being from another universe That choice is taken from him when a rift to another world opens above the moonlit sands Thrown in with a cabal that rides the interdimensional tides to police the borders between realities he learns he could be the catalyst for epic destruction Taking up the cause with his new companions Ridley must help them uncover who s after him and why while coming to terms with the emotional turmoil consuming him His feelings and courage are put to the test when a new target is painted on Marisol These are his first steps into the Realms of the Quanta a multiverse of infinite diversity where each reality is governed by its own laws of nature and metaphysics The sole commonality they all share is that very few ever learn of their sister dimensions But someone has and is lashing out from the shadows putting Ridley s life in the crosshairs and threatening to shatter the pillars of the Quanta itself
