Rise Of Christianity How The Obscure Marginal Jesus Movement Became The Dominant Religious Force:

The Rise of Christianity Rodney Stark, 1997-05-09 This fresh blunt and highly persuasive account of how the West was won for Jesus Newsweek is now available in paperback Stark's provocative report challenges conventional wisdom and finds that Christianity's astounding dominance of the Western world arose from its offer of a better more secure way of life Compelling reading Library Journal that is sure to generate spirited argument Publishers Weekly this account of Christianity's remarkable growth within the Roman Empire is the subject of much fanfare Anyone who has puzzled over Christianity's rise to dominance must read it says Yale University's Wayne A Meeks for *The Rise of Christianity* makes a compelling case for startling conclusions Combining his expertise in social science with historical evidence and his insight into contemporary religion's appeal Stark finds that early Christianity attracted the privileged rather than the poor that most early converts were women or marginalized Jews and ultimately that Christianity was a success because it proved those who joined it with a more appealing more assuring happier and perhaps longer life Andrew M Greeley University of Chicago

Retrieving Catholicity in American Protestantism John Williamson Nevin, 2024-04-25 This volume is a collection of essays on church history by John Williamson Nevin 1803-86 the theological creator of Mercersburg Theology Nevin and his colleague Philip Schaff were attempting to reorient American ecclesial thought to be more historical Most American theologians of the period posited a period of spiritual decline soon after the New Testament lasting until the Protestant Reformation They believed the ongoing task of the children of the Reformation was to remake the church in the mold of the apostolic faith In these essays Nevin was seeking to establish a more unified historical narrative that saw the Reformation as an essential outgrowth of the medieval Catholic church Nevin's search for an answer to the church question what is the church demanded a focus on history as an unfolding teleological journey Nevin's search for history is part of his larger search for catholicity in the American Protestant church These writings are an important part of the larger theological project that is known as Mercersburg Theology which is being explored in the volumes of this series

Food Justice and Hospitality in Luke-Acts Gideon S. S. Paulraj, 2023-05-23 Food security is a multifaceted concept and extends beyond the production of availability of and demand for food This book attempts to explore the meal narrations in Luke Acts as a source for a theology of hospitality to ascertain Luke's concern for the immigrant the poor the homeless the hungry and the outcasts This book focuses on fifteen meal scenes in Luke Acts and contributes to Lukan scholarship on meals particularly in addressing the issue of food insecurity Firstly by incorporating cultural dimensions and anthropology to understand the social context of the first century world this book contributes a new perspective on the Lukan audience which was stratified by socioeconomic and religious disparities in terms of privilege wealth and power Secondly this book analyzes the Lukan concern with the social structure and the social political economic and religious setting behind his emphasis on the pto set macron over o choi and the marginalized concerning livelihood needs such as food and shelter Thirdly this book connects

Lukan concern with contemporary theologies that include an emphasis on hunger and hospitality such as liberation theology Dalit theology and practical theology Thus the book challenges readers and offers a few recommendations for implementations to combat hunger and destitution *Orthodoxy and Heresy in Early Christian Contexts* Paul A Hartog,2015-08-27 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity He argued that many forms of Christianity started the race but one competitor pushed aside the others until this powerful orthodox version won the day The victors rewrote history marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity Bauer's influence still casts a long shadow on early Christian scholarship Were heretical movements the original forms of Christianity Did the heretics outnumber the orthodox Did orthodox heresiologists accurately portray their opponents And more fundamentally how can one make any objective distinction between heresy and orthodoxy Is such labeling merely the product of socially situated power Did numerous valid forms of Christianity exist without any validating norms of Christianity This collection of essays each written by a relevant authority tackles such questions with scholarly acumen and careful attention to historical cultural geographical and socio rhetorical detail Although recognizing the importance of Bauer's critical insights innovative methodologies and fruitful suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence **Created and Creating** William Edgar,2016-12-02 Culture plays an undeniable role in the Christian's vocational calling in the world How might we engage our culture with discernment and faithfulness Exploring Scripture and gleaning insights from a variety of theologians William Edgar offers a biblical defense of the cultural mandate arguing that we are most faithful to our calling when we participate in creating culture **A History of Christian Conversion** David W. Kling,2020-05-05 Conversion has played a central role in the history of Christianity In this first in depth and wide ranging narrative history David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach the narrative progresses from early Christian beginnings in the Roman world to Christianity's expansion into Europe the Americas China India and Africa Conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming However when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest No single unitary paradigm defines conversion and no easily explicable process accounts for why people convert to Christianity Rather a multiplicity of factors historical personal social geographical theological psychological and cultural shape the converting process A History of Christian Conversion not only narrates the conversions of select individuals and peoples it also engages current theories and models to explain conversion and examines recurring themes in the conversion process divine presence gender and the body agency and motivation testimony and memory group and self identity authentic and nominal conversion and modes of communication Accessible to scholars students and those with a general interest in conversion Kling's book is

the most satisfying and comprehensive account of conversion in Christian history to date this major work will become a standard must read in conversion studies Text and Artifact in the Religions of Mediterranean Antiquity Peter Richardson, Canadian Corporation for Studies in Religion, 2000-05-19 North American and European scholars of archaeology and theology explore the issue of how primary religious texts of the ancient Mediterranean world and artifactual evidence can be mutually supportive and illuminating The essays are divided into those on early Christianity late antique Judaism and the Greco Roman world at large and include studies on the placing of Jesus celibacy and social deviancy in the Roman period and epigraphic evidence for Jewish defectors Canadian card order number C00 930959 4 Annotation copyrighted by Book News Inc Portland OR *A Public Missiology* Gregg Okesson, 2020-04-21 How can Christians witness to the complexity of our world Gregg Okesson shows that local congregations are the primary means of public witness in and for the world As Christians move back and forth between their churches and their neighborhoods workplaces and other public spaces they weave a thick gospel witness This introduction to public missiology explains how local congregations can thicken their witness in the public realms where they live work and play Real life examples from around the world help readers envision approaches to public witness and social change **Transformations of Religious Practices in Late Antiquity** Eric Rebillard, 2024-08-01 The eighteen papers collected in this volume fifteen of which are published in English for the first time explore the transformations of religious practices between the third and the fifth centuries in the Western part of the Roman Empire They share an approach that privileges the study of processes and interactions and does not take for granted the categories and roles traditionally ascribed to social actors A first group of papers focuses on the sermons and letters of Augustine of Hippo These texts are precious evidence for balancing the clerical perspective that characterizes most of our sources and can thus shed a different light on the problem of Christianization The second group collects papers that propose to shift attention from the construction of heresies to that of orthodoxy through the case study of the controversy of Augustine against Pelagius and Julian of Eclanum A last group present studies that look at the complex relation between burial and religion with a particular focus on the role played by the church in the organization of the burial of Christians in Late Antiquity Who Were the First Christians? Thomas Arthur Robinson, 2017 Challenges the consensus view of the urban character of early Christianity Demonstrates that almost every scenario in reconstructing early Christian growth is mathematically improbable and in many case impossible unless a rural dimension of the Christian movement is factored in Points to the likelihood that the marginal and the rustic made up a larger part of its membership than is generally recognized

Practicing Ministry in the Presence of God John Jefferson Davis, 2015-07-13 Practicing Ministry in the Presence of God presents a new paradigm for church ministry one that is based on fundamental truths of the Christian faith such as the Trinity union with Christ and the already presence of the Holy Spirit in the church This new paradigm can help busy pastors avoid burnout in the ministry and model Trinitarian New Testament patterns of ministry to their people Practicing Ministry in

the Presence of God reflects the best of recent New Testament scholarship sensitivity to the contexts of globalized postmodern cultures dominated by digital media and practical applications for Christian life discipleship worship and mission

Youth Ministry in a Multifaith Society Len Kageler, 2014-04-24 How do we ground our young people in the faith while encouraging their relationships with friends of other faiths Veteran youth minister and researcher Len Kageler digs into the data surrounding this exciting multifaith era and offers surprising confidence that our kids can be guided into mature Christian faith while simultaneously learning to love their neighbors of other religions

Greed and the Dark Powers in Luke-Acts Michael Blythe, 2025-07-14 Greed and the Dark Powers in Luke Acts invites readers into a fascinating exploration of how greed functions as a spiritual weapon wielded by oppressive powers Blythe reveals how greed is not merely a personal sin but a force of systemic exploitation and spiritual corruption Through vivid episodes the book uncovers a cosmic struggle between the forces of good and evil generosity and greed liberation and oppression Blythe's compelling analysis calls contemporary readers and communities of faith to resist greed's seductive powers by embodying economic justice and generosity while confronting oppressive systems Insightful timely and provocative this study equips readers to recognize and resist the spiritual dynamics of greed empowering the church to confront darkness and embody Christ's victory to the ends of the earth

Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great Andrew J. Pottenger, 2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine's rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor's perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son's divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine's use of power as he engaged with these problems of schism and heresy Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great is of interest to students and scholars of early Christianity and the history of the later Roman Empire

Church, Immigration & Pluralism Oleg Dik, 2023-02-16 This book wrestles with the question of how the church can thrive in such a diverse urban environment as Berlin and contribute to the flourishing of a pluralistic society The study includes embedded experience on the streets and crosses the disciplinary divides of Sociology Theology The main claim of the book is that the church is only able to thrive when it is willing to descend into

the messy urban reality and encounter the stranger However the church can only do so by glimpsing God's glory in worship Living pluralism emerges from the grassroots The church can only become a gift to society paradoxically By not setting itself at the center but rather by gathering around the triune God and abandoning its desire for power and relevance the church will unintentionally provide a fertile soil within which resilient pluralism will grow Oleg Dik is professor for urban Theology Sociology at the Evangelische Hochschule TABOR Marburg TSB Theologisches Studienzentrum Berlin and lectures occasionally at Humboldt University Berlin in Sociology of Religion **The Cross from a Distance** Peter G.

Bolt,2016-03-11 In this New Studies in Biblical Theology exploration of Mark's Gospel Peter G Bolt looks at why the cross is so prominent in the narrative asks what contribution Mark's teaching can make to our understanding of the atonement and shows how this teaching can inform correct and enrich our own preaching of the gospel in the contemporary world

Poverty and the Poor in the World's Religious Traditions William H. Brackney,Rupen Das,2018-12-01 This detailed book is a resource for students practitioners and leaders interested in how the major world religions have understood poverty and responded to the poor Poverty is a universal phenomenon across history regardless of country or culture Today the demographics of the poor are on the rise globally it is a critical issue Religious traditions are another universal aspect of human societies and nearly all religions include directives on how to respond to the poor and systemic poverty How do the various religious traditions conceptualize poverty and what do they view as the proper response to the poor Poverty and the Poor in the World's Religious Traditions Religious Responses to the Problem of Poverty brings together specialists on the religions of the world and their diverse viewpoints to identify how different religious traditions interact with poverty and being poor It also contains excerpts of religious texts that readers can use as primary documents to illustrate themes such as identifying the poor religious reasons for being poor and responses like charity and development to the existence of poverty This book serves as a powerful resource for students of subjects like international development missiology comparative religion theology social ethics economics and organizational leadership as well as for any socially concerned clergy of various faiths *Vanishing Grace* Philip Yancey,2018-06-05 In a time of division and discord Christians have come to be seen not as bearers of good news and love but of judgement and intolerance How did we get here And what can we do about it With a reporter's eye and a compassionate heart Philip Yancey bestselling author of *What's So Amazing About Grace* suggests practical ways in which we can live as salt and light within a society that is radically changing What can we learn from those who shun church but consider themselves spiritual How do people like artists pilgrims and activists model for us a more compelling path to faith than our usual concept of evangelism Can the good news once spoiled ever sound good again In *Vanishing Grace* Yancey tackles challenging and timely questions and offers a discerning look at what contributes to the rising hostility toward Christians acknowledging the ways that Christians themselves have contributed to this hostility and exploring how we can respond with both grace and truth In the wake of recent events and cultural shifts people both inside

and outside the church are thirsty for grace Vanishing Grace calls us to see their thirst and ours in a hopeful new light as we listen love and offer a grace that is truly good news *Church Together* Daniel C. Dickard, 2022-01-13 *Church Together* is a Christian leadership book designed to give pastors church leaders and church members a working plan to overcome the greatest underlying threat to the church today individualism through five relationships of surrender which correlate to the five core values of the Church of We Part One examines the three rotten fruits of individualism within the Church of Me consumerism pragmatism and the extremes of legalism and liberalism and how to spot each of these problems Part Two offers a solution on what it will take for churches to make a healthy transition from the Church of Me to the Church of We *Church Together* for this reason gives churches a manageable plan to defy the individualistic spirit of the age as they become the Church of We in the Age of Me
