The Return of Martin Guerre Natalie Zemon Davis, Martin Guerre, Arnault Du Tilh, 1984-10-15 The clever peasant Arnaud du Tilh had almost won his case when a man with a wooden leg swaggered into the French courtroom denounced du Tilh and reestablished his claim to the identity property and wife of Martin Guerre This book by the noted historian who served as a consultant for the film adds new dimensions to this famous legend *The Return of Martin Guerre* Natalie Zemon Davis, 1983-09-09 On an imposter in sixteenth century France [An Analysis of Natalie Zemon Davis's The Return of Martin Guerre](#) Joseph Tendler, 2017-07-05 The bizarre story of Martin Guerre a peasant who disappears from a small village in sixteenth century France and whose place is taken by an imposter has captivated historians for centuries **The Return of Martin Guerre** Daniel Vigne, 1982 **An Analysis of Natalie Zemon Davis's The Return of Martin Guerre** Joseph Tendler, 2017-07-05 Few stories are more captivating than the one told by Natalie Zemon Davis in *The Return of Martin Guerre* Basing her research on records of a bizarre court case that occurred in 16th century France she uses the tale of a missing soldier whose disappearance threatens the livelihood of his peasant wife to explore complex social issues Davis takes rich material dramatic enough to have been the basis of two major films and uses it to explore issues of identity women's role in peasant society the interior lives of the poor and the structure of village society all of them topics that had previously proved difficult for historians to grapple with Davis displays fine qualities of reasoning throughout not only in constructing her own narrative but also in persuading her readers of her point of view Her work is also a fine example of good interpretation practically every document in the case needs to be assessed for issues of meaning *Rediscoveries and Reformulations* Hayward R. Alker, 1996-05-30 This book provides a distinctive and rich conception of methodology within international studies From a rereading of the works of leading Western thinkers about international studies Hayward Alker rediscovers a neo Classical conception of international relations which is both humanistic and scientific He draws on the work of classical authors such as Aristotle and Thucydides modern writers like Machiavelli Vico Marx Weber Deutsch and Bull and post modern writers like Havel Connolly and Toulmin The central challenge addressed is how to integrate positivist or falsificationist research styles within humanistic or interpretive ones The author argues that appropriate philosophically informed reformulations of conventional statistical and game theoretic analyses are possible and describes a number of humanistic methodologies for international relations including argumentation analysis narrative modeling computational models of political understanding and reconstructive analysis [Proofs and Possibilities](#) Carlo Ginzburg, 1988 *The Many Faces of Clio* Q. Edward Wang, Franz L. Fillafer, Georg G. Iggers, 2007 Born in Germany Georg Iggers escaped from Nazism to the United States in his adolescence where he became one of the most distinguished scholars of European intellectual history and the history of historiography In his lectures delivered all over the world and in his numerous books translated into many languages Georg Iggers has reshaped historiography and indefatigably promoted cross cultural dialogue This volume reflects

the profound impact of his oeuvre Among the contributors are leading intellectual historians but also younger scholars who explore the various cultural contexts of modern historiography focusing on changes of European and American scholarship as well as non Western historical writing in relation to developments in the West Addressing these changes from a transnational perspective this well rounded volume offers an excellent introduction to the field which will be of interest to both established historians and graduate students
