Scoring the Score Ian Sapiro, 2016-11-10 Scoring the Score is the first scholarly examination of the orchestrator's role in the contemporary film industry Orchestrators are crucial to the production of a film's score yet they have not received significant consideration in film music research This book sheds light on this often overlooked yet vital profession It considers the key processes of orchestrating and arranging and how they relate musical and filmic training the wide ranging responsibilities of the orchestrator on a film scoring project issues related to working practices the impact of technology and the differences between the UK and US production processes as they affect orchestrators Drawing on interviews with American and British orchestrators and composers Scoring the Score aims to expose this often hidden profession through a rigorous examination of the creative process and working practices and analysis of the skills training and background common to orchestrators It will appeal to scholars students and practitioners of film music

Music and Mythmaking in Film Timothy E. Scheurer, 2007-12-05 This work studies the conventions of music scoring in major film genres e.g. science fiction hardboiled detective horror historical romance western focusing on the artistic and technical methods that modern composers employ to underscore and accompany the visual events Each chapter begins with an analysis of the major narrative and scoring conventions of a particular genre and concludes with an in depth analysis of two film examples from different time periods Several photographic stills and sheet music excerpts are included throughout the work along with a select bibliography and discography

Music in Film Pauline Reay, 2004 Music in Film Soundtracks and Synergy discusses a broad range of films from classical Hollywood through to American independents and

European art films and offers a brief history of the development of music in film from the silent era to the present day In particular this book explores how music operates as a narrative device and also emotionally and culturally By focusing on the increasing synergy between film and music texts it includes an extended case study of *Magnolia* as a film script which developed from a pop song Emphasis is also placed on the divide between the high culture of the orchestral score and the low culture of the pop song

A Research Guide to Film and Television Music in the United States Jeannie Gayle Pool, H. Stephen Wright, 2011 Unlike traditional music film music sources are often difficult to locate and do not follow the patterns that researchers are trained to identify Although there have been several self described introductions to the field and articles that summarize the problems and state of research there is no resource that gathers together all of the basic information that is vital to film music research In this volume Jeannie Gayle Pool and H Stephen Wright address the difficulties scholars encounter when conducting research on film and television music Intended as a guide for scholars and researchers in navigating the complex world of film and television music this book provides a detailed taxonomy of film music primary sources and explains how to find and interpret them The authors tackle the problems of determining film score authorship and working with recordings of film music A bibliographic essay summarizes the major works and trends in film music research and provides clear pointers to the most important resources in the field An up to date guide to important collections of film music sources and other research materials is also included Designed to clarify the nature of film music source materials and how they are generated *A Research Guide to Film and Television Music in the United States* provides clear signposts for scholars and identifies opportunities for further research
