The Political Force of Musical Beauty Barry Shank, 2014-03-17 In The Political Force of Musical Beauty Barry Shank shows how musical acts and performances generate their own aesthetic and political force creating however fleetingly a shared sense of the world among otherwise diverse listeners Rather than focusing on the ways in which music enables the circulation of political messages he argues that communities grounded in the act and experience of listening can give rise to new political ideas and expression Analyzing a wide range of beautiful music within popular and avant garde genres including the Japanese traditions in the music of Takemitsu Toru and Yoko Ono the drone of the Velvet Underground and the insistence of hardcore punk and Riot grrrl post punk Shank finds that when it fulfills the promise of combining sonic and lyrical differences into a cohesive whole musical beauty has the power to reorganize the basis of social relations and produce communities that recognize meaningful difference

Good Music John J. Sheinbaum, 2018-11-29 Over the past two centuries Western culture has largely valorized a particular kind of good music highly serious wondrously deep stylistically authentic heroically created and strikingly original and at the same time has marginalized music that does not live up to those ideals In Good Music John J Sheinbaum explores these traditional models for valuing music By engaging examples such as Handel oratorios Beethoven and Mahler symphonies jazz improvisations Bruce Springsteen and prog rock he argues that metaphors of perfection do justice to neither the perceived strengths nor the assumed weaknesses of the music in question Instead he proposes an alternative model of appreciation where abstract notions of virtue need not dictate our understanding

Good music can with pride be playful rather than serious diverse rather than unified engaging to both body and mind in dialogue with manifold styles and genres and collaborative to the core We can widen the scope of what music we value and reconsider the conventional rituals surrounding it while retaining the joys of making music listening closely and caring passionately
