A New Perspective on Hebrews Kenneth Schenck, 2019-08-27 Going against the tide of much recent scholarship on Hebrews Kenneth Schenck argues that the letter was addressed to a primarily Gentile audience to console them and strengthen their faith in the wake of the destruction of the Temple The implications that Christians Jews and Gentiles alike valued the Temple highly and grieved its destruction point to a new perspective on the so called parting of the ways between Jews and predominantly Gentile Christians Schenck s work challenges many of the established assumptions of Hebrews scholarship and will deserve close attention for years to come

Acts of Reading Hiroshi Nara, Mari Noda, 2002-09-30 Students who have completed a year of German read Brecht in their second year those of Spanish read Cervantes Teachers of first and second year Japanese can often find nothing comparable Why aren t your students reading literature they are asked Why not Soseki Or Murakami What are instructors of Japanese doing wrong Nothing according to the authors of this volume Rather they argue such questions

exemplify the gross misunderstandings and unreasonable expectations of teaching reading in Japanese In *Acts of Reading* the authors set out to explore what reading is for Japanese as a language and how instructors should teach it to students of Japanese They seek answers to two questions What are the aspects of reading in Japan as manifested in Japanese society What L2 second language reading problems are specific to Japanese In answering the first and related questions the authors conclude that reading is a socially motivated purposeful act that is savored and becomes a part of people's lives Reading instruction in Japanese therefore should include teaching students how to work with text as the Japanese do in Japanese society The second question relates more directly to traditional concerns in L2 reading The authors begin with a general theory of reading They then offer a welcome glimpse into the rich and complex perspectives sometimes conflicting other times symbiotic on what reading is and how it is performed in L1 and L2 and most importantly on the web of interconnections between the phenomenology of reading and the demands it places on teaching approaches to reading in Japanese With essays by Charles J Quinn Jr Fumiko Harada and Chris Brockett Foreword by J Marshall Unger

Deliberative Acts Arabella Lyon, 2013-04-26 The twenty first century is characterized by the global circulation of cultures norms representations discourses and human rights claims the arising conflicts require innovative understandings of decision making *Deliberative Acts* develops a new cogent theory of performative deliberation Rather than conceiving deliberation within the familiar frameworks of persuasion identification or procedural democracy it privileges speech acts and bodily enactments that constitute deliberation itself reorienting deliberative theory toward the initiating moment of recognition a moment in which interlocutors are positioned in relationship to each other and so may begin to construct a new lifeworld By approaching human rights not as norms or laws but as deliberative acts Lyon conceives rights as relationships among people and as ongoing political and historical projects developing communal norms through global and cross cultural interactions

imaginations have been sparked in numerous ways by his insights *Luke and the Restoration of Israel* David Ravens,1995-01-01 Ravens argues that Luke s belief in God s restoration of Israel provides the key context for understanding Luke Acts His attitudes to Jews his surveys of Israel s history and his interest in the Samaritans combine to suggest his wider pre Davidic view of Israel a view that becomes the pattern for the restored Israel under its Davidic king Luke s belief leads him to present Christology and atonement in ways that cohere with Jewish hopes and to correct apparently anti Jewish elements in Paul s letters and Matthew s Gospel This theme also determines his account of the gentile mission and his pastoral concern for unity *Journal of Greco-Roman Christianity and Judaism, Volume 13* Stanley E. Porter,Matthew Brook O'Donnell,Wendy J. Porter,Hughson T. J. Oropeza,2016-04-15 A multi faceted commentary that breathes fresh insight into Paul s letter In Second Corinthians Paul responds to reports of the Corinthian congregation questioning his competency as a divinely sent messenger Through apologetic demegoria and the use of graphic imagery related to triumphal processions siege warfare and emissary travels and negotiation Paul defends his constancy persona and speaking abilities as he extends the offer of clemency and reconciliation to his auditors Oropeza combines rhetorical pictures rhetography with interpretative layers literary features intertextuality socio cultural ideological and sacred textures to arrive at the rhetorical impact of Paul s message for ancient Mediterranean discourse Features A visual sensory and imaginative interpretation of the scripture A comprehensive commentary An avant garde approach to biblical interpretation **North Pacific Perspectives on Magnuson-Stevens Act Reauthorization** United States. Congress. Senate. Committee on Commerce, Science, and Transportation. Subcommittee on Oceans, Atmosphere, Fisheries, and Coast Guard,2015 *The Writings of Luke and the Jewish Roots of the Christian Way* J. Andrew Cowan,2019-02-21 J Andrew Cowan challenges the popular theory that Luke sought to boost the cultural status of the early Christian movement by emphasising its Jewish roots associating the new church with an ancient and therefore respected heritage Cowan instead argues that Luke draws upon the traditions of the Old Testament and its supporting texts as a reassurance to Christians promising that Jesus life his works and the church that follow legitimately provide fulfilment of God s salvific plan Cowan s argument compares Luke s writings to two near contemporaries Dionysius of Halicarnassus and T Flavius Josephus both of whom emphasized the ancient heritage of a people with cultural or political aims in view exploring how the writings of Luke do not reflect the same cultural values or pursue the same ends Challenging assumptions on Luke s supposed attempts to assuage political concerns capitalize on antiquity and present Christianity as an

inner Jewish sect Cowan counters with arguments for Luke being critical of over valuing tradition and defining the Jewish people as resistant to God and His messages Cowan concludes with the argument that the apostle does not strive for legitimisation of the new church by previous cultural standards but instead provides theological reassurance to Christians that God's plan has been fulfilled with implications for broader debate **Ancient Forest Protection Act of 1991;**

Community Stability Act of 1991; Ancient Forest Act of 1991; and the Forests and Families Protection Act of 1991

United States. Congress. House. Committee on Agriculture. Subcommittee on Forests, Family Farms, and Energy, 1991

Monikaraj, 2008 **Atonement and the New Perspective** Stephen Burnhope, 2018-08-10 Atonement has been described as the central doctrine of Christianity and yet surprisingly the church has never insisted on a particular understanding of how redemption in Christ was achieved Instead a miscellany of metaphors has been employed each picturing something of Christ's work Recent debate within Reformed Evangelicalism has been characterized by claims for hegemony to be granted to penal substitution versus counter arguments for a kaleidoscopic multi model understanding Notably absent in these discussions however are two considerations One is any common nexus to draw atonement thought together The other is any positive theological contribution deriving from God's preexisting relationship with Israel the presumed role of which has rather been to provide a negative contrast of law versus grace and works versus faith as the dark background against which the light of Christ may shine more brightly Recent scholarship however particularly the new perspective on Paul has comprehensively dismantled the old stereotypes concerning first century Judaism This book asks how differently we might think about the atonement once it is brought into conversation with the new scholarship It concludes by proposing a new perspective on atonement in which Christ is central Israel and Torah are affirmed and the traditional metaphors continue to find their place
