Historical Dictionary of the Reagan-Bush Era Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett's classic play Waiting for Godot many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of Historical Dictionary of the Reagan Bush Era contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **11 Principles of a Reagan Conservative** Paul Kengor, 2014-03-03 What would Ronald Reagan do This is a question that infiltrates the many minds of American politicians claiming to be a Reagan conservative As the presidential election rolls around every four years jockeys for the Republican nomination believe that they carry the mantle of Ronald Reagan but it might just be that the ideals of the once great president have been misconstrued So what were Ronald Reagan's true beliefs The real answer to this question may come as a shock to both conservatives and liberals alike In 11 Principles of a Reagan Conservative biographer Paul Kengor dissects Reagan's presidency by analyzing his speeches and actions and comes to decisive conclusions to paint a full and accurate picture of what his beliefs truly were Freedom Faith Family Sanctity and Dignity of Human Life American Exceptionalism The Founders Wisdom and Vision Lower Taxes Limited Government Peace Through Strength Anti Communism and Belief in the Individual It's these 11 principles that lie at the crux of Reagan's conservatism **Reagan's Journey** Margot Morrell, 2011-05-03 A RENOWNED LEADERSHIP EXPERT EXAMINES THE LIFE OF RONALD REAGAN EXTRACTING THE KEY COMPONENTS OF HIS IMMENSE SUCCESS PERSONAL AND PROFESSIONAL AND OFFERS AN ILLUMINATING MODEL FOR LEADERS AND MANAGERS IN EVERY WALK OF LIFE Since leaving office Ronald Reagan has emerged as among America's greatest and best loved leaders Today he is known as the Great Communicator but in the course of his sixty year career Reagan faced obstacles and hardships that could have stalled him at any point along the way After every disaster he picked himself up and kept moving forward How did he manage his career and handle the hurdles involved in transitioning from actor and union official into a public speaker in high demand and from there into an extraordinarily successful politician What can we learn from the way the perennial new kid in town muscled through

adversities maintained his focus stayed true to his principles and achieved his goals In a compelling narrative that is both a motivational leadership teaching tool and a fascinating biography bestselling author Margot Morrell sheds light on the challenges and heartbreaks that shaped Ronald Reagan Four times his life slammed into a brick wall his 1948 divorce from actress Jane Wyman the termination of his long standing contract with Warner Bros the end of his eight year association with General Electric and a hard fought loss to President Gerald Ford in the 1976 primary campaign Setting politics and policies largely aside Morrell highlights the strategies and tactics Ronald Reagan used to transform himself from shy introvert to confident communicator the methods and tools he employed to keep his career on track and the skills he developed that led to his many accomplishments Each chapter of Reagan s Journey is followed by summary bullet points and an essential overview titled Working It In to facilitate these lessons into your formation as a leader Anyone interested in strengthening their leadership and communications skills becoming more resilient in the face of setbacks or taking their careers to the next level will find practical and useful lessons in the life of Ronald Reagan

They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said That government is best which governs least And Horace Greeley never said Go west young man In They Never Said It Paul F Boller Jr and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why we should consign them to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin s supposed deathbed recantation of evolution falsify the historical record with their blatant dishonesty And other chillingly vicious ones filled with virulent racial and religious prejudices completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and thought provoking book They Never Said It covers a great deal of history and sets it right Going beyond a mere catalog of popular misconceptions Boller and George reveal how rightists and leftists and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends The ultimate debunking reference it perfectly complements handbooks of quotations
