Augustin Ostace,2025-06-06 For the understanding and analysis in depth biology of this dramatic disease in Human Sapiens
it is necessary to be prepared not only in two or three of four generations of searchers and researchers but to the entire
existence and essence of the Species Sapiens as a wholeness of its Anatomy and Embryology of its Physiology of its Pathology
and subsequently of its evolutionary and revolutionary of its Anatomy in Thinking in Rethinking and in Creativity as Anatom
ology and of its Anatom Ontology The Logos of Human Sapiens Anatomy and Ontology of the same Human Sapiens Anatomy is
interrelated by the SOPHOS of the Human Sapiens Anatomy and this Trinity of LOGOSONTOSOPHOS have made out this
uniqueness of Genesis and Evolution GENEVO of Geology and Biology of Planetary Earth by adding lastly to GENEVO also
the powerful of Selection Multi polar Selection i e the Selection acting and reacting at all levels of the organization of matter
naming here Elementary Particles Atoms Biomolecules Cell Tissue Organs Organism Therefore one must say that the concept
of GENEVO Genesis Evolution must be completed anytime and in any circumstances of searching and researching theoretical
and practical by the basic concept of Nature Biology of the SELECTION actually the MULTIPOLARE SELECTION i e
repeating the one acting and reacting at all level of a living integrated system of Elementary Particles of Atom of Molecule of
Cell of Tissue of Organs and final of Organism therefore GENEVO is becoming a GENEVOSEL Through the triadic concept o
logy of GENEVOSEL it is possible to explain at least theoretically the Fine Tuning concept acting and reacting at all level of
Matter of Form and of Energy as basic coefficient and constant in Cosmology and Biology and Sapient ology alike We
assume that the Pathology of Oncology in Human Sapiens into which any individuality or any Human Being is totally subdued
to its Species therefore Human Being is also a Human Sapiens Being This dramatic Tumour pathology has been the
battlefield of all battlefields in Human Sapiens Being pathology overcoming by far all other pathologies of Human Sapiens
through its dramatic consequences of high percentage of death exitus having the highest rate of life threatening disease for
Human Sapiens Being Also here one must be specify that while the ONCCOLOGY is the part of this terrible disease in Human
Sapiens the ONCCOSOPHY is the wisdom of preventing and treatment of this monster pathology hitting merciless babies and
young people adults and old people We are also fully convinced that even our Theoretical approach of this dramatic and
tragic pathology in Human Sapiens Being can open up its own chances of triad of Information Inspiration Intuition within an
Era of tetrad as Book Intelligence Computer Intelligence Internet Intelligence Artificial Intelligence We try to achieve a

Symbiosis or a SYMBIONTOSOPHY of triad and tetrad showing up of the above by envisioning the possibility in reaching out also a THEORETICAL INTELLIGENCE into the very complicated and hyper complex field of Oncology Pathology in Human Sapiens Being It is envisioned also another level another dimension and another determination of Epistemology in Human Pathology another level another dimension and another determination of Axiology in Human Pathology by fighting for every letter of Inspiration and of Intuition by rethinking every number and every sign of this dramatic alphabet of pain of suffering and of desperation one of the deepest hyper stressing of Human Sapiens Being Also the ideas the concepts and terminology of THEORETICAL INTELLIGENCE IN ONCCOLOGY ONCCOSOPHY the wisdom of treating of Tumour Pathology will be reflected in text context and Video text of Encyclopaedism and Neo Encyclopaedism by mirroring any kind of VIDEOLOGY VIDEOSOPHY in its static dynamic or static dynamic features Even if our theoretical endeavour seems to be difficult to be perceived in Clinical Medicine the author is deeply convinced in its assaulting of uncertainty and unknowns in Theoretical of Tumor Pathology Perhaps this realm of Theoretical Medicine is just an illusion is just a dream but the Almighty Creator of Life on Earth will create particularly for me in rewarding my daring Theoretical Pathologist Pathosophist **UNIVERSE IN BECOMING** Augustin Ostace, 2018-10-17 Dedicated to the Universe in becoming since its own genesis through the Big Bang always in expanding always in changing always in becoming by giving birth to the atom then to the molecule followed by the born of stars then to the galaxies The Galaxy is the basic unit of the Universe containing millions or billions of stars with millions or even with billions of planetary systems Within a such Galaxy called Milky Way Galaxy within a such solar system called Sonnensystem upon a planetary system called Earthsystem or Erdesystem a form of life in evolution and diversification has given in almost four billions years to a form of rational intelligence called human who in turns is trying to find out as many as one can out of the mysteries of the Universe Cosmologist in Becoming **CONSTITUTION OF AI-SAPIENS - 1** Augustin Ostace, 2025-07-07 Could be exist or co exist a such reality an historical reality in Truth and Righteousness regarding a Constitution regarding a set of rules regarding a duality a bipolarity of Artificial Intelligence AI in its togetherness with Species Sapiens both reunited under the crown of a Constitution written and thought in human abstract symbols It is not an just an illusion of a temperamental author or co author more or less constitutionalist get lost into a magic field of Virtual Reality or Cyberspace Sur reality which today are a common things overall on our High Technological Terra more or less Incognito Terra Our experiences in different areas of Computer Industry developments in the last of circa about 75 years long just in the aftermath of World War II WWII says that a Constitution of AI Sapiens is not at all a legend a mythology or a fairy tales or a metaphor of Science Fiction or High Tech endless ability The huge developments in the last years of Artificial Intelligence AI as a booming technology by boosting everything in Human Sapiens with no precedence in its entirety of Humankind of Sapiens Humankind enforced the author to make a completion to the uniquely intelligent Species on Planetary Earth with this technological ontological and contemporary science mythological advancement of AI
