Servants Of The Map:

Servants of the Map Andrea Barrett, 2025-04-25 Gemlike stories that sparkle with intelligence and fire O The Oprah Magazine A finalist for the Pulitzer Prize this wonderfully imagined collection from the genius enchantress Karen Russell author of Ship Fever winner of the National Book Award explores the crossroads of science and desire Servants of the Map sweeps through two centuries from the Western Himalayas to the Adirondacks conjuring characters that travel through the territories of yearning and awakening of loss and unexpected discovery A mapper of the highest mountain peaks realizes his true obsession A young woman afire with scientific curiosity must come to terms with a romantic fantasy Brothers and sisters torn apart at an early age are beset by dreams of reunion As we move through these richly layered tales Andrea Barrett weaves subtle connections among the stories within this collection and characters in her earlier works Servants of the Map Andrea Barrett, 2002 Spanning two centuries an intricately woven collection of stories and novellas journey across landscapes of yearning awakening loss and unexpected discovery as a mapper of the highest mountain peaks discovers his true calling a young woman must come to terms with a romantic fantasy and the lives of many other extraordinary characters unfold in a borderland between science and passion "If All of Rochester Read the Same Book-- " 2005 Joseph Flaherty, Karen VanMeenen, Writers & Books (Firm), 2005 *Lab Lit* Ace G. Pilkington, Olga Pilkington, 2019-10-10 Lab Lit Exploring Literary and Cultural Representations of Science is the first formal systematic scholarly investigation of laboratory literature from the perspective of literary studies Lab Lit as a new genre has received a lot of public and media attention due to its compelling presentation of science practitioners and the relatable explanations of the scientific advancements that have shaped modern society and will continue to do so However the genre has been largely overlooked by scholars This book is an introduction to the world of science for those who up till now have been immersed primarily in the world of literature The anthology contains essays that discuss Lab Lit novels using a variety of analytical approaches It also features theoretical essays that explore the social and literary backgrounds of Lab Lit and help the reader position the critical pieces within appropriate contexts *Household Servants and Slaves* Diane Wolfthal, 2022-04-12 The first book length study of household servants and slaves exploring a visual history over 400 years and four continents The first book length study of both images of ordinary household workers and their material culture Household Servants and Slaves A Visual History 1300 1700 covers four hundred years and four continents facilitating a better understanding of the changes in service that occurred as Europe developed a monetary economy global trade and colonialism Diane Wolfthal presents new interpretations of artists including the Limbourg brothers Albrecht Dürer Paolo Veronese and Diego Velázquez but also explores numerous long neglected objects including independent portraits of ordinary servants servant dolls and their miniature cleaning utensils and dummy boards candlesticks and tablestands in the form of servants and slaves Wolfthal analyzes the intersection of class race and gender while also interrogating the ideology of service investigating both the material conditions of household workers lives

and the immaterial qualities with which they were associated If images repeatedly relegated servants to the background then this book does the reverse it foregrounds these figures in order to better understand the ideological and aesthetic functions that they served *Servants for His Glory* Miguel Núñez, 2021-06-15 Being is greater than doing We all come into the world with a certain emptiness in our lives an emptiness that leads to a search for meaning And the world tells us that search for meaning can be solved by doing Unfortunately an overemphasis on doing has led many people away from cultivating an interior life that allows them to sustain their exterior life This explains the many failures we continuously see in day to day life When a person's inner life who he or she is is not prepared that person's character does not have the maturity or the strength to sustain them in the long run In this book Miguel N ez points us to Scripture and experience to show us how being is more important than doing He teaches us how to cultivate the foundations of our lives so that we can be what we need to be in order to do what we need to do Vietnam's Socialist Servants Minh T. N. Nguyen, 2014-08-27 Since Vietnam introduced economic reforms in the mid 1980s domestic service has become an established sector of the labour market and domestic workers have become indispensable to urban life in the rapidly changing country This book analyzes the ways in which the practices and discourses of domestic service serve to forge and contest emerging class identities in post reform Vietnam Drawing on a rich and diverse range of qualitative data including ethnographies interviews and narratives it shows that such practices and discourses are rooted in cultural notions of gender and rural urban difference and enduring socialist structures of feeling which in turn clash with the realities of growing differentiation Domestic workers experiences reveal negotiations with class boundaries actively set by the urban middle class who seek distinction through emerging notions and practices of domesticity These boundaries are nevertheless riddled with gender and class anxiety on the side of the latter partly because of the very struggles and contestations of the domestic workers More broadly Minh T N Nguyen links the often invisible intimate dynamics of class formation in the domestic sphere with wider political economic processes in a post socialist country embarking on marketization while retaining the political control of a party state As a pioneering ethnographic study of domestic service in Vietnam today this book will be of great interest to students and scholars of Southeast Asian culture society social anthropology gender studies human geography and development studies
