Paul J.W. Miller

On The Dignity Of Man On Being And The One Heptaplus Hackett Classics

Giovanni Pico della Mirandola

On The Dignity Of Man On Being And The One Heptaplus Hackett Classics:

On the Dignity of Man Pico della Mirandola, 1998-03-01 Reflecting the broad range of interests of a major Renaissance philosopher and his distinctive brand of syncretism this anthology offers in their entirety three central works of Pico's On the Dignity of Man the quintessential expression of Renaissance humanism appears in the context of two lesser known but equally representative mature works On Being and the One a treatise defending what Pico held to be the agreement between Aristotle and Plato on the relation between unity and being and Heptaplus an interpretation influenced by a blend of cabalism and Christian doctrine of the first verses of Genesis New Selected Bibliography **Renaissance Humanism**, 2014-03-14 By far the best collection of sources to introduce readers to Renaissance humanism in all its many guises What distinguishes this stimulating and useful anthology is the vision behind it King shows that Renaissance thinkers had a lot to say not only about the ancient world one of their habitual passions but also about the self how civic experience was configured the arts the roles and contributions of women the new science the new world and so much more Christopher S Celenza Johns Hopkins University **Shakespearean Maternities** Chris Laoutaris, 2008-06-20 This study explores maternity in the disciplines of early modern England Placing the reproductive female body centre stage in Shakespeare's theatre Laoutaris ranges beyond the domestic sphere in order to recuperate the wider intellectual epistemological and archaeological significance of maternity to the Renaissance imagination Focusing on anatomy in Hamlet natural history in The Tempest demonology in Macbeth and heraldry in Antony and Cleopatra this book reveals the ways in which the maternal body was figured in and in turn contributed towards the re conceptualisation of bodies of knowledge Laoutaris argues that Shakespeare resists a monolithic concept of motherhood presenting instead a range of contested maternities which challenge the distinctive ways of knowing these early disciplines worked to impose on the order of created nature **Allegory and Enchantment** Jason Crawford, 2017-01-19 What is modernity Where are modernity's points of origin Where are its boundaries And what lies beyond those boundaries **Allegory and Enchantment** explores these broad questions by considering the work of English writers at the threshold of modernity and by considering in particular the cultural forms these writers want to leave behind From the fourteenth to the seventeenth centuries many English writers fashion themselves as engaged in breaking away from an array of old idols magic superstition tradition the sacramental the medieval Many of these writers persistently use metaphors of disenchantment of awakening from a broken spell to describe their self consciously modern orientation toward a medieval past And many of them associate that repudiated past with the dynamics and conventions of allegory In the hands of the major English practitioners of allegorical narrative William Langland John Skelton Edmund Spenser and John Bunyan allegory shows signs of strain and disintegration The work of these writers seems to suggest a story of modern emergence in which medieval allegory with its search for divine order in the material world breaks down under the pressure of modern disenchantment But these four early modern writers also make possible other understandings of modernity Each

of them turns to allegory as a central organizing principle for his most ambitious poetic projects Each discovers in the ancient forms of allegory a vital powerful instrument of disenchantment Each of them therefore opens up surprising possibilities that allegory and modernity are inescapably linked that the story of modern emergence is much older than the early modern period and that the things modernity has tried to repudiate the old enchantments are not as alien or as absent as they seem

Refuting Peter Singer's Ethical Theory Susan Krantz, 2002-01-30 Krantz provides a defense of traditional human centered ethics against Peter Singer's ethical theory Singer favors a Copernican revolution in ethics because he thinks our traditional ethics has collapsed under pressure from medical technology and from advances in the biological understanding of our fellow animals For nearly thirty years he has argued that the boundaries of the human lifespan and of the human species are so unclear that we must abandon our views that human beings have a special dignity and that the taking of innocent human life is always wrong Against this Krantz argues that in today's world human life has been cheapened and the values of the marketplace have begun to govern medical care and organ donation birth and death In fact this is just a foretaste of the world to come if Singer's ethical theory succeeds in replacing traditional human centered ethics What is required is not the abandonment of human dignity and of the sanctity of human life but rather a renewed understanding of how principles based on these ideas can be applied in the twenty first century Scholars students and general readers involved with ethical and contemporary philosophy issues will find this book interesting

The Vital Roots of European Enlightenment Samar Attar, 2007-10-23 The Vital Roots of European Enlightenment is a collection of essays which deal with the influence of Ibn Tufayl a 12th century Arab philosopher from Spain on major European thinkers His philosophical novel Hayy Ibn Yaqzan could be considered one of the most important books that heralded the Scientific Revolution Its thoughts are found in different variations and to different degrees in the books of Thomas Hobbes John Locke Isaac Newton and Kant But if Ibn Tufayl's fundamental values such as equality freedom and toleration which the thinkers of the European Enlightenment had adopted as theirs paved the way to the French Revolution they certainly marked the end of the age of reason in southern Spain and the rest of the Islamic world Ibn Tufayl's philosophy was appropriated subverted or reinvented for many centuries But the memory of the man who wrote such an influential book was buried in the dust of history The Vital Roots of European Enlightenment reexamines Ibn Tufayl's momentous book and its continued influence over contemporary philosophy This intriguing book will appeal to those interested in comparative literature and religion

A Companion to Thomas More A. D. Cousins, Damian Grace, 2009 Latin lives of Thomas More Germain Marc hadour Modern biographies of Sir Thomas More Michael Ackland More's letters and The comfort of the truth Alison V Scott Humanism female education and myth Erasmus Vives and More's To Candidus A D Cousins Virtue transformation and exemplarity in The Lyfe of Johan Picus L E Semmler Inhabiting time Sir Thomas More's Historia Richardi Tertii Arthur F Kinney The epigrams of More and Erasmus a literary diptych Clarence H Miller Erasmus and More exploring vocations Bruce Mansfield

Civitas philosophica ideas and community in Thomas More Dominic Baker Smith Utopia Damian Grace The reluctant champion More's Responsio ad Lutherum and Letter to Bugenhagen Alistair Fox The field is won an introduction to the Tower works Seymour Baker House Masterpieces of Philosophical Literature Thomas L. Cooksey III, 2006-03-30 Some works of philosophy also stand as significant contributions to literature and some works of literature have profoundly influenced philosophy Written expressly for high school and college students this reference insightfully introduces ten widely studied works of philosophical literature Individual chapters discuss Plato's Republic Augustine's Confessions Dante's Divine Comedy More's Utopia Voltaire's Candide Goethe's Faust Kierkegaard's Either Or Nietzsche's Thus Spoke Zarathustra Huxley's Brave New World and Borges Labyrinths An introductory chapter considers such issues as the nature of philosophical literature and the volume closes with a selected general bibliography Despite Plato's banning of poets from the ideal community some works of philosophy also stand as significant contributions to literature and some works of literature have profoundly influenced philosophy Such works have the power to challenge provoke and move the reader and they upset complacent assumptions and demand new thinking They also draw on the resources of language and literature to explore enduring issues Written expressly for high school and college students this reference conveniently introduces ten widely studied works of philosophical literature Time and Mind J.J.A. Mooij, 2005-02-01 This book deals with the history of a central problem in the philosophy of time Can time exist without mind or consciousness and if not in what respects Aristotle was the first to formulate this problem and it has been intensively discussed ever since This book analyses the answers and arguments and sets them in their historical context Although there have been very different approaches the book shows important continuities as well Besides being a specialist monograph it can be used in courses on the philosophy of time in general or on the realism idealism debate The Culture of Love in China and Europe Paolo Santangelo, Gábor Boros, 2020-01-13 In The Culture of Love in China and Europe Paolo Santangelo and Gábor Boros offer a survey of the cults of love developed in the history of ideas and literary production in China and Europe between the 12th and early 19th century They describe parallel evolutions within the two cultures and how innovatively these independent civilisations developed their own categories and myths to explain exalt but also control the emotions of love and their behavioural expressions The analyses contain rich materials for comparison point out the universal and specific elements in each culture and hint at differences and resemblances without ignoring the peculiar beauty and attractive force of the texts cultivating love **The Idea of the Renaissance** William Kerrigan, Gordon Braden, 1989 Awarded the Roland H Bainton Book Prize of the Sixteenth Century Studies Conference The writing draws on a considerable reserve of erudition and grace the stylistic kind so skillfully exhibited in each author's past work Their familiar audience will not be disappointed by this impressively readable collaboration Christopher Martin Sixteenth Century Journal **Lodovico Lazzarelli (1447-1500)** Ludovico Lazzarelli, Wouter J. Hanegraaff, 2005 On the Dignity of Man Giovanni Pico della Mirandola, 1998 This is a translation of

three works by Mirandola On the Dignity of Man a document of early Renaissance humanism One Being and the One a treatise on the relationship between unity and being and Heptaplus an interpretation of the first verses of Genesis *The Cumulative Book Index* ,1999 **On the Dignity of Man** Pico della Mirandola,Charles Glenn Wallis,Douglas Carmichael,1965 On the Dignity of Man, on Being and the One, Heptaplus Pico della Mirandola,1965 **On the Dignity of Man.
