These notable buildings are an integral part of California's history. The state's recorded history essentially began with the Spanish missions along the ambitious chain of 21 missions on El Camino Real, The Royal Highway, and the men who founded them. *California Missions and Presidios* is a gorgeous book that presents the history of these intriguing sanctuaries of peace and beauty. The eye-popping photography of Alastair Worden and Randy Leffingwell captures their unique character while Leffingwell's accessible text brings to life the overall history of California's conquest by the Spanish, the construction and operation of the missions, presidios, ranchos, and adobes, and the background of the mission architecture and style. Seemingly unchanged, these missions and presidios have survived the centuries remarkably well, still welcoming visitors as a refuge of serenity and splendor while providing a glimpse into the lives of the spirited pioneers who built these structures and lived and worked there. *Glimpses of California and the Missions* Helen Hunt Jackson, 1913 **The California Missions** Ruben G. Mendoza, 2018-03-20. Magical spaces rich in history, the missions of California featured here in all new photography invite reverie and hint of romance. The twenty-one missions of California, from San Diego to San Francisco Solano, are historic treasures and sites of pilgrimage for visitors from the world over. Intrinsically beautiful structures typically built of adobe brick and wood, adorned with towers, domes, whitewashed stucco, often surrounded by lush gardens, the missions are at the very heart of California. Established by Spanish padres, built by Native Californians, and preserved and restored by historians and architects, California's missions are unique monuments to the region's early American Indian and European histories. This colorful, informative exploration of all twenty-one missions, each with its own rich story to tell, journeys along the historic Camino Real from Mission Dolores with its flower-strewn courtyard gardens in San Francisco to San Juan Capistrano, famous for the swallows that flock to its inviting grounds. With lush photography that captures the missions' details so splendidly, this is the perfect book for mission visitors and lovers of their strong and simple forms. *The Missions of California* Bill Yenne, 2004. California's 21 missions are moving historical reminders of the first non-Native American forays onto the American Pacific Coast. From 1769 to 1823, Jesuit and Franciscan missionaries founded missions from San Diego to Sonoma, all of which can still be visited today. From the story of Father Junipero Serra's tortuous journey to establish the first mission in San Diego to the well-known legend of the swallows of San Juan Capistrano, here are the unique histories of the jewels of El Camino Real. This beautiful photographic celebration of Spain's religious contribution to the Golden State features both historic and modern photographs with interior and exterior images of the gardens, grounds, and various mission complex buildings.
