**Donald E. Abelson**

## **Reconstructive Critics Think In Tanks In Post Soviet Bloc Democracies:**

**Reconstructive Critics** Raymond J. Struyk, 1999 Struyk an analyst of housing policy and finance and community development with the Urban Institute was inspired for this account by Russian and Hungarian think tanks he worked with in 1990 and 1991 as well as efforts to create or restructure such bodies in the west He draws on interviews with people from think tanks and policy makers in Armenia Bulgaria Hungary and the Russian Federation and with representatives of the donor community both in those countries and elsewhere Annotation copyrighted by Book News Inc Portland OR [Banking on Knowledge](#) Diane Stone, 2003-09-02 Banking on Knowledge is one of the first studies of how the World Bank is reinventing itself as the Knowledge Bank The book addresses how international organizations and governments are developing partnerships with think tanks research institutes and other knowledge institutions in the hope of informing and improving policies for reform and development around the world The book focuses on the recently established Global Development Network GDN The GDN is a new and ambitious initiative sponsored by the World Bank which is possibly the largest worldwide non governmental enterprise aimed at producing knowledge as a public good on a global scale Timely original and provocative this book is essential reading for students researchers policy makers and professionals with an interest in the future of the World Bank the strategies of think tanks and the changing nature of development **How Think Tanks**

**Shape Social Development Policies** James G. McGann, Anna Viden, Jillian Rafferty, 2014-05-27 Across the globe there are more than four thousand policy institutes or think tanks that research or advocate for economic and social development Yet the relationship between these organizations and the policies they influence is not well understood How Think Tanks Shape Social Development Policies examines case studies drawn from a range of political and economic systems worldwide to provide a detailed understanding of how think tanks can have an impact on issues such as education policy infrastructure environment and sustainable development economic reform poverty alleviation agricultural and land development and social policy Each chapter provides an overview of the approaches and organizational structures of specific think tanks as well as the political economic and social opportunities and the challenges of the environments in which they operate The contributors study the stages of innovative think tank aided strategies implemented in highly industrialized world powers like the United States and Russia emerging countries such as China India Brazil and South Korea and developing nations that include Ethiopia Kenya and Tanzania Accompanied by an extensive introduction to contextualize the history and theory of policy institutes this comprehensive comparison of policy success stories will be instructive and transferable to other think tanks around the globe Contributors Assefa Admassie Celso Castro Kristina Costa Francisco Cravioto Marek Dabrowski Matt Dann He Fan Rajeev Gowda Oh Seok Hyun Christian Koch Jitinder Kohli R Andreas Kraemer Elena Lazarou William Lyakurwa Ashwin Mahesh Florencia Mezzadra Partha Mukhopadhyay Mcebisi Ndletyana Sridhar Pabbisetty Miguel Pulido Marco Aurelio Ruediger Mar a Bel n S nchez Dmitri Trenin Samuel Wangwe Vanesa Weyrauch Maria Monica Wihardja

Rebecca Winthrop Wang Xiaoyi      **Think Tank Traditions** Diane Stone, Andrew Denham, 2004-06-19 Think tank traditions is a follow up to the critically acclaimed monograph *Think Tanks across Nations* Manchester University Press 1998 edited by the same authors which was widely acknowledged as a ground breaking work in the comparative study of think tanks The book looks at the historical role and contemporary significance of think tanks in the West including Europe the United States and Canada as well as considering their activities in China Eastern Europe and Argentina In so doing the book provides a broad based and in depth analysis of the role of think tanks in the processes of economic liberalization and democratization

**Do Think Tanks Matter?** Donald E. Abelson, 2009 Assessing the evolution and influence of public policy institutes

*Do Think Tanks Matter?, Second Edition* Donald E. Abelson, 2009-09-01 It is often assumed that think tanks carry enormous weight with lawmakers In *Do Think Tanks Matter* Donald Abelson argues that the basic question of how think tanks have evolved and under what conditions they can and do have an effect is consistently ignored Think tank directors often credit their institutes with influencing major policy debates and government legislation and many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process Abelson goes beyond assumptions identifying the influence and relevance of public policy institutes in today s political arena in the United States where they ve become an integral feature of the political landscape and in Canada where despite recent growth in numbers they enjoy less prominence than their US counterparts By focusing on the policy cycle issue articulation policy formation and implementation Abelson argues that individual think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision makers but often in different ways and at different stages of the policy cycle This revised and updated edition of the book includes up to date data 2000-08 on the growing visibility and policy relevance of think tanks in Canada and the United States

*Do Think Tanks Matter?, First Edition* Donald E. Abelson, 2002-03-08 *Do Think Tanks Matter* evaluates the influence and relevance of public policy institutes in today s political arena Many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process This perception has been reinforced by directors of think tanks who often credit their institutes with influencing major policy debates and government legislation Yet the basic question of how and in what way they influence public policy has Donald Abelson contends frequently been ignored Abelson studies the experiences of think tanks in the United States where they have become an integral feature of the political landscape and in Canada where their numbers have grown considerably in recent years but where compared to their U S counterparts they enjoy less prominence in policy making By focusing on the policy cycle issue articulation that is getting issues on the political agenda and policy formation and implementation actually affecting the outcome of policies already on the political agenda he argues that think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision

makers but often in different ways and at different stages of the policy cycle      The Oxford Handbook of Illiberalism Marlène Laruelle,2024 From the rise of populist leaders and the threat of democratic backsliding to polarizing culture wars and the return of great power competition the backlash against the political economic and social liberalism is increasingly labeled illiberal Yet despite the increasing importance of these phenomena scholars still lack a firm grasp on illiberalism as a conceptual tool for understanding societal transformations The Oxford Handbook of Illiberalism addresses this gap by establishing a theoretical foundation for the study of illiberalism and showcasing state of the art research on this phenomenon in its varied scripts political economic cultural and geopolitical Bringing together the expertise of dozens of scholars the Oxford Handbook of Illiberalism offers a thorough overview that characterizes the current state of the field and charts a path forward for future scholarship on this critical and quickly developing concept      Think Tanks and Civil Societies R. Weaver,2017-09-29 Government and individual policymakers throughout the developed and developing world face the common problem of bringing expert knowledge to bear in government decision making Policymakers need understandable reliable accessible and useful information about the societies they govern They also need to know how current policies are working as well as possible alternatives and their likely costs and consequences This expanding need has fostered the growth of independent public policy research organizations commonly known as think tanks Think Tanks and Civil Societies analyzes their growth scope and constraints while providing institutional profiles of such organizations in every region of the world Beginning with North America contributors analyze think tank development past and future consider their relationship to the general political culture and provide detailed looks at such examples as the Heritage Foundation and the Institute for Research on Public Policy A historical and subregional overview of think tanks throughout Europe notes the emphasis on European Union issues and points to a dramatic rise in the number and influence of free market institutes across the continent Think tanks in Germany Spain and France are profiled with respect to national politics and cultures Advanced industrial nations of northern Asia are compared and contrasted revealing a greater need for independent policy voices Moving to countries undergoing economic transition contributors deal with challenges posed in Russia and the former Soviet bloc and their think tanks search for influence independence and sustainability Other chapters deal with the developing countries of Africa Asia the Middle East and Latin America finding that the number quality and independence of think tanks is largely determined by the degree of democracy in individual nations      Capitol Idea Donald E. Abelson,2006-08-14 Abelson focuses on a host of high profile think tanks including the Brookings Institution the Heritage Foundation and the Project for the New American Century and on the public and private channels they rely on to influence important and controversial foreign policies including the development and possible deployment of a National Missile Defense and George Bush s controversial war on terror In the process of uncovering how some of the nation s most prominent think tanks have established themselves as key players in the political arena he challenges traditional approaches

to assessing policy influence and suggests alternative models

**The Policy-Making Process and Social Learning in Russia** Marina Khmelnitskaya, 2016-04-29 Centering its study around three explanatory variables actors institutions and ideas this book argues that Russia's hybrid institutional environment reduces the competition of policy ideas both at the stage of policy elaboration by the community of state and non state policy experts and also at the stage of policy adoption by parliament

**Handbook on Think Tanks in Public Policy** Donald E. Abelson, Christopher J. Rastrick, 2021-03-26 This important Handbook is a comprehensive guide to the role function and perceived impact of policy research oriented institutions in North America Europe and beyond Over 20 international scholars explore the diverse and eclectic world of think tanks to reveal their structure governance and unique position in occupying a critical space on the public policy landscape

**Improving Think Tank Management** Raymond Struyk, 2015-05-05 Improving Think Tank Management Practical Guidance for Think Tanks Research Advocacy NGOs and Their Funders demonstrates better management is possible cost effective and rewarding for leaders and funders of think tanks The book contains contemporary and actionable best practices case studies templates and strategies used by real organizations to improve management In this comprehensive guide Raymond Struyk encourages think tank managers to make improvements to increase efficiency and guides them through lowering the costs of making those improvements The examples shared confront specific issues managers often experience such as difficulty motivating staff controlling project costs assisting project leaders and becoming more efficient with fundraising

**Making Global Knowledge in Local Contexts** Katarzyna Kaczmarska, 2020-04-08 This book draws on extensive ethnographic research undertaken in Russia to show how the wider sociopolitical context the political system relationship between the state and academia as well as the contours of the public debate shapes knowledge about international politics and influences scholars engagement with the policy world Combining an in depth study of the International Relations discipline in Russia with a robust methodological framework the book demonstrates that context not only bears on epistemic and disciplinary practices but also conditions scholars engagement with the wider public and policymakers This original study lends robust sociological foundations to the debate about knowledge in International Relations and the social sciences more broadly In particular the book questions contemporary thinking about the relationship between knowledge and politics by situating the university within rather than abstracting it from the political setting The monograph benefits from a comprehensive engagement with Russian language literature in the Sociology of Knowledge and critical reading of International Relations scholarship published in Russia This text will be of interest to scholars and students in International Relations Russian and Post Soviet Studies the Sociology of Knowledge Science and Technology Studies and Higher Education Studies It will appeal to those researching the knowledge policy nexus and knowledge production practices

**Power and Purpose** James M. Goldgeier, Michael McFaul, 2003-10-29 Russia once seen as America's greatest adversary is now viewed by the United States as a potential partner This book traces the evolution of American foreign policy toward

the Soviet Union and later Russia during the tumultuous and uncertain period following the end of the cold war It examines how American policymakers particularly in the executive branch coped with the opportunities and challenges presented by the new Russia Drawing on extensive interviews with senior U S and Russian officials the authors explain George H W Bush s response to the dramatic coup of August 1991 and the Soviet breakup several months later examine Bill Clinton s efforts to assist Russia s transformation and integration and analyze George W Bush s policy toward Russia as September 11 and the war in Iraq transformed international politics Throughout the book focuses on the benefits and perils of America s efforts to promote democracy and markets in Russia as well as reorient Russia from security threat to security ally Understanding how three U S administrations dealt with these critical policy questions is vital in assessing not only America s Russia policy but also efforts that might help to transform and integrate other former adversaries in the future

**The Handbook of Political Sociology** Thomas Janoski, Robert R. Alford, Alexander M. Hicks, Mildred A. Schwartz, 2005-05-23 This Handbook provides a complete survey of the vibrant field of political sociology Part I explores the theories of political sociology Part II focuses on the formation transitions and regime structure of the state Part III takes up various aspects of the state that respond to pressures from civil society

**Joseph Stiglitz and the World Bank** Joseph E. Stiglitz, 2001 In controversial speeches made around the world Stiglitz has undone the conventional wisdom that dominated policy making at the World Bank the International Monetary Fund and the US Treasury Department For the first time Stiglitz s nine most revealing speeches have been gathered together covering such topics as the failure of shock therapy and transition economics the limits of capital market liberalization the myopia of the Washington consensus the role of knowledge in markets the process of developing market institutions and the primacy of openness and worker participation A landmark collection of material for economists everywhere

Autocratic and Democratic External Influences in Post-Soviet Eurasia Anastassia Obydenkova, Alexander Libman, 2016-03-09 As the Ukrainian Crisis shows both political regimes and national borders in Eurasia are still in a state of flux Bringing together literatures on the external influences of democratization the post Soviet space and support for autocracy Autocratic and Democratic External influences in Post Soviet Eurasia provides a comprehensive overview of the interaction of domestic and international politics during times of regime transition Demonstrating the interplay of these forces the book explores the rich variation in motives and channels of autocratic and democratic influences International scholars consider two channels of external influence on regime transition the role of supranational organizations established by non democracies and the role of non governmental organizations and through a set of carefully chosen case studies offer a new theoretical discussion on the phenomenon of multi level regime transition

*Non-State Actors in World Politics* D. Josselin, W. Wallace, 2001-10-29 The involvement of non state actors in world politics can hardly be characterised as novel but intensifying economic and social exchange and the emergence of new modes of international governance have given them much greater visibility and many would argue a more central role Non state

Actors in World Politics offers analyses of a diverse range of economic social legal and illegal old and new actors such as the Catholic Church trade unions diasporas religious movements transnational corporations and organised crime

Think-Tanks, Social Democracy and Social Policy H. Pautz, 2012-03-13 An analysis of think tanks in Britain and Germany and their role in the re making of the British Labour party and Germany's Social Democrats as Third Way parties The part that think tanks played in the creation of the the workfare state in the 1990s and 2000s is also explored in this book
