**Contemporary Spiritualities** Stefania Palmisano, Nicola Pannofino, 2020-11-01 Contemporary alternative spirituality as studied by sociologists is usually seen as a recent phenomenon dating from the 1960s and 1970s However when viewed from a longer term perspective this form of religious expression is actually seen to reintroduce concepts that recur throughout Western cultural history This book argues therefore that spirituality in the 21st Century actually shares many of the same characteristics as Classical Mediaeval Renaissance and Modern spiritualities It is neither entirely new nor is it clearly alternative to more established religions The book is divided into two parts The first sets out the context in which contemporary alternative spirituality has formed charting its development as an academic term and a social phenomenon The second part looks at how these two elements have developed in countries that are historically Catholic focussing on specific examples in contemporary Italy spiritualities based on the sacralisation of nature those concerned with health and wellbeing and those which are fascinated by mystery Catholic majority countries are particularly interesting in this instance as the Catholic Church has a unique cultural hegemony with which to compare alternative spiritual practices It concludes that spirituality if framed in a longer historical perspective is a way of acting and seeing the world which was built and continues to be built upon complex relations with various contradictory sources of authority such as religion magic thinking secularism rationalism various spheres of lay

culture This is a bold take on the spirituality milieu and as such will be of great interest to scholars of Religious Studies working on the sociology of religion contemporary spirituality and the rise of the spiritual but not religious *Flow* Samantha Redgrave, 2025-01-14 Through sacred rituals wellness hacks and self care practices you can optimize your wellbeing physically emotionally and spiritually and feel rooted in your inner sovereignty Find your flow with self care that taps into your natural rhythms We are dynamic and ever changing beings Seasons change the moon waxes and wanes the womb flows and we move from Maiden to Mother to Wild Woman to Crone This highly practical guide is your invitation to listen to the wisdom of your natural cycles through self care practices rituals and tried and tested actionable tips including chakra healing candle ceremonies food medicine and kitchen witchcraft rewilding sex tips intention planting creative prompts incantations seasonal crafts shadow work relationship insights stress relief meditations lunar spells hormonal advice and so much more Step into your flow aligning the four sacred wheels and discover a new depth of self compassion resilience empowerment and joy *A Timeless Birth* Kat Villain, Ignite your innate womb wisdom by optimizing your mind body and soul in preparation for childbirth Liberate your intuition and take the passage of motherhood into your own hands with practical and accessible tools for radiant health *A Timeless Birth* provides a comprehensive holistic approach to creating the conditions for a graceful pregnancy empowered birth and regenerative postpartum experience It covers feminine health menstruation preconception pregnancy and the postpartum period and includes natural ways to enhance fertility scientific information about the body's systems and chemical elements nutritional guidance with an emphasis on traditional unprocessed diets recipes for plant based medicines and potions yoga poses for wellness from preconception through pregnancy and beyond mindfulness and meditation guidance to align the body and mind Taoist healing practices ways to nurture your relationship with your partner during the transition to parenthood With personal notes from Kat Villain to her daughter and informed guidance on a range of holistic health practices *A Timeless Birth* is a comprehensive account of the transformative experience of pregnancy birth and early motherhood *Soul to Sisterhood* Jamie Day, 2021-12-09 *Soul to Sisterhood* is an invitation for readers to fall in love or deeper in love with themselves their lives and their relationships With 36 autobiographic stories 108 universal themes for self reflection and 180 experiential activities this book offers hundreds of transformational opportunities that can be done individually or shared with friends and family Readers can step into their cyclical Lunar Wisdom get to know themselves better by connecting to their Chakras and raise the vibe of their relationships with playful practices all while remembering the timeless yet potent wisdom that they are not alone The women featured in these pages hold up the mirror for readers to reclaim and reignite their passions purpose and desires The engaging Sacred Play Suggestions open the doors of replenishment and rejuvenation The Themes support readers as they release unwanted patterns and old belief systems This book is a must have for women interested in recreating and reviving their connection to empowerment oneness and their Higher Self *Soul to Sisterhood* is about extraordinary women triumphing over extraordinary
