Magic Prism An Essay In The Philosophy Of Language:

The Magic Prism Howard Wettstein, 2004-04-01 The late 20th century saw great movement in the philosophy of language often critical of the fathers of the subject Gottlieb Frege and Bertrand Russell but sometimes supportive of or even defensive about the work of the fathers Howard Wettstein's sympathies lie with the critics But he says that they have often misconceived their critical project treating it in ways that are technically focused and that miss the deeper implications of their revolutionary challenge Wettstein argues that Wittgenstein a figure with whom the critics of Frege and Russell are typically unsympathetic laid the foundation for much of what is really revolutionary in this late 20th century movement The subject itself should be of great interest since philosophy of language has functioned as a kind of foundation for much of 20th century philosophy But in fact it remains a subject for specialists since the ideas are difficult and the mode of presentation is often fairly technical In this book Wettstein brings the non specialist into the conversation especially in early chapters he also reconceives the debate in a way that avoids technical formulation *The Magic Prism* is intended for professional philosophers graduate students and upper division undergraduates **Magic Prism, The**, Reflecting the Mind Eros

Corazza, 2004-09-30 This volume presents a fascinating investigation of the role that indexicals play in our thought Indexicality is crucial to the understanding of such puzzling issues as the nature of the self the nature of perception social interaction psychological pathologies and psychological development Historical Dictionary of Wittgenstein's Philosophy Duncan Richter, 2014-04-04 Ludwig Wittgenstein was the most influential and arguably the greatest philosopher of the 20th century This fact about his influence is not only a matter of how much he influenced people but also of how many people he influenced His early work was taken up by some of the pioneers of analytical philosophy His later work helped spawn another movement within analytic philosophy that of ordinary language philosophy sometimes called Oxford philosophy He is also considered by some to be a key postmodern thinker and an interest in his work is a distinguishing feature of many post analytical philosophers who seek to bridge the gap between analytical and so called continental philosophy This second edition of *Historical Dictionary of Wittgenstein's Philosophy* covers the history of this philosophy through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on every aspect of his work This book is an excellent access point for students researchers and anyone wanting to know more about Wittgenstein's philosophy **The Cambridge Handbook of the Philosophy of Language** Piotr Stalmaszczyk, 2021-12-02

A comprehensive guide to contemporary investigations into the relationship between language philosophy and linguistics

Wittgenstein and Beyond Christoph C. Pfisterer, Nicole Rathgeb, Eva Schmidt, 2022-10-28 This volume celebrates the work of Hans Johann Glock a philosopher renowned for both his exegesis of Wittgenstein and his many contributions to debates in contemporary philosophy It brings together 16 new essays by up and coming and distinguished philosophers engaging with Glock's work and it concludes with a *Reflections and Replies* chapter in which Glock responds to his interlocutors Glock's

distinctive philosophical voice features a rare combination of a Wittgenstein inspired approach with a willingness to break away from Wittgenstein to tackle problems in an open minded way The broad selection of essays included in this volume reflects Glock s wide ranging philosophical interests and demonstrates the potential of applying Wittgensteinian insights to advance current systematic debates in philosophy The chapters discuss Wittgenstein s philosophy metaphilosophy truth and language animal minds and agency and reasons and normativity Wittgenstein and Beyond will appeal to scholars and advanced students working on Wittgenstein metaphilosophy philosophy of mind and philosophy of language *Philosophy of Dance* Peter A. French,Howard K. Wettstein,Patrick Londen,2020-01-21 This volume brings together new work in the philosophy of dance for a general philosophical audience Scholars working across the fields of philosophy dance studies and related areas explore the nature of dance as a practice and an artform This collection of essays covers topics such as the experience of dancing the nature and appreciation of dance artworks and the distinctive contribution of dance to philosophical understanding *The Routledge Handbook of Propositions* Chris Tillman,Adam Murray,2022-09-30 Propositions are routinely invoked by philosophers linguists logicians and other theorists engaged in the study of meaning communication and the mind To investigate the nature of propositions is to investigate the very nature of our connection to each other and to the world around us As one of the only volumes of its kind The Routledge Handbook of Propositions provides a comprehensive overview of the philosophy of propositions from both historical and contemporary perspectives Comprising 33 original chapters by an international team of scholars the volume addresses both traditional and emerging questions concerning the nature of propositions and our capacity to engage with them in thought and in communication The chapters are clearly organized into the following three sections I Foundational Issues in the Theory of Propositions II Historical Theories of Propositions III Contemporary Theories of Propositions Essential reading for philosophers of language and mind and for those working in neighboring areas The Routledge Handbook of Propositions is suitable for upper level undergraduate study as well as graduate and professional research *Jewish Law as Rebellion* Nathan Lopes Cardozo,2019-04-29 Jewish Law as Rebellion is unconventional and controversial in its approach to the world of Jewish Law and its response to religious crises The book delves into the contemporary application and development of halacha and pointedly protests many accepted methods and ideals offering new solutions to existing halachic dilemmas Rabbi Cardozo discusses hot topics such as same sex marriage conversion and religion in the State of Israel and presents a critical analysis and explanation of the application of halacha **The Historical Turn in Analytic Philosophy** E. Reck,2013-03-27 During the last 25 years a large number of publications on the history of analytic philosophy have appeared significantly more than in the preceding period As most of these works are by analytically trained authors it is tempting to speak of a historical turn in analytic philosophy The present volume constitutes both a contribution to this body of work and a reflection on what is or might be achieved in it The twelve new essays by an international group of contributors range from case studies on individual

philosophers Russell Carnap Quine and Ryle through discussions of broader themes in the history of analytic philosophy in logic and philosophy of language philosophy of mathematics epistemology philosophy of mind and psychology to related methodological reflections on the relationship between doing analytic philosophy and studying the history of philosophy on various forms of philosophical history and on their respective benefits
