Historical Dictionary of Syria David Commins, David W. Lesch, 2013-12-05 In 2011 massive protest movements that appeared to come out of nowhere caught the Arab world's autocrats by surprise and brought down powerful leaders in Tunisia Egypt Libya and Yemen Thousands of Syrians took to the streets in March 2011 calling for the fall of the regime the popular slogan of Arab uprisings but found themselves confronting a determined foe willing to slaughter thousands of citizens and to destroy entire city neighborhoods in order to hold onto power By the middle of 2013 Syria was in the midst of a nightmarish civil war marked by more than 80 000 deaths sectarian massacres the flight of one fourth the country's population from their homes the disintegration of government institutions in much of the country and a rising humanitarian crisis as food medicine and electricity grew short Nobody in Syria or the outside world appears to be in a position to stop what looked like a fight to the bitter end at whatever cost to the country This third edition of the Historical Dictionary of Syria covers the recent events in Syria as well as the history that led up to these events This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Syria

The Diffusion of "Small" Western Technologies in the Middle East Uri M. Kupferschmidt, 2023-10-04 In recent years we have become interested in the diffusion of small Western technologies in the countries of the Middle East during the 19th and 20th centuries the era of Imperialism and first globalization We postulated a contrast between small and big technologies Under the latter category we may understand railway systems electricity grids telegraph networks and steam navigation imposed by foreign powers or installed by connected local entrepreneurs But many small Western technologies such as sewing machines typewriters pianos eyeglasses and similar consumer goods which had been developed and manufactured in Europe and America were wanted and willingly acquired by the agency of individual users elsewhere In a few cases however the inventions had to be adapted or were overstepped and even delayed Some were adopted as social markers or status symbols only by elites who could afford them Processes of adoption and diffusion therefore differed according to cultural settings preferences and needs Social and cultural historians and social scientists not only of the Middle East will find in this collection of essays a new approach to the impact of Western technological inventions on the Middle East

Khalaf,2020-10-25 Studying a rural village in northern Syria during a period of tremendous social and political change 1940s to 1970s this book offers a unique perspective on how agrarian transformations in land distribution and its use deeply affected social and political relations among a rural community Embedding the personal with the local and the global this work traces the seeds of social political and economic struggles that are still important and unfolding in Syria forty years on changes in social relations brought about by land policy and technological modernization divisions and connections between urban and rural locations shifts in

education and immigration Thematically the study is divided into two parts the first concerns the historical socio economic and political changes occurring in Syria from the beginning of the twentieth century and the second concerns the life histories of particular actors and their perspectives on social changes This book is the edited and updated version of Khalaf s original work including an updating chapter which brings invaluable insight about the village and its people at the aftermath of ISIS and the destruction of the war in Syria Focusing on the village community of Hawi Al Hawa this intensely knowledgeable and personal account a rare combination brings village life in Syria strikingly close The volume is an important contribution to the fields of anthropology social sciences Syrian and Middle East studies Arab Cultural Studies Anastasia Valassopoulos,2013-09-13 This book seeks to both showcase and further develop innovative research and debates on contemporary Arab cultural production Popular culture in the form of cinema popular music literature visual media and cyber cultures both local and imported enjoy a central role in Arab cultural life and the contributors to this innovative collection showcase the tremendous cultural output emerging from the Arab world They present sensitive conceptual readings whilst remaining mindful of the place of this work within a wider framework that seeks to prevent isolationist readings of cultural phenomena Making sense of the place of culture in the Arab world and agreeing upon a broadly recognisable and commonly accepted set of terms within which to discuss this output is a new and urgent challenge Arab Cultural Studies aspires to understand communicate and theorise these forms This book was originally published as a special issue of the Journal for Cultural Research **Authoritarian Apprehensions** Lisa Wedeen,2019-09-15 If the Arab uprisings initially heralded the end of tyrannies and a move toward liberal democratic governments their defeat not only marked a reversal but was of a piece with emerging forms of authoritarianism worldwide In Authoritarian Apprehensions Lisa Wedeen draws on her decades long engagement with Syria to offer an erudite and compassionate analysis of this extraordinary rush of events the revolutionary exhilaration of the initial days of unrest and then the devastating violence that shattered hopes of any quick undoing of dictatorship Developing a fresh insightful and theoretically imaginative approach to both authoritarianism and conflict Wedeen asks What led a sizable part of the citizenry to stick by the regime through one atrocity after another What happens to political judgment in a context of pervasive misinformation And what might the Syrian example suggest about how authoritarian leaders exploit digital media to create uncertainty political impasses and fractures among their citizens Drawing on extensive fieldwork and a variety of Syrian artistic practices Wedeen lays bare the ideological investments that sustain ambivalent attachments to established organizations of power and contribute to the ongoing challenge of pursuing political change This masterful book is a testament to Wedeen s deep engagement with some of the most troubling concerns of our political present and future **The Bazaar in the Islamic City** Mohammad Gharipour,2012 The Middle Eastern bazaar is much more than a context for commerce the studies in this book illustrate that markets regardless of their location scale and permanency have also played important cultural roles within their societies

reflecting historical evolution industrial development social and political conditions urban morphology and architectural functions This interdisciplinary volume explores the dynamics of the bazaar with a number of case studies from Cairo Damascus Aleppo Nablus Bursa Istanbul Sana a Kabul Tehran and Yazd Although they share some contextual and functional characteristics each bazaar has its own unique and fascinating history traditions cultural practices and structure One of the most intriguing aspects revealed in this volume is the thread of continuity from past to present exhibited by the bazaar as a forum where a society meets and intermingles in the practice of goods exchange a social and cultural ritual that is as old as human history
