Empire 1882-1917

featuring Eric Blanc Also listen to a panel discussion of Eric Blanc s groundbreaking new book **Bibliography of the History of Medicine , A Companion to the Russian Revolution** Daniel Orlovsky,2020-08-17 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox church Bolshevism Liberalism and more Although primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author s original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon
