A Celebration of Maine Children's Books Lynn Plourde,Paul Knowles,1998 **Place Called Maine** Wesley

McNair,2008-06-02 What is it like to live and write in Maine Wesley McNair Maine s premier anthologist asked authors who are new to Maine as well as natives to answer this question They wax lyrical on everything from encounters with neighbors and wildlife to embracing Maine s rich natural landscape and they take a philosophical look at the state of being in Maine

Among the authors included are Carolyn Chute Richard Ford Bill Roorbach Richard Russo and Monica Wood **The Maine Poets** Wesley McNair,2024-01-09 In The Maine Poets editor Wesley McNair has selected work by poets of the state from Longfellow to the present Chosen for their appeal to the general reader these poems honor the full vision and diversity of Maine s poets as they address life in Maine and in all human places Today's Best Maine Fiction Wesley

McNair,2008-07-28 Here Carolyn Chute Stephen King Bill Roorbach Richard Russo Monica Wood and nine other stellar Maine writers prove that the state is a superb source of inspiration for fiction They capture Maine s atmospheric landscape sharply defined seasons and an assortment of unforgettable characters Originally published as Contemporary Maine Fiction the paperback edition bears a new title Selected by Maine s premier anthologist this is truly the best fiction you ll find in Maine today **Hidden Places** Joseph Conforti,2020-03-24 Across decades Maine has produced nationally recognized

novelists of place based fiction From the late nineteenth century to the present writers have explored the experiences of living in far flung settings island and coastal villages northwoods lumbering communities unincorporated townships backcountry hamlets and mill cities and towns Taken together their body of work composes a remarkable literary map of a diverse and changing Maine Hidden Places explores the identity of Maine through its writers and the people and places they captured at moments in time Hidden Places traces the work of these writers to provoke readers into seeing and understanding Maine places with new awareness These Maine writers construe place as both a territory on the ground and a country of the imagination They help insiders see more clearly what is distinctive about their communities and encourage outsiders to better understand what might seem quaint or odd about the state Like a well drawn atlas Hidden Places seeks to capture a diverse state at the granular level one representation at a time It explores the identity of Maine through its writers and the people and places they wrote of **Down East** ,1994 *Sum of the Parts* Kent C Ryden,2011-04-01 Proponents of

the new regional history understand that regional identities are constructed and contested multifarious and not monolithic that they involve questions of dominance and power and that their nature is inherently political In this lively new book writing in the spirit of these understandings Kent Ryden engagingly examines works of American regional writing to show us how literary partisans of place create and recreate attack and defend argue over and dramatize the meaning and identity of

their regions in the pages of their books. Cleverly drawing upon mathematical models that complement his ideas and focusing on both classic and contemporary literary regionalists, Ryden demonstrates that regionalism in the cultural sense retains a great deal of power as a framework for literary interpretation. For New England, he examines such writers as Robert Frost and Hayden Carruth, Mary E. Wilkins Freeman and Edith Wharton, and Carolyn Chute and Russell Banks to demonstrate that today's regionalists inspire closer, more democratic readings of life and landscape. For the West and South, he describes Wallace Stegner's and William Faulkner's use of region to respectively exclude and evade or confront and indict. For the Midwest, he focuses on C. J. Hribal, William Least Heat Moon, Paul Gruchow, and others to demonstrate that midwesterners continually construct the past anew from the materials at hand, filling the seemingly empty midlands with history and significance. Ryden reveals that there are many Wests, many New Englands, many Souths, and many Midwesterns, all raising similar issues about the cultural politics of region and place. Writing with appealing freshness and a sense of adventure, he shows us that place and the stories that emerge from and define place can be a source of subversive energy that blunts the homogenizing force of region, inscribing marginal places and people back onto the imaginative surface of the landscape when we read it on a place-by-place, landscape-by-landscape, book-by-book basis.

Take Heart Wesley McNair, 2022-09-01. In this anthology, former Maine Poet Laureate Wesley McNair has collected the work of Maine poets that were featured in his popular column *Take Heart*. Featuring a poem each week, the columns ran in thirty newspapers across the state and reached more than a quarter of a million readers. These are poems about longing and pleasure and death and love, poems about the natural world, poems that will inspire tears and laughter and help you carry on. Poems from the heart, all penned by Maine writers whose astonishing vision this book celebrates.

Maine's Place in the Environmental Imagination Michael D. Burke, 2020-12-15. The essays in *Maine's Place in the Environmental Imagination* address from a variety of perspectives how Maine's unique identity among the states of the United States has been formed and what that identity is. A place that is still imagined by others, primarily through its environmental associations, its nature and landscape rather than through its social arrangements and human history. The collection attempts a foundational study, not of a regional literature but of a state literature. In doing so, it makes the case that Maine was constructed imaginatively and environmentally through its literature and that this image is the one that endures even now. The essays suggest how this identity was formed by discussing writings ranging from the recently recovered work of Joseph Nicolai, a member of the Penobscot Nation in the late 19th century, to the contemporary Maine author Carolyn Chute, from Thoreau's canonical essay *Ktaadn* to the modernist E. B. White, whose works have an underappreciated environmental project. Contributors include scholars Nathaniel Lewis, Annette Kolodny, Linda Kornasky, Daniel Malachuk, Kent Ryden, and Lynn Wake.
