*Reclaiming the Inner City* Ed Marciniak, 1986      **Brown in the Windy City** Lilia Fernández, 2022-12-22 Nuanced and meticulous analysis The first historical study to examine Chicago's Mexican and Puerto Rican populations in the same frame Journal of Social History *Brown in the Windy City* is the first history to examine the migration and settlement of Mexicans and Puerto Ricans in postwar Chicago Lilia Fernández reveals how the two populations arrived in Chicago in the midst of tremendous social and economic change and in spite of declining industrial employment and massive urban renewal projects managed to carve out a geographic and racial place in one of America's great cities Through their experiences in the city's central neighborhoods over the course of three decades Fernández demonstrates how Mexicans and Puerto Ricans collectively articulated a distinct racial position in Chicago one that was flexible and fluid neither black nor white A rich portrait of neighborhood life Carmen Teresa Whalen author of *From Puerto Rico to Philadelphia* An essential read *Time Out Chicago*      *Discrimination in Federally Assisted Housing Programs* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Housing and Community Development, 1986      *Chasing the American Dream* William M. Rohe, Harry L. Watson, 2018-07-05 Providing decent safe and affordable housing to low and moderate income families has been an important public policy goal for more than a century In recent years there has been a clear shift of emphasis among policymakers from a focus on providing affordable rental units to providing affordable homeownership opportunities Due in part to programs introduced by the Clinton and Bush administrations the nation's homeownership rate is currently at an all time high Does a house become a home only when it comes with a deed attached Is participation in the real estate market a precondition to engaged citizenship or wealth creation The real estate industry's marketing efforts and government policy initiatives might lead one to believe so The shift in emphasis from rental subsidies to affordable homeownership opportunities has been justified in many ways Claims for the benefits of homeownership have been largely accepted without close scrutiny But is homeownership always beneficial for low income Americans or are its benefits undermined by the difficulties caused by unfavorable mortgage terms and by the poor condition or location of the homes bought *Chasing the American Dream* provides a critical assessment of affordable homeownership policies and goals Its contributors represent a variety of disciplinary perspectives and offer a thorough understanding of the economic social political architectural and cultural effects of homeownership programs as well as their history The editors draw together the assessments included in this book to prescribe a plan of action that lays out what must be done to make homeownership policy both effective and equitable      **American Project** Sudhir Alladi Venkatesh, 2002-04-15 High rise public housing was a signature of the post World War II city A hopeful experiment in providing temporary inexpensive homes for all Americans the projects soon became synonymous with the black urban poor isolation and overcrowding drugs gang violence and neglect Here Venkatesh seeks to salvage public housing's troubled legacy      *Without Justice For All* Adolph Reed, 2018-02-12

Without Justice for All The New Liberalism and Our Retreat from Racial Equality questions examines and explains the way a new orthodoxy of American leaders has contributed to the social stratification and inequality which plagues America today By looking at the history of our social policies since the New Deal as well as the status of specific policy arenas essayists show how political shifts over the past fifty years have moved us away from a more egalitarian politics Throughout the book responds critically to the now conventional argument that liberalism must be reconfigured in ways that retreat from immediate identification with the interests of labor minorities and the poor From a look at federal housing policy and the failure of New Deal social programs to an examination of long established public assistance programs and Affirmative Action Without Justice for All is a timely and important contribution to the dialogue on race in modern America *Comeback Cities* Paul Grogan,Tony Proscio,2008-08-01 *Comeback Cities* shows how innovative pragmatic tactics for ameliorating the nation s urban ills have produced results beyond anyone s expectations reawakening America s toughest neighborhoods In the past big government and business working separately were unable to solve the inner city crisis Today a blend of public private partnerships grassroots nonprofit organizations and a willingness to experiment characterize what is best among the new approaches to urban problem solving Pragmatism not dogma has produced the charter school movement and the police s new focus on quality of life issues The new breed of big city mayors has welcomed business back into the city stressed performance and results at city agencies downplayed divisive racial politics and cracked down on symptoms of social disorder As a consequence America s inner cities are becoming vital communities once again **The Battered Child** Mary Edna Helfer,Ruth S. Kempe,Richard D. Krugman,1997 Previous editions of this book have been greeted with great acclaim This edition reflects the past decade s advances in research and techniques and includes contributions from experts on every aspect of child abuse **Encyclopedia of American Urban History** David Goldfield,2007 Publisher description

**Affordable and Public Housing Crisis** United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Housing and Community Development,1990 **Architect of Letters** Florian Strob,2022-11-07 News on Ludwig Hilberseimer Ludwig Hilberseimer 1885 1967 is regarded as one of the leading theorists of the Neues Bauen movement in pre War Germany and of modern functional urbanism This set of accomplishments still dominates the public image of the architect urban planner teacher and art critic to this day His development beyond that period has long been neglected The essays in this collection seek to fill this gap offering an exciting and wide ranging new perspective on the work of a central protagonist of modernism Until now most critical studies of Hilberseimer s work came from his place of exile in Chicago and his work in Germany Europe and the USA tended to be viewed separately this volume is the first to attempt to end this separation and encourage a complete overview of is work Previously unknown archival discoveries With contributions by Alexander Eisenschmidt Magdalena Droste Christine Mengin Philipp Oswalt Robin Schuldenfrei Charles Waldheim and others **Purging the Poorest** Lawrence J. Vale,2024-05-31 The building and management of public

housing is often seen as a signal failure of American public policy but this is a vastly oversimplified view In *Purging the Poorest* Lawrence J Vale offers a new narrative of the seventy five year struggle to house the deserving poor In the 1930s two iconic American cities Atlanta and Chicago demolished their slums and established some of this country s first public housing Six decades later these same cities also led the way in clearing public housing itself Vale s groundbreaking history of these twice cleared communities provides unprecedented detail about the development decline and redevelopment of two of America s most famous housing projects Chicago s Cabrini Green and Atlanta s Techwood Clark Howell Homes Vale offers the novel concept of design politics to show how issues of architecture and urbanism are intimately bound up in thinking about policy Drawing from extensive archival research and in depth interviews Vale recalibrates the larger cultural role of public housing revalues the contributions of public housing residents and reconsiders the role of design and designers

The Ultimate Multi-ethnic Resource for Chicago Cynthia Linton,1998      **Where are Poor People to Live?:**

**Transforming Public Housing Communities** Larry Bennett,Janet L. Smith,Patricia A Wright,2015-03-26 This groundbreaking book shows how major shifts in federal policy are spurring local public housing authorities to demolish their high rise low income developments and replace them with affordable low rise mixed income communities It focuses on Chicago and that city s affordable housing crisis but it provides analytical frameworks that can be applied to developments in every American city *Where Are Poor People to Live* provides valuable new empirical information on public housing framed by a critical perspective that shows how shifts in national policy have devolved the U S welfare state to local government while promoting market based action as the preferred mode of public policy execution The editors and chapter authors share a concern that proponents of public housing restructuring give little attention to the social political and economic risks involved in the current campaign to remake public housing At the same time the book examines the public housing redevelopment process in Chicago with an eye to identifying opportunities for redeveloping projects and building new communities across America that will be truly hospitable to those most in need of assisted housing While the focus is on affordable housing the issues addressed here cut across the broad policy areas of housing and community development and will impact the entire field of urban politics and planning      The Politics of Accommodation and Resistance in the Black Church

Rupe Simms,2000 This study argues that the church has the capacity of fostering ideological resistance to the dominant order and therefore making a profound contribution to the sociopolitical liberation of black Americans By developing this position using quantitative research methods in three African American churches the work confirms the reality of this potential showing that a counter hegemonic approach to church in the black community is possible This is significant because many politically active scholars even African American radicals disparage the institution as a politically destructive hegemonic organisation that misuses social and economic resources      **Human Care Services Directory of Metropolitan**
