Interdisciplinary Reflections on the Interplay between Religion, Film and Youth Anita Cloete,2019-07-31 The relationship between the media and religion in a contemporary world is not only obvious but also complex In a culture that increasingly focuses on visual media film plays a salient role in forging notions of identity and creates a sense of community in younger generations In this book an interdisciplinary team of scholars delve deep into the relationship amongst younger individuals from different countries universities and disciplines as well the influence of film on their developing worldview The publication ultimately portrays the media as an agent of cultural and religious change underscoring the necessity of

critical contextual and interdisciplinary reflection on the interplay between the media and religion **Research on Teaching and Learning with the Literacies of Young Adolescents** Kathleen F. Malu, Mary Beth Schaefer, 2015-02-01

Research on middle level education indicates that student learning at the middle level has a deep and abiding influence on post secondary opportunities and career paths As research continues to highlight the urgency of engaging middle level students in academic learning it is increasingly clear that these students multiple literacies must become a part of teaching and learning Understanding how to infuse the literacies of middle level students across classroom activities is a critical part of improving student achievement This volume in The Handbook series shares literacy research from multiple contexts and deepens our understanding of the literacies that middle level students use in and out of school This volume includes research that identifies how to best teach and learn with our increasingly diverse students The perspectives that emerge from this volume help us examine the current state of new and evolving literacies and construct a cutting edge research agenda for middle level literacy education Research reports focus on digital literacies including social networking media and games English language learners high stakes literacy tests and middle level learners specifically boys and literacy teaching and learning in middle level teacher education programs A wide range of research methods and modes are used in these reports including case studies teacher research narrative inquiry survey research and action research Embracing Diversity in the Learning Sciences Yasmin B. Kafai, 2012-10-12 More than a decade has passed since the First International Conference of the Learning Sciences ICLS was held at Northwestern University in 1991 The conference has now become an established place for researchers to gather The 2004 meeting is the first under the official sponsorship of the International Society of the Learning Sciences ISLS The theme of this conference is Embracing Diversity in the Learning Sciences As a field the learning sciences have always drawn from a diverse set of disciplines to study learning in an array of settings Psychology cognitive science anthropology and artificial intelligence have all contributed to the development of methodologies to study learning in schools museums and organizations As the field grows however it increasingly recognizes the challenges to studying and changing learning environments across levels in complex social systems This demands attention to new kinds of diversity in who what and how we study and to the issues raised to develop coherent accounts of how learning occurs Ranging from schools to families and across all levels of formal schooling from pre school through higher education this ideology can be supported in a multitude of social contexts The papers in these conference proceedings respond to the call **Language Disorders from Infancy Through Adolescence** Rhea Paul, 2007-01-01 This text provides students with the information needed to properly assess childhood language disorders and decide appropriate treatments The book covers language development from birth to adolescence **Adolescent Boy's Literate Identity** Mary Rice, 2011-05-27 A representation of a narrative inquiry conducted with five ninth grade boys that were identified as displaying multiple literacies looking specifically at how these boys storied their literate identities *Positive Youth Development in Global Contexts of Social and*

Economic Change Anne C. Petersen, Silvia H. Koller, Frosso Motti-Stefanidi, Suman Verma, 2016-12-19 The youth of the world are our most important assets When youth develop positively they have the power to benefit themselves their families communities and societies These tremendous benefits accrue for many generations so investments in youth represent a highly cost effective opportunity for positive change This is the first volume to focus globally on the effects of social and economic change on youth and on the opportunity to support youth through policy programs and interventions to develop positively despite challenges The chapters in this volume highlight research demonstrating youth assets and resilience as well as programs and interventions that increase the likelihood that youth will thrive Many chapters also draw attention to opportunities for youth leadership helping youth to develop their strengths as they benefit their communities Additional chapters focus on promoting optimal youth development in the presence of adversity risk or challenge taking into consideration the potential and capacity of the young person Finally the ecological system theory is a strong influence in many chapters that examine the inter relationship of different social contexts such as family peers school and work Positive Youth Development in Global Contexts of Social and Economic Change is both a vision for the future and an ideology supported by a new international vocabulary for engaging with youth development Developed by researchers across interdisciplinary fields the volume has enormous policy implications for lawmakers given the surge in youth population in many parts of the world

Finding Truth in Fiction Karen Dill-Shackleford, Cynthia Vinney, 2020 In Finding Truth in Fiction two media psychologists reveal that there s much more to our desire to seek out stories in film TV and books than simple diversion fiction can help us find truth in our real lives By exploring our relationship with fictional stories and characters the authors will examine the influence of fiction on our identities the paradox of trying to separate actors from the roles they play and the types of stories we are drawn to over and over

Storied Health and Illness Jill Yamasaki, Patricia Geist-Martin, Barbara F. Sharf, 2016-07-01 Health and illness are storied experiences that necessarily entail personal cultural and political complexities For all of us communicating about health and illness requires a continuous negotiation of these complexities and a delicate balance between what we learn about the biology of disease from providers and our own very personal subjective experiences of being ill Storied Health and Illness brings together dozens of noteworthy scholars both established and emerging in a provocative collection that embraces narrative ways of knowing to think about analyze and reconsider our own and others health beliefs behaviors and communication Comprehensive content reflects the editors substantial research in integrative health narrative care and innovative ways of improving well being and quality of life in personal relationships healthcare the workplace and community settings Unique narrative approaches to the study of health communication include 14 chapters written by 22 contributors who use engaging stories from their own research or personal experience to introduce and ground foundational communication concepts in healthcare health promotion community support organizational wellness and other health related sites of interest Compelling stories of individuals living with the
