Randy Lerch, 2019-08-16 God in the Bullpen How else would one describe the One who rescued a major league pitcher Many professional athletes have experimented with drugs When I was told by a respected veteran that I would never make it in the major leagues without amphetamines I trusted him and took them They gave me a feeling of invincibility but they hurt my performance Soon the greenies became a habit and eventually I washed them down with alcohol Of course that became a habit too Eventually addiction led to failed rehabilitation efforts and an automobile accident while driving impaired that nearly took my life When I reached the lowest point ever the ultimate relief pitcher God came from the bullpen and saved my life I was later diagnosed with cirrhosis My liver was incurably damaged by the alcohol With His help I am battling this but only God can know how much time I have left I want to tell my story to help others avoid the pitfalls that brought me to a time of despair I also want to tell you that the LORD can help you if you will give your life to Him and He will give you eternal life in Heaven *Nobody Rides for Free* Bonanza D. Jones, 2014-02-12 From the late 1970s through the mid 1980s I was an American hitchhiker I hitched across the entire United States and back twice Once I made it from Portland Oregon to Baltimore Maryland in four and a half days On another trip I hitched from Birmingham Alabama to Baltimore in twenty hours

I hitched down the East Coast and up the West Coast I rode across Nebraska in the back of a pickup truck with a driver who wouldn't stop for anything and spent the night in a school bus in Bodega Bay California I endured a continuous stream of homosexual advances from drivers in the Bay Area and was terrified by a pack of wild dogs while squatting on Crow Indian land I hopped a freight train in Portland Oregon and spent the night under the famous Space Needle in Seattle Washington I almost got busted in Montana for smoking pot out of an empty beer can and was hassled by cops in New Orleans and Texas I narrowly escaped injury at the hands of commercial fishermen in Boston who caught me sleeping in their boat and had the bejesus scared out of me by a sixty five year old Massachusetts woman who used her 1963 Rambler as an offensive weapon I met a bunch of gay guys truck drivers stoners petty thieves ex cons heavily armed rednecks and some very nice people too I was a lot younger then but I wouldn't trade those experiences for the world You hardly ever see hitchhikers anymore but a few years ago we were everywhere But before I launch into my story a brief history lesson is in order **Ride a Rainbow**

Maxine Hart, 2003-11 *Women, Horse Sports and Liberation* Erica Munkwitz, 2021-07-13 Shortlisted for the 2022 Lord Aberdare Literary Prize This book is the first full length scholarly examination of British women's involvement in equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender class sport and national identity in Britain and its Empire It argues that women's participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt from chimney sweep to courtesan Furthermore women's involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire Here British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men thus gaining complete equality on horseback Yet female equestrians did not seek further emancipation in the form of political rights This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries This is fascinating reading for scholars of sports history women's history British history and imperial history as well as those interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all equestrian enthusiasts **Recycling Red Riding Hood** Sandra L. Human-Horse Relations and the Ethics of Knowing Rosalie Jones McVey, 2023-03-31 This book explores how equestrians are highly invested in the idea of profound connection between horse and human and focuses on the ethical problem of knowing horses. In describing how true connection with horses matters, Rosalie Jones McVey investigates what sort of thing comes to count as a good relationship and how riders work to get there. Drawing on fieldwork in the British horse world, she illuminates the ways in which equestrian culture instills the idea that horse people should know their horses better. Using horsemanship as one exemplary instance where truth holds ethical traction, the book demonstrates the importance of epistemology in late modern ethical life. It also raises the question of whether and how the concept of truth should matter to multispecies ethnographers in their ethnographic representations of animals.

Coal Black Horse Robert Olmstead, 2025-05-01 When Robey Childs's mother has a premonition about her husband, a soldier fighting in the Civil War, she does the unthinkable: she sends her only child to find his father on the battlefield and bring him home. At fourteen, wearing the coat his mother sewed to ensure his safety—blue on one side, gray on the other—Robey thinks he's off on a great adventure. But not far from home, his horse falters, and he realizes the enormity of his task. It takes the gift of a powerful and noble coal black horse to show him how to undertake the most important journey of his life with boldness, bravery, and self-possession. *Coal Black Horse* joins the pantheon of great war novels: *All Quiet on the Western Front*, *The Red Badge of Courage*, *The Naked and the Dead*.
