handy volume for the first time are several of the seminal essays on W E B Du Bois s contributions to sociology and critical social theory from Du Bois as inventor of sociology of race to Du Bois as the first sociologist of American religion from Du Bois as a pioneer of urban and rural sociology to Du Bois as innovator of sociology of gender and culture and finally from Du Bois as groundbreaking sociologist of education and critical criminologist to Du Bois as dialectical critic of the disciplinary decadence of sociology and the American academy What this volume offers that is wholly innovative and distinctive is that it brings together the watershed work of classical and contemporary male and female black and white national and international sociologists and social theorists with the express intent of creating critical inventories and thoroughly interrogating what has been included and what has been excluded when we come to W E B Du Bois s contributions to the discipline of sociology Unlike any other anthologies on Du Bois this volume offers an excellent overview of the critical commentary on arguably one of the most imaginative and innovative perceptive and prolific founders of the discipline of sociology It will therefore be of interest to scholars and students not just in sociology but also Africana studies American studies cultural studies ethnic studies gender studies and postcolonial studies as well as traditional disciplines such as history philosophy political science economics education and religion *The Derrick Bell Reader* Derrick Bell,2005-08 An

Feminist Perspectives on Law and Theory Janice Richardson,Ralph Sandland,2013-03-04 This collection of essays on feminist legal theory therefore provides an interdisciplinary approach drawn not only from law and philosophy but also from cultural and womens studies **Gendered Futures in Higher Education** Becky Ropers-Huilman,2012-02-01 This volume addresses the ways in which gender takes shape in and is shaped by higher education environments Focusing on historical knowledge and contemporary experience the contributors identify several key gender issues affecting students faculty and leaders in higher education They examine such diverse topics as what lessons women s colleges have to offer violence on campus women faculty and part time employment and intersecting identities of race and gender and they apply critical

perspectives to suggest needed change While they may not agree on the necessary strategies to improve higher education environments they do agree that those environments are currently deeply and problematically gendered

Difference and Discrimination in Psychotherapy and Counselling Sue Marshall, 2004-06-22 Prejudice is for good or ill a part of our nature It is instilled in us from birth onwards All we can hope to do is to combat it and the first tool in our armoury must be that of awareness Without this it is very difficult perhaps impossible for the psychotherapist or counsellor to explore how it might be influencing the psychotherapy relationship Sue Marshall has in this book performed a valuable task in that direction and has done in it very cogently in a most difficult area I applaud her Joe Sinclair Nurturing Potential Difference prejudice and discrimination are issues which all counsellors and psychotherapists need to address as part of their personal and professional development Designed to support training on these complex issues Difference Discrimination in Counselling Psychotherapy helps therapists understand the experience of discrimination as well as explore their own often unconscious attitudes to others based on gender sexuality race culture or mental health For most therapists an attitude of acceptance and non judgmentalism is fundamental to their view of practice However in seeking to be non judgmental therapists may run the risk of concealing their own prejudices It is only by facing up to these attitudes and exploring them that therapists are able to fully relate to their clients and help them effectively Synthesising sociological knowledge with her experience of a practitioner Sue Marshall powerfully demonstrates both the importance and the practicalities of developing awareness about difference Difference Discrimination in Counselling Psychotherapy offers a straightforward approach to some of the most difficult issues relating to practice making it an ideal text for use in training and for qualified therapists continuing their professional development

Silencing the Queen Tal Ilan, 2006 Tal Ilan explores the way historical documents from antiquity are reworked and edited in a long process that ends in silencing the women originally mentioned in them Many methods are used to produce this end result elimination of women or their words denigration of the women and their role or unification of several significant women into one These methods and others are illuminated in this book as it uses the example of the Jewish queen Shelamzion Alexandra 76 67 BCE for its starting point Queen Shelamzion was the only legitimate Jewish queen in history Yet all the documents in which she is mentioned Josephus Qumran scrolls rabbinic literature etc have been reworked so as to minimize her significance and distort the picture we may receive of her Tal Ilan follows the ways this was done and in doing so she encounters similar patterns in which other Jewish women in antiquity were silenced censored and edited out
