Beyond Cyberpunk Graham J. Murphy, Sherryl Vint, 2010-06-10 This book is a collection of essays that considers the continuing cultural relevance of the cyberpunk genre into the new millennium Cyberpunk is no longer an emergent phenomenon but in our digital age of CGI driven entertainment the information economy and globalized capital we have never more been in need of a fiction capable of engaging with a world shaped by information technology The essays explore our cyberpunk realities to soberly reconsider Eighties era cyberpunk while also mapping contemporary cyberpunk The contributors seek to move beyond the narrow strictures of cyberpunk as defined in the Eighties and contribute to an ongoing discussion of how to negotiate exchanges among information technologies global capitalism and human social existence The essays offer a variety of perspectives on cyberpunk's diversity and how this sub

genre remains relevant amidst its transformation from a print fiction genre into a more generalized set of cultural practices tackling the question of what it is that cyberpunk narratives continue to offer us in those intersections of literary cultural theoretical academic and technocultural environments *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13

Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **The Quintessential Jesus of Nazareth** Allison Sledge, 2011-11-07 Penned by Allison Sledge The

Quintessential Jesus of Nazareth is a penetrating intellectually profound masterpiece of the Highest Order Ms Sledge is a premier scholar of gnosticism comparative religion Biblical nomenclature symbolism onomastics metaphysics kaballah mysticism and spiritual initiation Her book transports the reader beyond space and time into the mind heart spirit and soul of The Master Jesus on every conceivable level which is not generally known to the masses Many of the Holy Scriptures chapters and verses will be viewed from a different perspective as was once perceived with the universal eyes with which Jesus viewed the world rather than what many of the modern clergy promulgate and attempt to teach the majority of unenlightened souls This book is designed to enlighten each reader to depths they might not have ever imagined Never before has a writer dared to be so bold as to interpret the Natal Birth Chart of Jesus Christ a Piscean born on March 19th 07 BC while elevating and re creating awareness understanding and insight to completely new heights of all inclusive universal comprehension This Authors book was written in a stream of consciousness with God emanating from her deep connection with Jesus of Nazareth Intertwining her personal observations within the subject matter Allison Sledge methodically includes the works of Edgar Cayce The Keys of Enoch The Aquarian Gospel and Egyptology She engages her familiarity with science mathematics planetary energies and Biblical personalities Her work highlights the thread of unity which connects the Old Testament with the New Testament in symbolic patterns from Genesis to Revelations Her goal is to be inclusive rather than

exclusive thus incorporating differing thoughts and opinions into the ultimate reality that We Are All One despite our conflicting beliefs just as Jesus taught Contemplating the reality and purpose of human existence surely must lead us to wonder how we as human beings created in the image of God do not truly know God as Jesus There is a disconnection Even more profound is the fact that Jesus The Christ died a horrendous death by execution in order to instill in each one of us His everlasting message That we love one another as we love ourselves Sadly the state of the world today reflects the exact opposite of His hopes and wishes The Book now in your hands was given to you to know the Real Jesus of Nazareth inside and out like you have never ever known before Enjoy it and God Bless You The First Urban Christians Wayne A.
