Marriage & Family: The Missing Dimension United Church of God, 2010-10-20 The joy of a happy marriage blessed with loving respectful children is a dream of most men and women Traditionally marriage has been an exclusive bond between a man and a woman Yet in recent years this pattern has been changing Looking at the state of marriage today leaves no doubt that the institution is under serious attack A crisis in child rearing has developed in part because of the crisis in marriages So what are the keys to a happy successful marriage and family Inside this booklet Marriage and Family The Spiritual Significance God's Instruction Manual for Marriage Dating Dos and Don'ts Divorce Proof Your Marriage Our Children Gifts of God in a Hostile Environment Bringing Up a Moral Child A Foretaste of Tomorrow **Theorizing Sexuality** Stevi Jackson, Sue Scott, 2010-03-16 This book surveys and evaluates the sociological contribution to the study of sexuality It not only maps major theoretical shifts and debates but also offers a unique examination of the topic that emphasises the sociality of sexuality In particular it considers the institutional biographical and interactional contexts of our sexual lives as well as the cultural significance and everyday practice of sexuality The authors contest not only popular understandings of sexuality as natural but also psychoanalytic explanations and forms of analysis that privilege the cultural construction of sexuality over its everyday social accomplishment In particular they challenge the specialness of sexuality within contemporary culture arguing that sexuality is better understood as a routine part of everyday social life The book

confronts the anxieties associated with sexuality in the late modern western world and engages with wider debates on social transformations in late modernity As such it provides both an overview of the field of sexuality as well as setting a new agenda for debating the topic Theorizing Sexuality is key reading for students researchers and academics interested in theories of sexuality gender and intimacy and anyone concerned with the social conditions that inform our sexual identities
